FOREWORD

This 1955 Year Book of the Christian Churches and their Agencies is made available through the office of The International Convention of Disciples of Christ. Splendid cooperation was received from State and Provincial Secretaries, National Boards, ministers and church secretaries. These and others have joined to make possible this comprehensive volume of the activities of our religious group known in government statistics as Disciples of Christ.

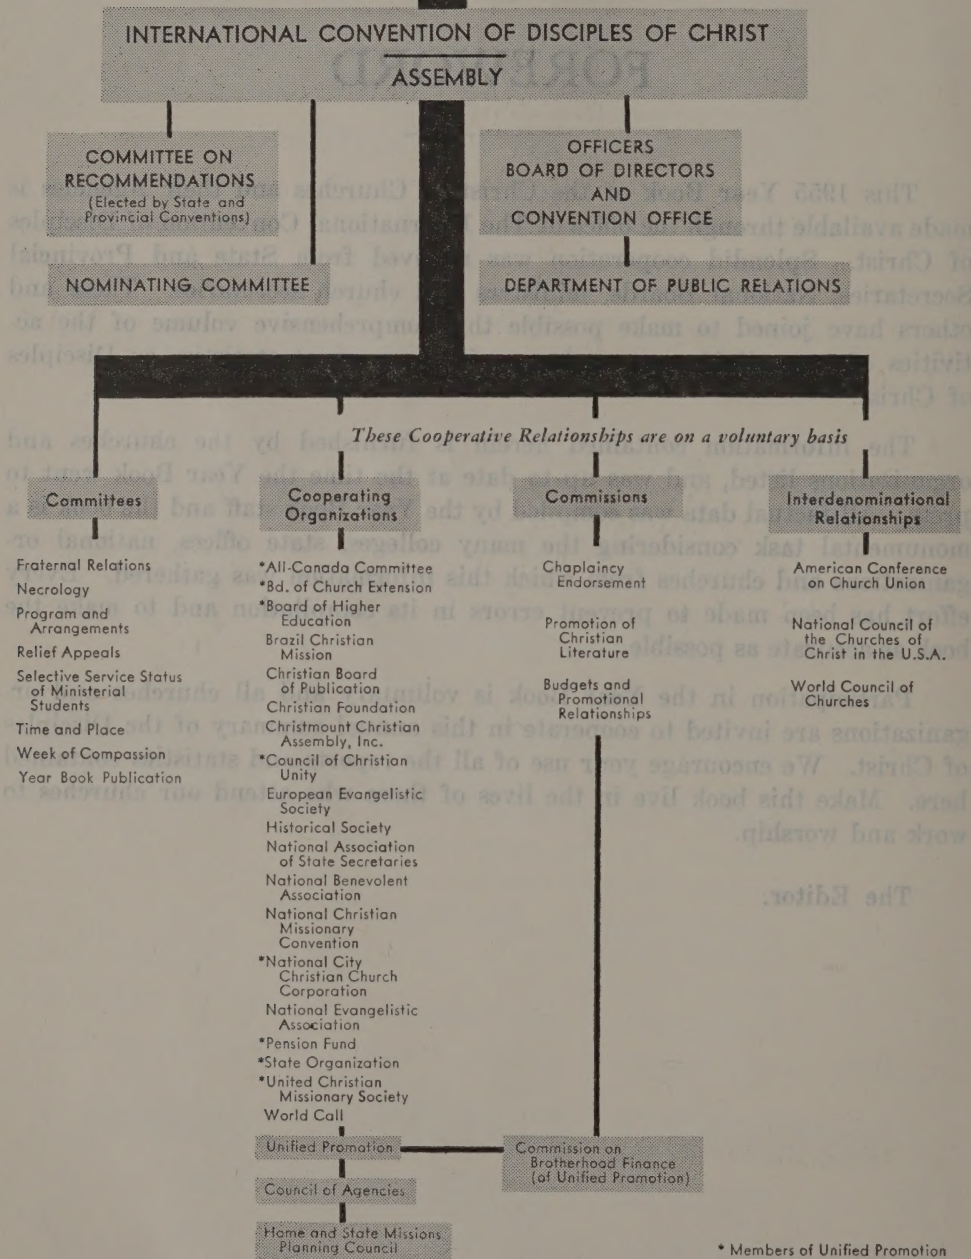

The information contained herein is furnished by the churches and organizations listed, and was up to date at the time the Year Book went to press. All factual data was compiled by the Year Book staff and the book is a monumental task considering the many colleges, state offices, national organizations and churches from which this information was gathered. Every effort has been made to prevent errors in its compilation and to make the book as accurate as possible.

Participation in the Year Book is voluntary and all churches and organizations are invited to cooperate in this annual summary of the Disciples of Christ. We encourage your use of all the reports and statistics contained here. Make this book live in the lives of those who attend our churches to work and worship.

The Editor.

Disciples of Christ (Christian Churches)

A DIAGRAM OF THE BEGINNINGS AND DEVELOPMENT

100 Questions Asked by the Inquisitive Church Members

General Questions on Disciples of Christ

1. Q. What is the source of information for statistics in the Year Book?
A. The Secretary, Treasurer, or some designated person of each local church submits a statistical report blank by August 15 of each year. The financial and other information provided by these reports is supplemented with information received direct from organizations and state and national agencies. The information is placed in book form by the staff of the International Convention in cooperation with your State Offices.
2. Q. What is our total church membership for United States and Canada (resident and non-resident)?
A. 1,905,835 in 8,031 churches.
3. Q. What is the total Church School enrollment in the United States and Canada?
A. 1,253,201 (compared to 1,221,698 previous year).
4. Q. What is the total baptisms reported for United States and Canada?
A. 59,859.
5. Q. What is the total giving to others credited to churches?

7. Q. What is the total giving credited to churches for all causes (including local expense and missionary)?
A. \$63,885,773.55 compared with \$60,282,477.20 in 1954.
8. Q. How much short of the tithe was Disciples of Christ giving last year?
A. Our giving, based on reporting churches, was about $\frac{1}{4}$ of a tithe of 10%.
9. Q. What states report the largest church membership?
A. (1) Indiana
(2) Missouri
(3) Illinois
(4) Ohio
(5) Kentucky
10. Q. What states have the largest number of churches; largest number of baptisms; largest number of additions?
A.

Churches	Baptisms	Additions
(1) Missouri	(1) Indiana	(1) Texas
(2) Kentucky	(2) Missouri	(2) Missouri
(3) Indiana	(3) Oklahoma	(3) Oklahoma
11. Q. What is our per capita giving for the reporting membership? (Some churches have not reported membership or giving.)
A. \$ 6.88 for missions.
\$43.98 for local expense.
12. Q. In what areas around the world are there organized churches who affiliate with the Disciples of Christ?
A. Twenty-three areas—Argentina, Australia, Belgian Congo, Brazil, Canada, China, Great Britain, Hawaiian Islands, India, Ireland, Jamaica, Japan, Mexico, New Hebrides, New Zealand, Nyasaland, Paraguay, Philippines, Puerto Rico, Rhodesia, Thailand, Union of South Africa, United States.
13. Q. What is the Home and State Missions Planning Council?
A. It is a voluntary Council composed of competent persons to create plans in church functions indicated by the following committees: Christian Service, Effective Ministry, Evangelism, Local Church Life, Missionary Policy and Strategy, Stewardship, Town and Country Church, Urban Work.

All-Canada Committee

14. Q. What is the All-Canada Committee?

A. It is a continuing fellowship of Disciples of Christ in Canada (eight provinces) to make possible a co-operative program in various areas of Christian Witness and Work. It sponsors an All-Canada Convention once in two years.

15. Q. What are the annual receipts of the All-Canada Committee?

A. In 1954-55 the receipts of the Committee (45 congregations participating) were \$24,469.16.

Board of Church Extension

16. Q. What is the Board of Church Extension?

A. A national agency of the Disciples of Christ which assists churches in all phases of their building program: i.e., selecting building sites, architectural plans (new and remodeling), fund raising, loans and serves as a depository for church building and other funds. It was founded in 1884 and is the oldest national board in point of active continuous existence.

17. Q. What are the resources of the Board?

A. As of the end of 1954—\$8,007,090.51.

18. Q. How many loans have been made from the beginning?

A. 4,644 interest-bearing loans and 161 interest-free loans.

19. Q. How many churches were served by the Board in 1954?

A. 762.

20. Q. In what countries does that Board have loans outstanding?

A. The United States, Canada, Puerto Rico and South Africa.

Board of Higher Education

21. Q. What is the Board of Higher Education?

A. It is an agency of the churches representing the cause of Christian higher education at the national level. Its membership includes ministers, laymen and women, and the heads of Disciples of Christ educational institutions which are members of the Board.

22. Q. What kinds of institutions are members of the Board of Higher Education?

A. Junior colleges for women, liberal arts colleges, universities, seminaries, Bible colleges and chairs, and student work foundations. These institutions are situated in the United States, Canada, Great Britain, Australia, and New Zealand. There are 32 member institutions and 3 associate member institutions (see page 24).

23. Q. What are the concerns of the Board of Higher Education.

A. The Board is concerned with making a good education available to as many Disciples of Christ as possible and, therefore, seeks to aid the churches in their efforts to assist the member institutions and agencies. Among other things it is also interested in the recruitment and education of the ministry.

24. Q. How much does higher education for Disciples of Christ cost and how much of this is borne by the churches?

A. The total budget for higher education is approximately \$15,000,000 annually and over \$10,000,000 in new buildings and other capital assets have been added in the past five years. About 6% of these sums has been contributed by the churches and individual Disciples of Christ. Thus for every dollar given by Disciples, over fifteen other dollars have been derived from other sources.

25. Q. Where are our ministers educated?

A. Over ninety per cent of them are educated in institutions which are members of the Board of Higher Education.

Brazil Christian Mission

26. Q. How is the Brazil Christian Mission supported?

A. Brazil Christian Mission is a "direct support" type mission. Each missionary is financially independent of the others and completely dependent for salary and service support on funds designated specifically for him and sent directly to the mission treasurer.

27. Q. What record is kept of these funds?
 A. Brazil Christian Mission has one Mission Agent and Treasurer (Wm. A. Cook, Guymon, Oklahoma) who receives and forwards funds for all the missionaries. This officer keeps a regularly audited account of all monies received and spent.
28. Q. Who owns the property and materials purchased by the missionaries with funds received through the mission?
 A. Brazil Christian Mission, a non-profit religious organization incorporated under the laws of the states of Oklahoma, U.S.A., and Goias, Brazil. Under the mission constitution, members of the Board of Representatives are also the Trustees.

Christian Board of Publication

29. Q. Who owns the Christian Board of Publication—Foundation, individual, or who?
 A. The charter (1911) states that the affairs of the Board shall be administered by a Board of thirteen Trustees and that funds may be expended only for additions to the plant and equipment, or distributed in dividends for the missionary, benevolent and educational work of the Disciples of Christ. The Christian Board of Publication is actually the property of the Disciples of Christ and it exists for the Brotherhood and for no other reason.
30. Q. Can the Christian Board of Publication be sold?
 A. As the Christian Board of Publication was created as a non-profit publishing house by the State of Missouri, it can only be sold by the authority of the State that chartered it.
31. Q. To whom does the Christian Board of Publication report its activities?
 A. It reports its activities annually through the International Convention Assembly and in the Year Book of Disciples of Christ.
32. Q. Why is the Christian Board of Publication now distributing materials formerly distributed by the Sales Literature Department of The United Christian Missionary Society?
 A. Agreement was reached by both institutions that the best interests of our churches could be served if one institution acted as a distributing agency. Since the primary responsibility of the Christian Board of Publication is to publish, print and distribute literature for the churches of the Disciples of Christ, it was agreed that the distribution of literature could be more efficiently and economically handled by the Christian Board.
33. Q. In the publication and distribution of literature, where does the responsibility of the various agencies producing literature stop and where does the responsibility of the Christian Board of Publication begin?
 A. Agencies of the Disciples of Christ, such as the Curriculum and Program Council, the Home and State Missions Planning Council, Christian Women's Fellowships, and the various departments of The United Christian Missionary Society plan program and curriculum materials. After such programs and materials have been duly approved it becomes the responsibility of the Christian Board of Publication to publish and distribute the same.

Christmount Christian Assembly

34. Q. Where is Christmount?
 A. The location is near Black Mountain, North Carolina, 15 miles east of Asheville. Ten other national and regional church assembly grounds are located in the area. The tract contains 609 acres, a permanent Assembly building, water and sewer systems, roads and housing accommodations for 150 people will be available in 1956. Nine aluminum housing units are being erected.
35. Q. What is the purpose of Christmount?
 A. This Assembly Ground is being developed for an Annual Church Assembly for lay training in churchmanship. Two weeks of program are scheduled for 1956, August 5-11—the General Assembly; August 12-19—Ministers' Conference. Facilities are available for both regional and national meetings.
36. Q. Are there facilities for residences?
 A. Two hundred lots have been laid out on scenic drives, of which fifty have been sold, and there are now five permanent homes on the Grounds.

37. Q. How is Christmount supported?

- A. Sources of income include church budgets, gifts from individuals and the sale of lots. All proceeds from lot sales are used for permanent improvement of the Grounds.

Council of Agencies

38. Q. What is the Council of Agencies?

- A. The Council of Agencies is a cooperative organization composed of representatives of all member agencies of the International Convention and State and National Agencies or institutions affiliated therewith. It was created as the result of action at the International Convention Assembly in San Francisco in 1948 which called for cooperative over-all planning on the part of the agencies. The membership is approximately 85. Its activities consist of mutual planning of a total Brotherhood program and cooperative execution of such program. The Council meets every two years and serves for program clearing, a similar function to Unified Promotion in financial and budget clearance.

Council on Christian Unity

39. Q. What is the Council on Christian Unity?

- A. An association of Disciples of Christ for the promotion of Christian unity, and for ecumenical fellowship and service. Through conferences, lectureships, literature, study and in other ways it enables Disciples to participate in the growing ecumenical movement.

40. Q. Who can belong to it?

- A. Any Disciple of Christ who indicates his sympathy with the purposes of the Council and his desire to further its work may apply for membership in the Council on payment of the minimum annual membership fee of \$2.00.

41. Q. How is its work administered?

- A. Members at annual meetings (held at the time of the Assembly of the International Convention) elect a board of directors which in turn names officers and an executive committee to direct the program. The work is carried on through three departments—Christian Unity, Ecumenical Service, and Ecumenical Study.

42. Q. How is its work coordinated with interests of other agencies?

- A. By membership on its executive committee of the chief executives of the Board of Higher Education, the Committee on Relief Appeals, the International Convention, and the United Christian Missionary Society. Also through committee and departmental consultation.

Disciples of Christ Historical Society

43. Q. What is the Disciples of Christ Historical Society?

- A. A non-opinion-forming service agency engaged solely in the work of locating, collecting, arranging and making available for use the historical materials of the Restoration-Unity Movement from the 19th century beginnings to the present time; founded by the International Convention of Disciples of Christ in 1941, governed by a Board of Directors of fifty-one Disciples.

44. Q. What are some of the services rendered by the Society?

- A. Provides a permanent repository for valuable historical records and materials; an informational service by mail or in person; research study guidance; assistance in the preparation of local, state or area church histories; aid in planning anniversary programs and observances; speakers and exhibits on historical subjects; union catalogue service; limited microfilming service; and issues a monthly periodical, *The Harbinger and Discipliana*.

45. Q. Who uses the facilities of the Society?

- A. Authors, editors, publishers, students, researchers, ministers, laymen, churches, institutions and organizations; anyone seeking factual information about the Disciples of Christ, Christian churches, Churches of Christ, and related groups.

46. Q. Who supports the Society?

- A. Members—individual and group—who pay in annual dues. The Society receives no support from any other source. Membership dues for individuals start as low as \$2.00 annually; for churches, as low as \$10.00 annually. Dues, or contributions, paid to the Society are deductible for income tax purposes.

47. Q. Does the Historical Society have a headquarters building?

A. A new headquarters is now under construction and will be completed and ready for occupancy early in 1957. The \$1,000,000 project is being underwritten by the Phillips family of western Pennsylvania. The new Society home will be the most extensive facility ever erected to house the historical materials of any Protestant communion. It is located in the heart of Nashville's University Center (Vanderbilt University) area. It will provide a permanent center for research study, archives and library space for Society materials, offices and work space for the Society staff, and museum and display areas for public viewing.

International Convention

48. Q. What is the International Convention of Disciples of Christ?

A. A cooperative fellowship of our local churches and their various missionary, educational, benevolent and other agencies. An annual Assembly is held under the commonly used title of "International Convention."

49. Q. What is the International Convention Office?

A. It is the established office of the International Convention of Disciples of Christ, Inc., and provides continuing service to the Brotherhood. It carries on a year-round program which includes the new Department of Public Relations (which offers service to churches, state and national agencies), the compiling of the Year Book, handling of railroad transportation for the Disciples of Christ, arrangement for the annual Assembly, coordinating of Commissions, and Committees and the representation of the Disciples in ecumenical work.

50. Q. When was the first Convention Assembly held?

A. October, 1849.

51. Q. How is the budget (\$78,000.00 for 1955) of the International Convention office maintained?

A. Through annual appropriations by local churches and through individual contributions to the Public Relations program.

52. Q. What is the Committee on Recommendations of the International Convention Assembly?

A. The Committee on Recommendations meets during the Annual Assembly and is composed of representatives elected by State Conventions, with a minimum of three (maximum 9) from each state. They process reports, resolutions and other business to be considered at the Annual Assembly.

National Benevolent Association

53. Q. How many years and through how many Homes has The National Benevolent Association of the Christian Church served our churches?

A. In 68 years of history, the NBA has grown until it now serves the churches through 15 Homes, 7 for Children and 8 for Aged.

54. Q. How many persons have been served in these Homes?

A. Over 22,000 children and approximately 2,000 aged men and women have been served since the opening of the NBA Homes. 868 children, 492 aged men and women and 34 mothers assisted, a total of 1,394 given total care last year. The adoption of 53 children was completed last year.

55. Q. How many churches shared and what was the total receipts for maintenance during the year?

A. 4,252 churches shared \$890,332.11 for Benevolence, of which \$471,281.78 was the Christmas Offering.

56. Q. What progress has NBA made in recent years?

A. 12 NBA Homes have expanded, improved facilities and increased services.

National Christian Missionary Convention

57. Q. What is the National Christian Missionary Convention?

A. The National Christian Missionary Convention (organized in 1917) is a fellowship of our Negro churches. Brotherhood Boards send representation and give their support and encouragement to this Convention.

58. Q. How many congregations are affiliated with the National Christian Missionary Convention?

A. The Convention serves 582 churches of its own constituency located in 27 states.

59. Q. What is the chief program functions?

A. The Convention is the program channel by which the planned program of the Brotherhood may reach all the churches.

National City Christian Church

60. Q. In what year did the Brotherhood vote to establish a National Church in Washington, D. C.?

A. At the International Convention Assembly in Memphis, Tennessee, in 1926. The Sanctuary of the National City Christian Church was dedicated on October 19, 1930, during the first World Convention of the Disciples of Christ in Washington, D. C.

61. Q. What are some of the ways in which the National City Christian Church differs from other churches of the Brotherhood?

A. (1) The congregation of the National City Christian Church, unlike other congregations, does not own its church property. All National City Christian Church property is owned by the Brotherhood through the National City Christian Church Corporation. (2) Thousands of Disciples of Christ contributed toward the erection of the Brotherhood's National Church.

62. Q. When was the Alexander Campbell Educational Building erected beside the Sanctuary of the National City Christian Church?

A. The Educational Building was dedicated on December 5, 1954, and for the first time the National City Christian Church has an adequate educational plant located next to the church. There is a mortgage of \$250,000.

National Evangelistic Association

63. Q. What is the National Evangelistic Association?

A. It is an organization constituted for the purpose of stimulating the cause of evangelism. It seeks more particularly to remind the church and her leadership that her first business is the winning of men to a saving knowledge of the Lord Jesus Christ.

64. Q. When does it meet?

A. The N.E.A. meets in an Annual Convention, held immediately preceding the International Convention Assembly. The sessions feature services of praise and worship which stress evangelism; messages from leading ministers, evangelists and church workers who have been conspicuously successful in evangelism; and methods of presenting the Gospel which have been found to be practical and fruitful.

65. Q. Who are its members?

A. Membership is open to all ministers and members from Christian Churches across America upon the payment of the annual membership fee of \$1.00.

Pension Fund of Disciples of Christ

66. Q. What is the Pension Fund?

A. The pensioning agency for ministers and church-related workers of our communion, providing benefits for death, disability and retirement. As of August 31, 1955, the Plan has 4,625 members and 1,202 beneficiaries.

67. Q. In general, what are the benefits of the Pension Plan?

A. A pension for retirement amounting to $\frac{1}{10}$ of the salary for each year under the Plan, a pension for disability before reaching 65, widow and minor child pension whenever death of member takes place, plus a lump sum benefit when death occurs in active service.

68. Q. What does the Pension Fund do with gift money?

A. Pays Ministerial Relief to some 130 persons, makes supplemental payments to some 800 low pensioners, pays member dues for some 150 students, and church's 9% dues for some 70 Reserve Chaplains.

69. Q. How much was expended in gift benefits during 1955?

97. Q. In what area of missionary education has there been most progress during the past year?
A. In church-wide missionary education, more church-wide program planning, and a greatly increased number of church schools of missions, institutes, and other total church projects.

World Call

98. Q. What is World Call?
A. World Call, known as an "International Magazine of Disciples of Christ," tells the story of needs of today's world and reports on how Disciples are facing up to these needs through their cooperative work around the world. It has a monthly circulation of 68,328.
99. Q. How is it financed?
A. Solely by receipts from subscriptions and advertising so that it has never been necessary to call for a subsidy from any of the five national boards which make up its publication committee: The United Christian Missionary Society; The Board of Church Extension; The Board of Higher Education; Council on Christian Unity and the National Benevolent Association.
100. Q. What are some of the areas of interest covered by World Call?
A. World and home missions in many fields, concerns of the International Convention and interdenominational councils, benevolence, church extension, higher education, student work, social education and action, international affairs, the ministry, religious education, establishing of new churches, and other interests related to the world outreach of program of Disciples of Christ.

All-Canada Committee of the Churches of Christ

O. W. McCully, General Secretary
630 B St. Clair Ave., West, Toronto 10, Ontario, Canada

HISTORY AND PURPOSE

A conference of Canadians in attendance at the International Convention of Disciples of Christ in 1921 expressed a desire for closer unification of the work of the Churches of Christ in Canada.

Later in 1921 a team of four including George H. Stewart of Winnipeg, visited many of the churches across Canada. The idea of an All-Canada Conference was presented and discussed.

The Conference was held late in May, 1922, at Poplar Hill, Ontario. George H. Stewart was elected Chairman of "The All-Canada Continuation Committee."

Listed as purposes the following items were prominent.

1. Greater unity of the Church.
2. Secretarial leadership that would include all of Canada and all phases of the work.
3. A Headquarters office or clearing house for the many and varied activities of the Churches across Canada.
4. Literature—The first move in this way was "The Canadian Disciple" which was first published in January, 1923.
5. Stewardship of Life and Means.

The Committee sponsors an All-Canada Convention once in two years. The Convention appoints the Continuation Committee which carries on the work between Conventions.

Interim Executive Secretary--Mrs. C. Blacklock, 630B St. Clair Ave., W., Toronto 10, Ont.

ANNUAL REPORT

As the year opened the new church building at Yarmouth Heights was well under way. It was completed and dedicated on November 28, 1954. The church has grown in membership and the Sunday school attendance has increased in a very satisfactory way.

The Conference Grounds in Ontario and the Maritimes have been developed and much more widely used. These projects are paying valuable dividends in Christian training and fellowship.

The Long Range Program has been promoted in all its various activities, the special fund receipts amounted to more than \$10,000.00.

Alice Porter completed her training under the direction of the United Christian Missionary Society and began her work in India.

After much discussion, many meetings and very careful consideration it was decided to enter Unified Promotion as a cooperating unit. This relationship is to begin July 1, 1955.

Plans and preparations for the World Convention to be held in Toronto, August 16-21, 1955, took much time and energy on behalf of many Disciples in Canada during the past year. The response of our people to the Convention was very favorable and the entire project brought inspiration, vision and faith to many of our people. We will always be indebted to the great host of Disciples who came to Toronto from many countries around the world.

Board of Church Extension of Disciples of Christ

William T. Percy, Executive Secretary
222 South Downey Avenue, Indianapolis, Indiana

History and Purpose

The Board of Church Extension has 18 members. These members are elected for a 3-year term, therefore, each year 6 are elected for a term of 3 years by the International Convention. Out of the 18 members 9 trustees are elected. The trustees elect the officers. Church Extension reports to the International Convention.

The purpose of the Board is to assist Christian churches and organizations in the planning and financing of church buildings, building sites and parsonages.

The sources of its funds are: Offerings from churches and individuals through Unified Promotion; Annuity gifts; Bequests; Named Fund gifts and Trust Fund deposits.

The Board of Church Extension cooperates with: The national agencies of Disciples of Christ; state and provincial societies; city and area organizations of Christian churches.

The following services are rendered by Church Extension:

Loans to churches for the erection of new churches and educational buildings, the remodeling of existing buildings, the purchase of sites for new buildings, the purchase of new equipment related to buildings (such as pews, heating and cooling, organ, etc.).

Loans to state and city societies for the purchase of parsonages to be used by staff members.

Interest-free loans to mission churches. The emphasis on mission churches clearly highlights the new frontier into which our Brotherhood is moving. It is the frontier of America's rapidly expanding cities and towns.

Trust funds (a depository for building or other investment funds) currently paying 3% interest per annum, compounded semiannually.

Financial counseling with churches concerning the financial implications of their building projects (no charge).

Leadership in financial campaigns and dedications.

Architectural counseling.

How to Secure a Church Extension Loan:

1. Consult the advisory architect of the Board of Church Extension before employing a local architect.
2. Request a visit from a Church Extension staff member for conference on over-all plans—no charge for this service.
3. Employ local architect and secure detailed plans and specifications.
4. Secure bids on your project.
5. Have in hand at least 50% of the total cost of the project before construction begins. An additional 25% of the total cost should be raised during construction and on dedication day.

AUDITOR'S CERTIFICATE

January 24, 1955

Board of Trustees
Board of Church Extension of
Disciples of Christ
222 South Downey Avenue
Indianapolis, Indiana

Gentlemen:

We have examined the accounting records of the Board of Church Extension of Disciples of Christ, Indianapolis, Indiana, pertaining to its financial position at December 31, 1954, and its operating results for the year then ended. We have reviewed the accounting procedures of the corporation and, without making a detailed audit of the transactions, have examined or tested accounting records and other supporting evidence to the extent we deemed appropriate.

In our opinion, the accompanying Balance Sheet and Statements of Income and Fund Accounts, subject to the notes relative thereto, present fairly the financial position of the Board of Church Extension of Disciples of Christ at December 31, 1954, and the results of its operations for the year then ended.

Carter, Kirlin and Merrill
Certified Public Accountants

Board of Higher Education

Disciples of Christ

Harlie L. Smith, President
222 S. Downey Avenue, Indianapolis 7, Indiana

History and Purpose

The Board of Higher Education is a successor organization of a Board of Education which grew out of informal meetings of college presidents and others interested in higher education. This Board of Education was chartered in 1914 and continued in existence until the late thirties when the work of higher education was merged with the United Christian Missionary Society. In 1938 a new Board of Higher Education was chartered and the work of the former department of higher education became the responsibility of the new Board.

The membership of the Board consists of elected members who are laymen, lay women, and ministers, and the heads of member institutions who are ex-officio members. Together these groups total sixty.

The Board is concerned with the education of youth in an atmosphere of Christian influence. This concern is expressed in liberal arts colleges, universities, seminaries, Bible chairs and Bible colleges, and student work foundations. A coordinate concern is the training of young people for vocations of the church, and is expressed through these same institutions.

Since these two concerns are carried on through member institutions, the Board has a responsibility to assist them in making them strong and vital.

The Board also serves in a program of recruitment of leadership. Here again, there is close cooperation with the member institutions and other agencies with recruitment programs.

The Board is the representative of Disciples of Christ in many ecumenical activities as they relate to higher education. For example, the Board represents the Disciples in the National Council of Churches of Christ in the U.S.A. on the Commission on Higher Education and in the Department of Life and Work. It also serves on the Commission on Christian Higher Education in the Association of American Colleges.

It represents the interests of higher education in many conferences for joint planning among the many boards of Disciples, and is the organization through which the institutions of higher education are related to the International Convention.

It is the channel of two-way communication at the national level between the churches and the institutions.

It serves institutions and churches in areas in analytical studies of the needs for new or different means of serving post-high school youth in an educational way.

A small staff makes more activities impossible, desirable as additional services might be.

ANNUAL REPORT

A. INSTITUTIONS

As a group the member institutions of the Board of Higher Education showed some encouraging increases in enrollments. They were not large in most cases and were spotty, some institutions having only small upward changes over the year before. The deficit situation was not as bad as in the immediately preceding years which is also an encouraging sign. Operating revenues generally increased because of more tuition income and larger support from churches. Some institutions received more than token contributions for current operations from industry and business, although in most instances this has been relatively small.

Resources for capital improvement have been larger than formerly and many institutions have been able to make substantial improvements and additions to plant. The sources of this income have been the church, individuals, communities and loans from the federal government. This last has been available to certain schools to aid in the erection of housing for students and faculty.

The greatest single problem faced by all institutions is that of inadequate faculty salaries. In most cases the salaries paid today represent a smaller purchasing power than those paid fifteen years ago. Faculty salaries show the smallest increase of all the professions and this is especially true of those paid by the independent church colleges. Unless this situation can be improved substantially many colleges will find it increasingly difficult to recruit and hold a competent teaching staff.

In general, it may be confidently stated that the member institutions and agencies are stronger today in all respects but difficult problems remain to be solved.

B. BOARD OF HIGHER EDUCATION

The calls made upon the Board of Higher Education continue to increase and the point has been reached that no more work can be undertaken until there can be staff expansion. The Board is involved in nearly every phase of the life of the Church and these involvements continue to increase in number and importance.

The Research and Study Program has been used by several institutions and states during the past year, each project requiring from one to five weeks for completion.

The Department of Campus Christian Life has expanded its program largely through the new Joint Commission on Campus Christian Life, supported cooperatively by the Student Work Office of the United Christian Missionary Society and the Board of Higher Education. This new joint commission promises to be a very significant step forward in this whole effort to minister to educational communities. Toward the end of the year plans were made to develop a program for faculty in the beginning of a Faculty Christian Fellowship for Disciple teachers in all types of collegiate institutions.

The Department of Christian Vocations sponsored the first of the annual Middlers' Conferences. This conference was made possible by the cooperation of the national agencies and brought over 100 seminary students to Indianapolis for four days of conference with the agencies. This proved to be a very valuable and popular venture and will be continued. The department also has improved its teacher placement facilities and has been of added value to colleges and Disciple teachers. The department has expanded its program of recruitment and is developing a series of recruitment conferences for colleges and seminaries.

The Department of Christian Institutions in addition to its regular program has been giving substantial attention to the ministerial educational curriculum. Two of the commissions of that department, the Liberal Arts College Commission and the Seminary Commission, have devoted a great deal of time to a study of the type of curriculum necessary to produce the quality of ministerial leadership needed by our churches.

In all, the year has been an active and profitable one and is an earnest of what can be achieved as more resources are available.

Board of Higher Education of Disciples of Christ
222 South Downey Avenue
Indianapolis, Indiana

I have examined the cash records of the Board of Higher Education of Disciples of Christ for the fiscal year July 1, 1954 to June 30, 1955, for the purpose of verifying the present year's transactions.

I have found that all receipts have been correctly recorded and disbursements made have been properly authorized and charged against specific items in the budget. In my opinion the records have been properly kept for the period under review.

Respectfully submitted,

Ann Davidson

Brazil Christian Mission

Wm. A. Cook, Mission Agent, Box 386, Guymon, Oklahoma

HISTORY AND PURPOSE

First begun as "The Lloyd Sanders Missionary Fund," the Brazil Christian Mission had its genesis at Johnson Bible College in May of 1943 when the graduation class organized the fund to send out and support Lloyd David Sanders, their fellow classmate, to Brazil. In August of 1947 the "fund" was reorganized in order to enlarge and stabilize its work. The name was changed to "Brazil Christian Mission."

The mission functions with a Board of Representatives whose purpose it is to insure the continuation of the work, to hold mission property in trust, to represent the mission on the home front, and to advise the missionaries as to matters of policy, selection of new recruits, etc. It is not a controlling faction of the mission. Its members are selected by the missionaries, serve without remuneration, and though having a voice in general policy, leave to the missionaries the responsibility of all duties which relate primarily to the mission field. A field association of the missionaries of the B.C.M. functions in Brazil to govern all matters pertaining to the field itself.

The missionaries draw support from those who see the merit of the work, who realize the need in Brazil, and who count it worthy of support. It is entirely dependent on churches, classes and individuals who voluntarily contribute to the cause. It does not receive financial support from any mission or convention but is completely dependent upon funds sent directly to the mission treasurer. Each missionary seeks living-link and service-link support, plus support for special projects.

Lloyd David Sanders and wife, Ruth, were the first missionaries of our brotherhood to go to Brazil, landing there in March of 1948. The Ewing family and Miss Ruth Spurgeon joined the work in April, 1950, and Miss Ellen Case in September, 1952. Miss Case resigned from the mission to marry in March of 1955 and two new couples are scheduled to go to the field early in 1956.

The purpose of Brazil Christian Mission is to win souls to Jesus Christ, to establish "New Testament" churches, and to form a preacher training school for the education of young nationals who will carry out the complete evangelization of Brazil.

Beginning in, and centered around the new capital city of Goiania, Goias, B.C.M. aims to reach as many as possible in as little time as is feasible using any and all appropriate means. These means include: evangelistic services with regular and circuit preaching, Daily Vacation Bible Schools, Christian Day Schools, a Preacher Training School, literacy program, medical assistance, printing and distribution of tracts, and a radio ministry.

ANNUAL REPORT

As will be noted from the statistical report, the year ending June 30, 1955, saw a total of 58 souls added to the Brazilian churches in the work sponsored by Brazil Christian Missions. Of this total 45 were by baptism, 12 by transfer from denominations, and 1 was restored.

The past year was one of considerable movement of missionary personnel as Miss Ellen Case left the field for marriage in the U. S., the Lloyd David Sanders family returned to the States for furlough, Miss Ruth M. Spurgeon arrived on the field after furlough in the U. S., and the J. Richard Ewing family resumed labors in Brazil after two and one-half years' leave of absence due to illness. Nevertheless, the work has shown steady progress and optimism is high that the Lord will continue His blessings.

During this year a new church building (4 x 11 meters) was constructed in Vila Operaria (suburb of Goiânia) and regular church services begun in addition to the regular Sunday afternoon Bible School. Bible School attendance for the year averaged 20, and the Daily Vacation Bible School held there in July had an average attendance of 20. It is interesting to note that the Vila Operaria building is the first to be constructed under a "chapel a year" plan recently adopted by the mission.

The preaching point opened in Silvania in 1953 has witnessed a slow but steady growth in the face of mounting opposition and persecution, Bible School and church attendance averages for the past year were 30 and 25 respectively. The Christian Day School (Primary) there had an average daily attendance of 9, and the Daily Vacation Bible School averaged 12 per day.

A new work in the agricultural colony 180 miles north of Goiânia (near the city of Cêres) has quickly grown to a congregation status with a total of 34 members. This work draws from as far away as ten miles and may shortly have to be divided into two distinct groups. It is presently served by a student minister from the Institute on a once monthly basis, but regular Bible School and prayer meetings are conducted in his absence. Bible School attendance has averaged 50 and preaching services 40.

The work in Anápolis (35 miles north of Goiânia) continues on a preaching point basis with a total membership of 10. One of the student ministers of the Institute visits there once each month.

Despite many difficulties, the Botafogo work (suburb of Goiânia) has also continued to grow as a preaching point. Regular Bible School services have averaged 17 and the possibility exists that in the near future a separate congregation can be organized there. An average of 24 children attended the Daily Vacation Bible School held there.

The Vila Nova congregation (suburb of Goiânia) has shown a steady growth and now has a membership of 74. Bible School and Church attendance has averaged 78 and 58 respectively, and two additional class rooms have been built. The Christian Day School (as in Silvania, a primary school with chapel and Bible classes) had an average daily attendance of 92. Three national workers are employed by the mission in this work. The Daily Vacation Bible School held there in July averaged 49 children present and in February 66 children with 8 national teachers in laboratory training school. The Vila Nova congregation has also sponsored an early morning "open air" preaching service each Lord's Day in the local open air market.

Despite the real need for radio evangelism, neither funds nor time permitted the continuance of the weekly "Christians' Hour" broadcast over the local station. Prayer is asked that this may shortly be resumed.

Goiânia Christian Institute ended the 1954-55 term in December with an enrollment of 22 and began the 1955-56 term with 30 matriculated. Nearly all of these students have dedicated themselves to full-time service. Studies are on the Junior High-High School level and age of the students varies from 15 to 25. Due to the fact that the students must work during the day to support themselves, the Institute operates on a night-school basis. Each student studies two subjects per night: one biblical and one secular. Chapel services are held each night with a different student in charge. Nearly all of the students teach or preach regularly in one of the Bible schools, churches or preaching points.

The Institute is presently housed in the Vila Nova Church building, but plans were laid during this year for the erection of its own buildings on a lot (8,500 square meters) given for that purpose in a new suburb of the city, Sector Bueno. Work has already begun on the first of the four buildings planned, and its completion is anticipated in December of 1955. Estimated cost of the entire Institute (planned for 150 students, and including a training farm and technical school) is \$50,000, distributed over a six-year period.

During the past year one full-time evangelist was lost and one added to the staff so that the total employed remained at 2. Both devote one-half days to visitation evangelism in Vila Nova, Vila Operaria and Botafogo, while preaching and teaching regularly each Lord's Day. One evangelist spends the other half day translating Christian Literature while the other is utilized in the preparation of Bible School supplies. It is anticipated that one more full-time worker will be added each year to the mission staff. These men will be in supervised training for five years during which time their salaries will be gradually assumed by the various infant churches so that at the end of their respective terms they will be resident pastors supported entirely by their respective congregations.

While the mission emphasis is squarely on evangelism (the mission registered nurse has her degree and graduate work in Bible) medical assistance has proved invaluable in opening doors for the gospel. During the past year Miss Spurgeon has given intensive training to the Institute students

BRAZIL CHRISTIAN MISSION ANNUAL REPORT

on personal and public health problems, trained one young lady as an effective nurse's aid, and attended 624 pleas for medical help.

During the past year Brazil has been in the throes of inflation complicated by political confusion which culminated in the suicide of its president, Getulio Vargas. The Brazilian unit of exchange, the cruzeiro, has lost more than half of its value and prices have skyrocketed. Due to this, importation has been drastically curtailed and as a consequence the mission has not been able to import either its much needed truck (suburban carry-all) or airplane (Cessna 170). Pray that the Lord will overrule these difficulties.

Christian Board of Publication

Wilbur H. Cramblet, President

Beaumont and Pine Blvd., Box 179, St. Louis 3, Missouri

HISTORY AND PURPOSE

The proposition of a Brotherhood-owned publishing house was first officially brought before our people in the National Convention at Richmond, Virginia, in 1907. At this time a committee was appointed to explore the matter and make a report at the New Orleans Convention in 1908. The committee reported progress at that convention and asked for a continuation of time, which was granted. The committee again reported in the Pittsburgh Convention in 1909, at which time a request was granted for a smaller and more compact committee which could thoroughly explore all the problems involved.

Seven weeks after the Centennial Convention in Pittsburgh in 1909 the committee reported through *The Christian-Evangelist*, the acquirement of the Christian Publishing Company by R. A. Long of Kansas City, who had purchased plant, equipment and publications of the former company which was to become the nucleus of a Brotherhood Publishing House.

The Christian Board of Publication was chartered by the State of Missouri as a nonprofit publishing company in 1911. The original investment, including property, plant, equipment, etc., amounted to \$404,307.95. This investment has now grown to \$2,000,000.00 and another \$1,000,000.00 has been turned back to religious educational, missionary, benevolent and other agencies of Disciples of Christ.

The purpose of this Brotherhood-owned publishing house is to serve the churches of Disciples of Christ by publishing *The Christian-Evangelist*, a journal of information, interpretation and inspiration; by publishing periodicals, books and curriculum materials to propagate and support an effective program of Christian education in the local church, and by providing through convention service and other channels audio-visual materials, Bibles, books and all other supplies which are essential for an ongoing program of Christian teaching, Christian evangelism and Christian stewardship in the local church.

In providing this service to the churches of Disciples of Christ, the Christian Board of Publication cooperates with all state and national agencies of Disciples of Christ, with the National Council of the Churches of Christ in the United States of America, and with educational and publishing boards of other communions.

ANNUAL REPORT

The Christian Board of Publication was established in 1911, a successor to the Christian Publishing Company. Its organization and early development were made possible by gifts from Mr. R. A. Long totaling more than \$404,000. Since its establishment the Directors of the Board have added to the capital account a total of \$1,392,918.06. As of December 31, 1954, the total assets of the Board were \$2,493,034.64.

The net income and surplus of the Christian Board of Publication not needed for extension of the business in accordance with the terms of its charter are "turned over to and paid into the treasury of missionary benevolent, church extension, educational societies or other agencies of the Christian Church, Disciples of Christ." (See Articles of Association, Section 6, third paragraph, 1911.)

The Board of Directors during 1954 made direct Grants-in-Aid as follows:

United Christian Missionary Society	\$ 6,220.00
National Christian Missionary Convention	4,000.00
Park Avenue Christian Church	463.40

Contributed Services

In addition to making direct contributions to various agencies and societies of the Christian Church, the Christian Board of Publication underwrites the cost of various publications and services in support of the total program of the Brotherhood. The cost of these services in 1954 was more than \$150,000.00. As an example, the Christian Board of Publication is contributing financially to the support of the training and field program of Children's Workers in the several states, and a National Training School for Youth Workers. Up to the present time, we have agreed to contribute to the support of Youth Workers in Indiana, Missouri, Texas and California. Plans are under way to extend this program to include the support of State Youth Workers in the several states.

The cost of certain of these special services for 1954 and amounts budgeted for 1955 are listed for the information of those interested:

	1954	Budgeted for 1955
United Christian Missionary Society, for support of Children's Workers	\$11,727.62	\$15,000.00

The Christian-Evangelist

The Christian-Evangelist is in its ninety-second year of publication, tracing its genealogy back to the first issue of *The Gospel Echo* which appeared in 1863. In October, 1882, under the guidance of James Harvey Garrison and B. W. Johnson, two papers with long genealogies, *The Christian* and *The Evangelist* were merged to form *The Christian-Evangelist* of today.

The Christian-Evangelist endeavors to keep its readers informed of significant trends in the Brotherhood life and religious movements throughout the Christian world. It seeks to keep its readers alive to the essential issues of the day, to instruct them in the cardinal doctrines of the Christian faith and to develop within them the deepest spiritual qualities by devotional articles and a general tone of spiritual earnestness and challenge.

Church School Publications

In order to serve the churches and church schools of Disciples of Christ, the Christian Board of Publication cooperates with the United Christian

Missionary Society and others in the support of the Curriculum and Program Council and the Christian Education Assembly of Disciples of Christ. With the counsel and advice of these groups, it endeavors to provide curriculum materials that will enable our churches and church schools to plan more effective programs of Christian teaching, Christian stewardship, Christian evangelism and Christian service.

The first of a new series of graded lessons for intermediates was ready for use in the fall of 1955. The first quarter of a new series for kindergarten children will be ready for use in October, 1956. PM Pack No. 9 and Fellowship No. 4 for 1955-56 are now available.

In addition to the Bethany Graded Lessons and Bethany Uniform Lesson, the Christian Board of Publication publishes books of a general nature, study courses and materials developed through the Home and State Missions Planning Council and others developed through the Curriculum and Program Council. The Board also publishes educational texts for leadership education classes, vacation church schools and weekday church schools which have been developed cooperatively by several communions through the Cooperative Publication Association. The sales of its products in 1953 were the largest in the history of the Board. Statistics indicate that churches whose enrollment constitutes more than 76% of the church school enrollment of the Disciples of Christ use Bethany materials.

In order to give churches and church schools the advantage of the latest and best methods and materials, your publishing house cooperates with the agencies of the Disciples of Christ and with educational boards and publishing houses of other communions in the planning of curriculum materials. Other communions have adopted Bethany teaching materials as their official curriculum, which materials are furnished to them under their own imprint.

Audio-Visual Services

The Audio-Visual Department was instituted to provide guidance in the use of this educational medium and a source for ordering tested materials. The department's operation is essentially divided into four parts:

1. Equipment. The primary concern is to keep churches informed on latest developments in audio-visual equipment, to recommend and sell high-quality, tested equipment.

2. Materials for Sale. A large stock of the best religious slides, filmstrips, and sound filmstrips is available. A catalog is published periodically, describing these materials.

3. Rental Materials. An extensive rental library of 16mm movies, sound filmstrips and slide sets is maintained.

4. Special Services. An audio-visual mailing list is maintained through which all who have expressed an interest in audio-visuals are kept up to date on new developments and new materials. A regular feature of the audio-visual mailings is a mimeographed bulletin which contains suggestions for integrating projected visual aids with the Bethany graded and uniform lessons. A "preview by mail" service has been instituted through which churches which request it are regularly sent new filmstrips on an approval basis.

During the past year the Audio-Visual Department has handled the distribution to all communions of a major interdenominational production of six sound filmstrips, "Children and the Church."

A sound filmstrip, "Young Teens Growing as Christians," has been produced during the past year to introduce and promote the use of the new Bethany Youth Curriculum. It has been widely circulated through the Chi Rho Institutes.

This department is an operating member of the Religious Film Libraries network, a new distribution organization which is undertaking to set up and operate a nationwide chain of rental libraries to bring audio-visuals within "arm's length" of every local church.

Production of records is a new phase of the audio-visual operation. Recordings by Mrs. Rosa Page Welch have been made and others are planned.

Books and Church Supplies

Through its Merchandise Department the Board undertakes to make available to the churches religious books of all publishers, miscellaneous equipment and supplies needed to improve the effectiveness of the total church program. This department is responsible for the distribution of various worship materials, including Bibles, *Christian Worship—A Hymnal*, and *Christian Worship—A Service Book*. A general catalog is published for free distribution, which lists the many religious supplies available from this source.

Bethany Bookstore—St. Louis

The Bethany Bookstore was established in 1941 to serve ministers and laymen of the Disciples of Christ who may be visiting in or passing through St. Louis, and those who live in the metropolitan area. It also serves religious workers of all communions in the immediate area.

It carries a large and varied stock of religious books and supplies, and while it is not an extremely large store, it is reputed to be the largest exclusively religious store west of the Mississippi River. Its stock of Christian art includes reproductions of the work of many painters, both the old masters and those of today. A comprehensive line of communion ware and communion table appointments is maintained.

Bethany Bookstore—Indianapolis

On November 15 the Bethany Bookstore at Indianapolis was dedicated. This will be a fully equipped church bookstore where any and all supplies from a ten-cent class pin to a one thousand dollar altar set may be purchased. This store was established to serve the churches and their membership in the Indianapolis area as well as the thousands who have occasion to visit Missions Building each year.

Bethany Press

The Bethany Press in its second year of operation has increased activity and widened the scope of materials and supplies prepared for use by churches. Ten books were published in 1955 and eight others were revised and reprinted for better presentation. Effort and attention were given to increase the effectiveness of book styles and jackets. In the spring a series of birthday cards for ages one through eleven was completed.

Four-color Sunday bulletins were introduced at Thanksgiving. This was the first annual four-color bulletins and letterheads to be presented each year. Thanksgiving, Christmas, Palm Sunday, and Easter will com-

prise the series to be presented along with the regular bulletin service prepared by the United Christian Missionary Society and distributed by the Agency Sales Department of the Christian Board of Publication.

German language rights for *India Today!* by Finegan were sold to the Droemer Company in Munich. The German edition was published in October.

Special materials and books for use in the promotion and management of the church library were completed, as well as *Let the Children Come*, a four-color booklet for dedication of children.

Over 200 manuscripts were examined during the year. Certain of these were accepted for publication at a later date, while 20 of this number were returned to authors for revision before final acceptance. Contracts are signed for the completion of six manuscripts by writers selected by the Co-operative Publication Association. Two of these are first series leadership training books, two are in the field of cooperative young people and adult education series, one is a vacation church school text, and one is on Family Worship.

A publication program was outlined at a meeting of representative pastors and teachers in October. The decision was made to request certain well-known authors to prepare specific manuscripts.

The national sales program was continued with representatives calling on religious bookstores. The national advertising program was increased to include advertisements of Bethany Press books and merchandise in widely circulated religious journals.

Agency Sales

A new department has been created at the Christian Board of Publication, the responsibility of which will be to produce the Program and other materials created by the Brotherhood Agencies. The department will be known as "Agency Sales Department." It will not only produce but distribute material for the Department of Evangelism, Missionary Education Department and all other agencies that prepare programs for the different departments of the local church. It will also be in a position to render specialized service to our churches and their organizations. Disciple News Bulletins and Worship Bulletins and all Sales Literature items formerly handled by The United Christian Missionary Society will be handled in this department.

Now all program helps for church or church school may be secured from your Brotherhood Publishing House, the Christian Board of Publication.

Buildings and Equipment

In December, 1952, the Board purchased a new building to provide facilities for the executive offices, editorial departments, church school sales, merchandising, agency sales, audio-visual services, etc.

The Bethany Bookstore is located on the first floor in the northwest corner of this building at Beaumont and Pine Boulevard. Other features in this building include adequate assembly and conference rooms which are available for church groups meeting in St. Louis.

The buildings formerly occupied by the Christian Board of Publication are given over to the Production Department. Offices and Composing Room

and Proofroom are situated on the second floor of these buildings. The Pressrooms, including the section set aside for the offset press, are located on the first floor. The Folding, Binding and Mailing facilities are on the third floor.

ACCOUNTANTS' REPORT

To the Board of Directors
The Christian Foundation
Columbus, Indiana

We have examined the balance sheet of The Christian Foundation as at November 30, 1954, and the related statements of fund principal and income for the eleven months then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included

Christmount Christian Assembly, Inc.

C. O. McAfee, President
Black Mountain, North Carolina

HISTORY AND PURPOSE

Christmount Christian Assembly, located in the Blue Ridge Mountains near Black Mountain, North Carolina, is being developed as a training center for leaders of the Disciples of Christ. It is one of the newer agencies of the International Convention.

Nine state conventions have already voted to assist in the promotion of Christmount: Alabama, Florida, Georgia, Kentucky, North Carolina, South Carolina, Tennessee, Virginia and West Virginia.

Three summer assemblies have been held, the one in 1955 having 9 speakers from the national agencies.

The following objectives have been reached and paid for in full: the site of 603 acres, five miles of graveled roads, excellent water system, adequate sewer system, 6 substantial camp cottages and double bath house. A new building was dedicated during the 1955 Assembly. It is 50 by 100 feet in size, with a large auditorium, office, kitchen and dining room.

Seven residences have been erected on the grounds or adjoining land. 45 lots have been sold to individuals and 11 to churches or other organizations. With water, electricity, telephone and sewer now available, new homes and church dormitories are being planned and will soon be under construction.

COUNCIL OF AGENCIES ANNUAL REPORT

George Oliver Taylor, Indianapolis, Indiana
 Robert Tobias, Indianapolis, Indiana
 Miss Jessie M. Trout, Indianapolis, Indiana
 Ralph Valentine, Huntington, West Virginia
 Willard M. Wickizer, Indianapolis, Indiana

ANNUAL REPORT

The Council of Agencies is in its 6th year. The idea of such a group was first conceived through a resolution approved at the 1948 San Francisco International Convention. The enabling act was passed at the Cincinnati Convention a year later.

It is not a super agency. It has no paid staff. It has no budget to speak of. Its membership consists of those organizations that report directly or indirectly to the International Convention. There are 85 of them.

Its purposes are clearly set forth in the by-laws, an excerpt from which you will see on the preceding page. The need for the Council is being proved year after year. Those who have worked closely with it are convinced the Disciples would be seriously handicapped without the avenues for cooperative thinking and planning which the Council affords.

The Long Range Program had its origin within the Council. The year by year Local Church, as well as The Outreach Emphases, are being interpreted and implemented by the member agencies basically responsible for this particular phase of our work.

To date these Emphases have been:

<i>Local Church Emphasis</i>	<i>Outreach Emphasis</i>
1952-53 Higher Education	Local Church Visitation
1953-54 Local Church Evangelism	Foreign Missions
1954-55 Local Church Stewardship	The Church and Minority Groups
1955-56 Christian Education	North American Missions, State Missions, Church Extension

For the remainder of the fifties, the emphases are:

1956-57 Life Work Recruitment	Year of Ministry
1957-58 Missionary Education	Benevolence
1958-59 Christian Literature	Disciple Heritage, Ecumenical Concerns, Christian Unity
1959-60 Appraisal and Forecast	Appraisal and Forecast

This annual report comes at the conclusion of the first five years of the Long Range Program and the processes of assessing the values at mid-point will be carried on in anticipation of the Area Assemblies of this Autumn of 1955. It is not too early to assert positively that the program has resulted in substantial gains for the whole church and her causes.

In the past year, the cause of stewardship has been made vital in many places and the great gains in this area are yet ahead. We are approaching double giving. The Department of Public Relations has been activated in the International Convention; the Area Assemblies for 1955 in twelve centers have been planned; a brotherhood filmstrip has been produced; a plan of Wills and Annuities has been inaugurated; plans for the Year of the

Ministry are well under way; the Year of Christian Education and Our Church in a Changing America is currently being emphasized; and the Interim Committee of the Council is at work developing procedures for study of and planning for the years beyond 1960.

As is the case of the planning for the launching of the Long Range Program, the whole church and her agencies continue to plan unitedly and co-operatively. The next meeting of the Council will be held in 1956 and under the present leadership will continue to grow in the effectiveness of its services to both the agencies and the churches.

Council on Christian Unity

George Walker Buckner, Jr., Executive Secretary
222 South Downey Avenue, Indianapolis 7, Indiana

HISTORY AND PURPOSE

"To watch for every indication of Christian unity, and to hasten the time by intercessory prayer, the holding of friendly conferences, and the publication and distribution of literature, prophetic witness to the will of Christ for his church, and the practice of love, fellowship and mutual service among Christians. The Council shall give particular attention to the development nurture of an ecumenical spirit among Disciples of Christ."

This has been the purpose of the Council since its organization at the Topeka Convention in 1910 under the leadership of Peter Ainslie. Known originally as the Council on Christian Union and then as the Association for the Promotion of Christian Unity, the Council was reorganized in 1954 so as to serve both as an association and a council. As an association its membership is open to any Disciple of Christ in sympathy with its purposes. The annual membership fee is \$2.00. As a council it brings into its work the executive heads of the Board of Higher Education, the Committee on Relief Appeals, the International Convention of Disciples of Christ, and The United Christian Missionary Society as members of the executive committee.

Members of the Council in annual meeting elect members to a Board of Directors for three-year terms. The Directors, 33 in number, elect officers and an executive committee which acts for the Council between meetings. The work is administered through three departments: the Central Department of Christian Unity, the Department of Ecumenical Service, and the Department of Ecumenical Study.

FORTY-FIFTH ANNUAL REPORT

The year 1954-55 has been a period of transition marked by adjustments to new ways of working together under the new charter with its provision for a wider basis of membership and for coordination of Disciples work in the ecumenical field. The membership as of June 30, 1955, was 197. The bringing of executive heads of the Board of Higher Education, the Committee on Relief Appeals, the International Convention and the United Society into membership on the Executive Committee has made for ready understanding and has expedited the work in many ways. The departmental idea of work with departmental committees associated with staff members as executives has proved to be practical and will be expanded.

George Walker Buckner has served as executive secretary with special responsibility for the Central Department of Christian Unity. Ronald E. Osborn has been Director of the Department of Ecumenical Study, though he has spent most of the year in Europe. Robert Tobias has given one-third time as Director of the Department of Ecumenical Service and has carried large responsibilities in the general work. Beginning July 1, 1955, he will serve on a half-time basis. Work of the staff has been supplemented by voluntary services of directors and of Area Representatives G. Edwin Osborn and Myron C. Cole. Hallam C. Shorrocks in Japan and Basil Holt in South Africa serve as special representatives through the courtesy of the foreign division of the United Society.

We enumerate here without comment a few of the activities of the year:

Preparation of a comprehensive *Response to Evanston* to be distributed to the World Council of Churches and to Disciples ministers through the generosity of the Christian Board of Publication.

Inauguration of the *Christian Unity Newsletter* as a quarterly, and of the *Ecumenical Study Series* as an occasional document on ecumenical issues.

Sponsorship of W. E. Garrison's *Christian Unity and Disciples of Christ*.

Sponsorship of conferences and lectures, including the 1955 *Peter Ainslie Lecture* by Garfield Todd at the University of Natal in South Africa.

Authorizing a fraternal mission to churches of Europe and the Middle East made up of Geo. Walker Buckner, C. O. Hawley, Roy G. Ross and Robert Tobias, chairman.

Study by widely scattered groups of the (Greenwich) plan of the Conference on Church Union.

Financial undergirding of National and World Councils of Churches.

Appointment with Week of Compassion support of Malcolm McCallum for ecumenical service in Egypt.

Disciples of Christ Historical Society

Claude E. Spencer, Curator
Joint Universities Library, Nashville, Tennessee

HISTORY AND PURPOSE

The Disciples of Christ Historical Society was established May 7, 1941, in St. Louis, Missouri, with the approval of the International Convention then in session. The organization of the new agency came as a result of the work of the Historical Commission appointed by the 1939 convention which met in Richmond, Virginia.

The first five years were spent largely in surveying the field, correlating the interests of various groups, and making plans. In 1946 the Society accepted the offer of Culver-Stockton College to set up its headquarters and archives there with the privilege of using the Henry Barton Robison Collection as a nucleus around which the Society would build its own collection of materials.

On April 2, 1952, the Society moved to its new location in the Joint University Library, Nashville, Tennessee. This came as a result of a called meeting of the Board of Directors in St. Louis, Missouri, November 29, 1951, when the decision was made to move the headquarters, archives and library to Nashville by the first of June, and to start full-time operation with a staff of three people.

The Society is the only organization among Disciples of Christ whose *sole* purpose is the locating, collecting, cataloging and arranging for use the historical materials of the brotherhood. The archives, library and museum contain thousands of books, pamphlets, periodicals, manuscripts, documents, letters, church records, photographs, and illustrative materials concerning those religious groups which have grown from the work of Elias Smith, Abner Jones, James O'Kelly, Barton W. Stone, Thomas and Alexander Campbell, and others who revolted from the autocratic sectarianism of the early nineteenth century.

The resources of the Society are open to all persons, regardless of race or creed, and the curator at all times is willing to advise graduate students, research workers, and all who are seeking a knowledge concerning the Disciples of Christ, Churches of Christ, and the Christian Church.

The Society is not an opinion-forming group. Its function is the locating, collecting, cataloging and making available for use historical material.

Construction is scheduled to start in the early winter of 1955 on the new Society building to be erected at 1101 Nineteenth Avenue, South, in Nashville, as a memorial to Thomas W. Phillips, 1835-1912, with funds provided by the Phillips family of Butler, Pennsylvania.

European Evangelistic Society

Norvil W. Underwood, Field Secretary
Post Office Box 1010, Indianapolis 6, Indiana

HISTORY AND PURPOSE

The European Evangelistic Society came into existence largely through the efforts of Dr. Ludwig von Gerdell of Berlin, Germany, and those associated with his work in this country and in England. Among the latter were B. A. Abbott, Edwin Errett, R. H. Miller, Will Robinson and Charles Reign Scoville. From its inception the Society has been affiliated with the International Convention.

The work from the beginning has been of an educational character. During its first stage, seminars were conducted in European universities in an attempt to awaken university students to the dangers to the Church latent in those forces ultimately converging in Nazism.

The intervention of World War II made work in Europe impossible for a number of years. Meanwhile, plans were laid for the re-entry of the Society into Europe as soon as conditions warranted.

To this end Professor Earl Stuckenbruck, after completing his work at Butler University, went to England for further study of European university life.

The Distinctive Character of Our Work

It was and is the purpose of the Society to establish a college adjacent to and ultimately to be affiliated with a university. After extensive investigation Tubingen was selected as the most suitable location.

The purpose of this college is to present within the framework of European university scholarship the ideals and experience of Disciples of Christ in their attempt to realize for themselves and share with the Church universal the genius of New Testament Christianity.

Our basic purpose is expressed in the light of a fundamental conviction: that our apprehension of Christian truth and life can best influence the Church universal *by introducing it into the intellectual and theological framework of European academic life.*

Refugees from Eastern Europe are now pouring into Germany. Many come from homes which have been previously touched by movements similar to Disciples of Christ. They differ from us in some degree yet are our kinfolk.

We may anticipate a day when the Church will again be free to proclaim the Gospel in Eastern Europe. If we are to have a share in the redemption of those oppressed peoples it will be necessary for us to have a ministry through which we may work. The educational program to which the Society is committed lends itself to the accomplishment of that end. Some denominations have sought to meet the emergency by the creation of special training schools. Our program has envisioned the education of a ministry within the best theological and academic tradition in order to give distinction and academic soundness to the ministry representing us. We believe this approach to be in harmony with our own history and commensurate with the character of Christianity.

ANNUAL REPORT

It was and is the purpose of the Society to establish a college adjacent to, and ultimately to be affiliated with, a university. After extensive investigation, Tübingen was selected as the most suitable location.

The purpose of this college is to present within the framework of European university scholarship the ideals and experience of Disciples of Christ in their attempt to realize for themselves and share with the Church universal the genius of New Testament Christianity.

It is our conviction that these experiences, gathered over more than a century and a half, have disclosed values which we ought to share with

others. As we have so large a debt to European Christians, so we must not be reluctant to share with Europe that residue of truth which we have been led to cherish.

Our basic purpose is expressed in the light of a fundamental conviction: that our apprehension of Christian truth and life can best influence the Church universal *by introducing it into the intellectual and theological framework of European academic life.*

It is perhaps important to call attention to the tremendous increase in refugees from Eastern Europe now pouring into Germany.

Many of them come from homes which have been previously touched by movements similar to our own. They differ from us in some degree yet are our kinfolk.

We may anticipate a day when the Church will again be free to proclaim the gospel in Eastern Europe. If we are to have a share in the redemption of those oppressed peoples it will be necessary for us to have a ministry through which we may work. The educational program to which the Society is committed lends itself to the accomplishment of that end. Some denominations have sought to meet the emergency by the creation of special training schools. Our program has envisioned the education of a ministry within the best theological and academic tradition in order to give distinction and academic soundness to the ministry representing us. We believe this approach to be in harmony with our own history and commensurate with the character of Christianity.

We are neither unaware nor unappreciative of the contributions being made to ecumenical Christianity by other agencies and enterprises. We have no desire to be in competition with these efforts. Rather, ours is a specific and limited mission, seeking to provide a supplement to work otherwise accomplished.

The funds accruing to the Society from the Crusade made possible opening this new work in Tübingen and the purchase of a site for the college. This land lies in the south side of the city of Tübingen between two major highways.

The building has been approved by the necessary authorities in the city of Tübingen and plans have been drawn by an eminent architect.

Clearance for the first step to secure \$15,000 for the building campaign has been given by the Commission on Budgets and Promotional Relationships. Mr. and Mrs. Stuckenbruck continue their labors ably and devotedly in Tübingen, Germany. Further faithful witness to the Christianity of the New Testament in Europe is being made through their lives. The work is growing in all phases.

International Convention of Disciples of Christ

Gaines M. Cook, Executive Secretary
620 K of P Building, Indianapolis 4, Indiana

HISTORY AND PURPOSE

The International Convention of Disciples of Christ is the outgrowth of our first General Convention held in Cincinnati, Ohio, October, 1849. The present organization of the International Convention (serving churches in United States and Canada) dates to 1917. The Convention office with a full-time staff was opened on October 1, 1946. The incorporation of the Convention was approved at the Cincinnati Assembly in October, 1949.

The Convention office coordinates the commissions and committees appointed each year at the International Convention Assembly and compiles the annual Year Book of Disciples of Christ. Its major task is to efficiently organize and present the annual International Convention Assembly. The office regularly contacts all railroads, airlines and bus companies concerning the transportation problems of our Brotherhood.

The Convention office, through its Department of Public Relations, attempts to provide a united front for the Disciples of Christ to the secular news services. Regular news releases regarding the activities of our various national agencies go out to the major newspapers, radio and television stations. The Department is also developing a training program in public relations for our churches. Press service is provided at each Annual Assembly to report the program and business actions taken.

The Preamble to the present Constitution states clearly the purposes of the International Convention and its relationship to the local churches and to member service agencies.

"Whereas, There is a widespread feeling among Disciples of Christ that a closer cooperation among their various missionary, education, benevolent and other agencies, and a more general fellowship in their common efforts for the extension of the Kingdom of God in the world would result in greater efficiency;

"Therefore, We, members of Churches of Disciples of Christ in convention assembled, reaffirming our steadfast adherence to the independence and autonomy of the local churches and disavowing any control over our congregations or missionary, educational, and benevolent agencies other than that which is advisory, and inviting the fellowship of all brethren in the accomplishment of these ends, do hereby adopt the following: . . ."

REPORT OF THE EXECUTIVE SECRETARY

The Board of Directors held three meetings during the year closing June 30, 1955. Two of these were at Miami, Florida, October 23 and October 30, 1954, in connection with the Annual Assembly; the other in Indianapolis, June 15-16, 1955.

President Riley B. Montgomery, Lexington, Kentucky, in consultation with the Board of Directors, appointed Commissions and Committees in accordance with the Convention By-Laws, to serve both the Annual Assembly and the functions of the Convention between Assemblies. One Commission so appointed is on "Chaplaincy Endorsement." The Committees are as follows: Program and Arrangements for the Annual Assembly, Relief Appeals, Fraternal Relations, Public Relations Advisory and Public Relations Administrative, Necrology, Year Book Publication, Selective Service Status of Ministerial Students, Annual Assembly Exhibits, Recognition of New Congregations, Appraisal of Assembly Resolutions, Relationships with the National Christian Missionary Convention, New York Office, Personnel.

The Nominating Committee is now composed of representatives from state delegations on the Committee on Recommendations elected by the State Conventions. The Time and Place Committee is composed of officers and members of the Board of Directors of the International Convention, and representatives from the reporting agencies to the Convention. The Commission on Budgets and Promotional Relationships and the Commission on Brotherhood Finance are elected by the Annual Assembly.

The Miami Assembly

The Annual Assembly of the International Convention of 1954 was held in Miami, Florida, October 25-31. Total registrations were 8,532. This was the first Convention Assembly in our history to be held in Florida. Cleveland Kleihauer of Hollywood-Beverly Christian Church, Hollywood, California, served as President. By previous action of the Time and Place Committee and the Portland Assembly, no Convention Assembly is scheduled for the year 1955-1956. This is by courtesy to the Fifth World Convention, which was held in Toronto, Canada, August 16-21, 1955. However, twelve Area Christian Assemblies were held in October as follows: Lynchburg, Virginia; Atlanta, Georgia; Pittsburgh, Pennsylvania; Cincinnati, Ohio; St. Louis, Missouri; Omaha, Nebraska; Colorado Springs, Colorado; Spokane, Washington; Bakersfield, California; Wichita, Kansas; Fort Worth, Texas; Memphis, Tennessee. These Assemblies had the sole purpose of appraising the Long Range Program and projecting plans for the remaining years of the decade of the fifties. These were held under the auspices of the International Convention.

The next Assembly of the International Convention is scheduled at Des Moines, Iowa, September 28—October 3, 1956, with Riley B. Montgomery, President of The College of the Bible, Lexington, Kentucky, as President.

Personal Services

The Executive Secretary serves as the administrator of all activities authorized by the Assembly and Board of Directors. He is assisted by a competent staff whose specific responsibilities are outlined later in this

report. He also serves as Secretary to the Commission on Budgets and Promotional Relationships and as the representative of the Convention on various Boards, Committees and Commissions of ecumenical organizations with which the Disciples of Christ are affiliated.

During the year the Executive Secretary fills as many engagements as time will permit with local churches, State Conventions, or other meetings of general Brotherhood interest. We list some of these herewith.

Travel in connection with the Secretary's service totaled 71,883.

Assistant Secretary

Robert L. Lewis, Assistant Secretary, has efficiently conducted his multiple responsibilities, serving as the personal representative to the Executive Secretary in many Brotherhood relations, securing the financial underwriting for the Convention budget, which totaled \$67,924.66, the largest underwriting since the Convention full-time office was established. The new Department of Public Relations has required a significant increase in financial resources. Excellent progress has been made through solicitation of the churches, individuals and foundations to cover the enlarged budget.

Mr. Lewis edited the 1954 Year Book, assisted by Mrs. Lucille Funke, and staff. This volume is being continually improved in both its accuracy and format. As Transportation Director he has served faithfully in helping our ministers and agency staff personnel with travel plans and reduced transportation costs. He has served on a special committee of the Inter-church Transportation Committee in Washington in an attempt to secure reduced clergy rates for airplane travel. Mr. Lewis also assisted the Executive Secretary in setting up the twelve Area Christian Assemblies to be held in the Fall of 1955, visiting Assembly cities and organizing local committees. The first steps have been taken toward organization in Des Moines, Iowa, for the 1956 Assembly.

Director of Public Relations

Ralph C. Neill of Salem, Oregon, was called as Director of Public Relations for the International Convention beginning October 1, 1954. His office has been established at the Convention address, 620 K of P Building, with a full-time secretary, Mrs. Olive Dorman. Mr. Neill has already demonstrated his ability to interpret the life of the Disciples of Christ to the public through press contacts and releases, numerous articles and news stories and tireless efforts in visiting Conventions and gatherings of all types where history is being made by our Brotherhood. Serving with Mr. Neill is a thirty-member Advisory Committee and a fifteen-member Administrative Committee, who meet annually to review the program and plan for the future. The Department of Public Relations is a new venture for the Disciples of Christ. It has already become established and will bear significant fruit in the days ahead.

Recording Secretary

Miss Gertrude Dimke, who has been with the International Convention office since its opening in October, 1946, serves as the personal secretary to the Executive Secretary; records and disseminates information regarding the procedures of the Annual Assembly; she serves as bookkeeper for the entire operations of the Convention office, including Year Book and Public Relations; prepares reports for all general and special meetings of the Board of Directors and Committees, and carries heavy responsibilities for program set up of Annual and Area Assemblies.

Ministers' File

Mrs. Margia Weesner has been added to the staff with major responsibility for maintaining the master ministers' file. This is a week-by-week responsibility for keeping addresses, noting ministerial changes and the addition of newly ordained ministers to the working list of the Disciples of Christ ministry. This operation is an integral part of the annual compilation of the Year Book.

Convention Relationships

The continuing organization effected by the officers and staff of the International Convention enables sixteen national boards to report to the Brotherhood and makes possible a clearinghouse for both Disciple and interdenominational relationships. The Annual Assembly, of course, is the focal point in the Convention's services. It is here that those who attend and register are enabled to commend, endorse and make constructive suggestions for the units of work reporting to our Brotherhood.

The Convention office maintains liaison relationship to the entire organizational life of our Brotherhood. This includes, through the Secretary or otherwise, membership on such important relationships as the Council of Agencies, the Home and State Missions Planning Council, National Association of State Secretaries. Representation is shared in an advisory capacity with all of the major boards reporting to the Convention. All appointments to the World Council of Churches and the National Council of Churches, and subsidiary committees are cleared through the executive officers of the Convention.

Board of Directors
International Convention of Disciples of Christ
Indianapolis, Indiana

Gentlemen:

We have examined the cash records of the International Convention of Disciples of Christ for the year ended June 30, 1955. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying statements of financial condition and income present fairly the financial position of the International Convention of Disciples of Christ at June 30, 1955, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The working balance in the year book fund represents only a temporary balance to be absorbed as a reduction of costs of the 1955 year book when its net cost is assessed to participating organizations after issuance.

Yours very truly,

GEO. S. OLIVE & Co.

Chaplaincy Endorsement Commission of the International Convention

Frederick W. Helfer, Chairman, Baltimore, Maryland
620 K of P Building, Indianapolis, Indiana

PURPOSE

The various sections of the military chaplaincy, Army, Navy and Air Forces, with the Veterans Administration Chaplaincy, assign each denomination or communion a quota, based on that communion's strength in the U. S. A. and the required needs of additional chaplains. Standards are set by these organizations such as age, education and training, and general fitness. Our Commission is asked to endorse only such men as shall be representative of the highest quality of the spiritual and moral integrity of our ministry, and to retain such relationships with our chaplains as to be able to withdraw endorsement should any prove unworthy, or be found undesirable for such duty.

ANNUAL REPORT

The Commission operates on a voluntary basis on behalf of our Brotherhood, as a patriotic service to our country. Our responsibility is the approval or disapproval of applications for Ecclesiastical Endorsement or Reendorsement of the Army, Air Forces (including Civil Air Patrol) Navy and Veterans Administration, and the withdrawal of Ecclesiastical endorsement should a chaplain prove unworthy; to select the highest type chaplains possible for spiritual ministry to the men and women in the various branches of the Military and the patients and personnel in the Veterans Administration Hospitals, and to maintain Brotherhood ties with our chaplains in this most challenging ministry.

Committee on Selective Service Status of Ministerial Students of the International Convention

REPORT FOR THE YEAR CLOSING JUNE 30, 1955

Harlie L. Smith, Chairman
George Earle Owen
Ephraim D. Lowe
Kenneth E. Thorne
Jay Calhoun, Secretary

The Committee on Selective Service Status of Ministerial Students of the International Convention was created to give guidance and assistance to ministerial students who need deferment from military training in order to study for the ministry.

During the past fiscal year this committee corresponded with 154 young men in regard to securing their IV-D status of deferment. In a number of instances this involved correspondence with local, state, and national Selective Service boards.

The following procedure, based on United States Selective Service requirements, is recommended for securing deferment. Selective Service requirements make it necessary:

1. That the candidate sign a life commitment card stating his intention to go into full-time vocational Christian service.
2. That he obtain three copies of the following statements: (a) an affirmation from his local church that he is known to be a candidate for the ministry and that the church recommends him for deferment, (b) a letter from the college he is now attending or will attend stating that he is registered as a student, (c) a statement from a recognized graduate school of religion stating that he is pre-enrolled as a ministerial student.

The candidate should give the first copy of each of these statements to his draft board, the second copy of each should be sent to the above-named committee and the third copies are for his own file. On receiving the three statements and life commitment card the Committee on Selective Service Status of Ministerial Students grants a certificate of recognition to the young man and sends a copy of the certificate directly to his Selective Service board.

In emergency cases the committee stands ready to appeal to Selective Service for young men who have met these requirements and for one reason or another have not been granted IV-D status.

A leaflet entitled "Selective Service Requirements for Young Men Planning to Enter the Ministry" may be secured without charge from the International Convention office, 620 K of P Building, Indianapolis 4, Indiana.

Commission on Budgets and Promotional Relationships of the International Convention

HISTORY AND PURPOSE

The Colorado Springs Assembly of the International Convention, 1923, approved a resolution calling for "the appointment of a permanent Commission on Budgets and Promotional Relationships to which shall be submitted all the budgets of the cooperating agencies. When such budgets shall have been reviewed and approved by the Commission, they shall be recommended to the churches. Full report of the actions of this Commission shall be made to the succeeding International Convention for its review and approval. . . . We further recommend that this Commission shall consist of twelve members, none of whom shall be an employee of any of the cooperating agencies. . . ."

It was recommended "that the Commission on Budgets and Promotional Relationships, when appointed, shall ask the cooperating agencies to be governed in submitting their budget askings by the following principles:

"1. Budget askings should be based upon the needs of the field, and cooperating agencies may accompany all proposed budgets with statements and surveys to support their askings."

2. It was recommended "in the case of emergencies or crises arising within the fiscal year affecting any of the cooperating agencies, that a special session of the Commission on Budgets and Promotional Relationships, in conjunction with a special session of the Administrative Committee of the International Convention, may be called at the expense of the agencies asking for such a meeting."

The Commission on Budgets and Promotional Relationships has functioned each year since 1923. The wisdom of constituting this Commission has been demonstrated through the universal acceptance of the guidance of the Commission by all agencies reporting directly or indirectly to the International Convention; also by the churches who recognize that appeals for funds for causes which have been approved by the Commission have been studied and carefully weighed as to their relative importance. Thus, good balance has been maintained in the solicitation and expenditure of funds contributed by local congregations for the total work of the Disciples of Christ.

COMMISSION ON BUDGETS AND PROMOTIONAL
RELATIONSHIPS
ANNUAL REPORT

ANNUAL REPORT

J. Clifford Shirley, Chairman

Presiding during the Annual Meeting, March 1-4, 1955—J. Clifford Shirley.

Present: Commissioners J. Clinton Bradshaw, Homer W. Carpenter, Herbert L. Andrew, M. M. Hargrove, Fred Henderson, George E. Hicks, William L. Jones, Garth Henrichs, Monroe G. Schuster, J. Clifford Shirley, Charles Severns, Executive Secretary Gaines M. Cook, Recording Secretary Gertrude Dimke.

Prayer—Dean M. M. Hargrove.

Presentation of regrets from Commissioner Edward S. Moreland.

Presentation of Agenda, Executive Secretary Gaines M. Cook.

Secretary Cook presented the minutes of the 1954 Annual Meeting, and recommended approval.

VOTED approval of the minutes of the 1954 Annual Meeting.

Assignments were made to five subcommittees to study reports as filed with the Commission.

Hearings

Hearings of askings for capital funds were heard as follows:

A. Midway Junior College, Midway, Kentucky, through its representative, David L. Cleveland, presented a request for \$200,000 (\$100,000 for each of two years) to be raised by personal solicitation from constituency, from churches in Kentucky, and other individuals who are friends of the College. Solicitation is to begin during the summer of 1955. The purpose is for the erection of a new dormitory with a capacity of 125-150 students. These will be Junior College girls. Mr. Cleveland stated that other resources from the Wisdom Estate were available for underwriting part of the cost of the new dormitory.

VOTED approval of the request of Midway Junior College for solicitation of \$200,000 (\$100,000 per year for each of two years) for funds to be used in the erection of a new dormitory at Midway Junior College beginning in the summer of 1955.

B. The Oregon Christian Student Foundation, Inc., through its representative, State Secretary Charles H. Addleman, presented a request for \$54,494.98 capital investment funds for the Oregon Christian Student Foundation, to be divided as follows: Eugene Christian House—\$33,994.98; Corvallis Christian House—\$20,500, to be used in connection with buildings and furnishings of the two Houses, to be raised in a campaign to extend three years. The solicitation is to be made in the State of Oregon from church sources, with goals to be determined by the Foundation.

VOTED approval of a capital funds campaign for the Oregon Christian Student Foundation, Inc., to be solicited in the State of Oregon over a two-year period, in the amount of \$54,494.98, solicitation to be divided equally between the two years.

C. The Disciples of Christ Historical Society, through its representative, James E. McKinney, presented a request for a \$50,000 capital askings campaign for the purpose of equipping and furnishing the proposed Dis-

ciples of Christ Historical Society Headquarters Building for which a gift of \$500,000 has already been received from the Phillips Family of Butler, Pennsylvania. The campaign is to extend for a period from July 1, 1955, to June 30, 1957, with one-half of the \$25,000 to be solicited during each of these years. The funds are to be solicited from individuals.

VOTED approval of the request of the Disciples of Christ Historical Society for capital askings of \$50,000 over a period of two years (\$25,000 annually), the campaign to extend from July 1, 1955, to June 30, 1957, solicitation to be made from individuals.

D. Oklahoma Christian Home, approved by the Oklahoma State Convention and the National Benevolent Association, presented through its representative, Hallie G. Gantz, a request for permission to secure a total of \$200,000 to be solicited beginning July 1, 1955, and closing June 30, 1958, solicitation to be made from churches in Oklahoma. The presentation included a request for the release of the previous commitment of \$40,000 from Oklahoma in behalf of the Illinois Christian Home at Jacksonville. It was reported that the National Benevolent Association had agreed to this release. A statement by Secretary Eric Carlson indicated that savings in material and construction costs in connection with the Jacksonville project had been effected to the extent that no increased burden would be placed upon other states, Illinois, Missouri and Arkansas, in the Jacksonville area. It was reported that through State Convention action and other expressions throughout Oklahoma that a need exists for a new Home for the Aged serving the State of Oklahoma.

VOTED approval of the request for \$200,000 capital funds for the erection of an Oklahoma Christian Home during the period July 1, 1955, to June 30, 1958, with one year for solicitation.

VOTED acceptance of the National Benevolent Association recommendation that the capital askings from Oklahoma previously approved for the Illinois Christian Home be transferred to the Oklahoma Christian Home, and that a reallocation of approved solicitation for the Illinois Christian Home be as follows: Illinois—\$60,000; Missouri—\$60,000; Arkansas—\$15,000.

E. The College of the Bible, Lexington, Kentucky, through its President, Riley B. Montgomery, presented a report on the survey made by the Board of Higher Education which is the basis of a proposed Centennial Development Campaign to culminate in 1965. From this report it is anticipated that by 1965 student enrollment will be between 240 and 270. New buildings and equipment and faculty will be needed to accommodate a student body of doubled size. An over-all goal of \$5,500,000 is needed to meet the above requirements. Of this amount \$1,695,000 will be required for land and buildings; \$3,805,000 for added endowment. The presentation included an immediate request for \$1,695,000 to be solicited as follows: \$500,000—1955-1956; \$500,000—1956-1957; \$695,000—1957-1958.

F. The Christian Churches of Kentucky presented, through the President of the Kentucky Convention of Christian Churches, James A. Moak, a request to continue the Kentucky Christian Advance, or a similar program, and specifically requested the privilege of raising \$200,000 over and above giving during the missionary year, 1955-1956, for the Kentucky agencies in Unified Promotion. This request included the employment of a

staff person to promote this program and Unified Promotion in Kentucky. Additional statements were made by Wayne Braden and Forrest King. Following the hearing, which was similar to a presentation also made to the Commission on Brotherhood Finance, a joint meeting of the two Commissions was held on Thursday night, March 3.

Subsequently the Commission on Brotherhood Finance reported as follows:

“The Commission on Brotherhood Finance approves the joint request of The College of the Bible, Transylvania College and the Kentucky Christian Missionary Society to raise in Kentucky \$200,000.00 over and above during the year July 1, 1955, to June 30, 1956.

“With regard to the plan outlined as ‘Unified Program of the Christian Churches in Kentucky’ since this pertains to policy we set forth our views as follows:

“We are in accord with ends sought to be attained by the plan designated ‘Unified Program of the Christian Churches of Kentucky,’ namely increased support by the churches in that state to Unified Promotion and the causes that are in Unified Promotion located in the State of Kentucky, The College of the Bible, Transylvania College and the Kentucky Missionary Society.

“Since the plan proposed constitutes a departure from the pattern under which Unified Promotion has heretofore operated and if effective will doubtless become the pattern for similar proposals from other areas within Unified Promotion we believe that the plan merits careful study and consideration by agencies cooperating in Unified Promotion. This plan may well have in it the seeds out of which there can be evolved a new plan which will strengthen the total work of our Brotherhood.

“We have no desire to defer action for purpose of delay. We feel that the proposed plan merits prompt, careful and thorough study—

“We respectfully recommend:

1. That the proposals outlined in the plan designated ‘Unified Program of the Christian Churches in Kentucky’ be given prompt and full consideration by Unified Promotion, the agencies in Kentucky cooperating in Unified Promotion and the Commission on Budgets and Promotional Relationships to the end that appropriate action at policy making levels be taken on the proposals outlined in this plan not later than March, 1956, so that whatever plan or policy is evolved may become effective July 1, 1956.
2. That everything be done in the spirit of Brotherhood.”

VOTED: approval of the recommendation of the Commission on Brotherhood Finance as submitted above.

The Commission on Budgets took the following additional action for implementation,

VOTED that a committee composed of J. Clinton Bradshaw, William L. Jones, and Gaines M. Cook ex officio be appointed to represent the Commission on Budgets and Promotional Relationships and to initiate the study called for in the above action, requesting representatives from Unified Promotion and the Kentucky agencies

involved, to meet with the Committee from the Commission on Budgets and Promotional Relationships for consultation as to ways and means to carry on this study for report not later than March, 1956.

G. Christmount Christian Assembly, Inc., presented through Vice-President Walter A. Davis, a report on the status of Christmount, requesting a continuation of the previously approved campaign for capital funds in the amount of \$40,000. He stated that 54 lots have been sold and approximately \$18,000 collected. All proceeds from the sale of lots are now earmarked for capital improvements, e.g., water supply, sewer, roads, etc. Plans are under way to spend approximately \$20,000 for the connection of the public sewer line to the boundary of the Christmount property. It is planned to erect a utility building costing \$15,000 as the first of a series of buildings on the Assembly Grounds.

VOTED: approval of the extension of the previously approved Christmount campaign for \$40,000, with the understanding that upon the completion of this phase of development funds, other capital askings are contemplated.

H. National City Christian Church, Corporation, requested through J. Warren Hastings, pastor, permission to solicit Disciples of Christ Churches and individuals for \$25,000 per year for the next two years, July 1, 1955, to June 30, 1957. Mr. Hastings reported that the Alexander Campbell Education Building, dedicated November 6, 1954, represents an investment, with furnishings, of \$700,000. There is an indebtedness of \$250,000 financed at 4½%, and that payments will amount to \$24,000 per year.

I. The Ohio Christian Missionary Society, represented by Executive Secretary Herald B. Monroe and President Franklin H. Minck, presented a revised request for funds for the establishment of new churches. The Board of Managers of the Ohio Christian Missionary Society authorized a survey which revealed immediate opportunities for 15 new churches, and recommends a 5-year program for the erection of these churches for which solicitation is agreed in the amount of \$450,000 for the period. The Commission on Budgets in their 1954 Annual Meeting approved a campaign for \$25,000 per year for three years. The revised recommendation is based upon the fact that the previous plan was inadequate and unworkable.

**Additional Campaigns for Capital Funds
Non-Unified Promotion**

VOTED to extend for one year the \$15,000 campaign previously approved in behalf of the European Evangelistic Society.

The Butler School of Religion has an informal request on record for \$150,000 for a new dormitory. During the past year approximately \$50,000 has been given to the dormitory fund. Solicitation has been to individuals. Some church groups have contributed. A communication from Dean O. L. Shelton restates future needs in addition to report of the above funds.

VOTED that a communication be sent to the Butler School of Religion requesting that the School notify this Commission immediately upon their decision to activate the campaign.

COMMISSION ON BUDGETS AND PROMOTIONAL

It is anticipated that solicitation will be completed by the end of the year, June 30, 1956, with collections to be made as soon as possible thereafter.

VOTED approval of the continuing campaign for Northwest Christian College, now stated as \$125,000 over a three-year period, with a ceiling of \$50,000 for the first year.

VOTED that the request of the Purdue Christian Foundation for the completion of solicitation and collection of funds for the \$10,000 building improvement project be extended to December 31, 1955.

**Campaigns for Capital Funds
Unified Promotion**

Alabama—request Alabama Christian Advance, \$100,000 for new church foundation development, to be raised in 3 years, 1954-1957.

\$30,000 approved by the Commission on Brotherhood Finance for 3 years, subject to review annually.

Arizona—request campaign for \$2,500 per year for new church development, a goal of \$1.00 per capita, to begin July 1, 1955, and continue indefinitely.

\$2,500 approved by the Commission on Brotherhood Finance for 3 years, subject to review annually.

Arkansas—request campaign for \$40,000 to complete a \$75,000 commitment made by State Convention in 1946 to provide a "Chair of Christian Statesmanship" at Phillips University, to begin July 1, 1955, to June 30, 1957—\$20,000 per year.

COMMISSION ON BUDGETS AND PROMOTIONAL
RELATIONSHIPS
ANNUAL REPORT

The Commission on Brotherhood Finance voted to refer this request back to the Arkansas State Convention for further study and requests that it be presented at a later date for approval.

California North—request campaign for \$300,000 over a 5-year period for a new church development. This would continue the present campaign in progress on a slightly different basis, to begin July 1, 1955, and end June 30, 1960.

\$60,000 per year approved by the Commission on Brotherhood Finance for 3 years, subject to review annually.

California South—request campaign for \$100,000 per year for a 5-year period—this would continue the program now in progress to begin July 1, 1955, ending June 30, 1960.

\$100,000 (\$90,000 to churches and \$10,000 to individuals) approved by the Commission on Brotherhood Finance for a 3-year period, subject to review annually.

Capital Area—request to continue present campaign for \$10,000 per year for the Bethany Beach Building Fund, new campaign to begin July 1, 1955, ending June 30, 1957.

Note: \$4,000 per year is to be solicited among the churches of the Washington District. Campaign to begin July 1, 1955, and end June 30, 1960.

\$10,000 per year approved for 3 years by the Commission on Brotherhood Finance, subject to review annually.

Colorado—request for approval to continue the present program (amounting to \$32,000 for debt retirement) for one year, 1955-1956, for approximately \$6,000.

\$6,000 approved by the Commission on Brotherhood Finance for one year, 1955-1956 only.

Florida—request approval to continue \$60,000 campaign for Silver Springs Conference Ground for a period of 2 years, July 1, 1955, to June 30, 1957.

\$10,000 approved by the Commission on Brotherhood Finance to June 30, 1957.

\$10,000 approved by the Commission on Brotherhood Finance for 3 years, subjected to review annually, according to the following schedule:

1955-1956	\$10,000
1956-1957	\$11,000
1957-1958	\$12,500

Illinois—request to register a \$100,000 campaign for new church development, to follow the campaigns in progress in the state. This campaign would be extended over a 2-year period.

The Commission on Brotherhood Finance reported that the request from Illinois has been registered and placed on file until further action from Illinois.

Note: Subsequent action by the Commission on Budgets and Promotional Relationships is as follows:

The Commission on Budgets notes this filing, but places in the record the fact that this does not imply priority.

Indiana—request for approval of campaign for \$49,185 during 1954-1955 to erect cabins at camp, and to maintain camps until regular maintenance funds can be promoted.

The Commission on Brotherhood Finance approved the campaign in accordance with the amount of \$49,185 and the purposes for which the request was made.

Iowa—the previously approved campaign for \$100,000, July 1, 1954, to June 30, 1956, was reviewed by the Commission on Brotherhood Finance.

Louisiana—review of the Louisiana Society's campaign for \$5,000 per year for new church development for 3 years, June 30, 1954, to June 30, 1957, promoted through the men of the C.M.F.

Michigan—request for approval to raise \$14,000 for a Crystal Beach campaign, July 1, 1955, to June 30, 1956, on the basis of \$1.50 per capita church membership. This is actually a continuance of the campaign in progress on a slightly different basis.

\$14,000 approved by the Commission on Brotherhood Finance for a one-year period.

Missouri—request for approval of a \$300,000 campaign for new church development, camp property and office building, campaign to begin July 1, 1955, to continue to June 30, 1958. Allocations as follows:

\$100,000 approved by the Commission on Brotherhood Finance for 3 years, subject to review annually.

Montana—request approval of campaign for \$5,000 for new church development, beginning May, 1955, ending December 31, 1956.

\$3,000 approved by the Commission on Brotherhood Finance for the period stated.

New Mexico—request that in lieu of a previously approved campaign to raise \$9,000 for new church development in 1954-1955 and 1955-1956, which has been inactive to date, a new request be approved to raise \$4,000 per year for new church development on the basis of \$1.00 per member per year, starting July 1, 1955, for an indefinite period.

\$4,000 per year approved by the Commission on Brotherhood Finance, with the understanding that the old campaign has been canceled, subject to review annually.

North Carolina—request for a campaign of \$100,000 for new church development over a five-year period starting July 1, 1955, ending June 30, 1960.

\$20,000 per year approved by the Commission on Brotherhood Finance for 3 years, subject to review annually.

Oklahoma—request approval to raise \$60,000 for new church development for 2 years beginning July 1, 1955, ending June 30, 1957. The request lists 13 church locations, a \$10,000 indebtedness on 2 parsonages, and \$3,400 promotional expense.

\$30,000 approved per year for 2 years by the Commission on Brotherhood Finance.

COMMISSION ON BUDGETS AND PROMOTIONAL
RELATIONSHIPS
ANNUAL REPORT

Ohio—The Commission on Brotherhood Finance recommends approval of solicitation for \$90,000 per year for a 3-year period ending June 30, 1958, with the provision that the campaign is to be reviewed annually.

Pennsylvania—The Commission on Brotherhood Finance has been advised that the Pennsylvania Christian Missionary Society is raising funds for the Pennsbury Heights Church in Bucks County near Philadelphia by selling bonds in the amount of \$40,000 and have immediate cash for construction. These bonds are to be retired over a 10-year period by gifts from the Pennsbury Church and gifts from other churches and individuals in Pennsylvania.

The Commission on Brotherhood Finance has authorized a communication to Pennsylvania to determine the sources and method of the \$40,000 bond retirement campaign.

South Carolina—The Commission on Brotherhood Finance reviewed a previously granted request for \$1,000 per year for 3 years for new church development, ending June 30, 1957.

Tennessee—request a campaign for \$85,000 to be used as follows: new church development, \$50,000; retirement of indebtedness of Vanderbilt Disciples House, \$10,000; expansion of the facilities of the Disciple House, \$25,000, for a 3-year period beginning July 1, 1955, ending June 30, 1958.

\$28,333 per year approved by the Commission on Brotherhood Finance for 3 years, subject to review annually.

Texas—review of previously approved campaign of \$50,000 per year for new church development through 1954-1955 and 1955-1956.

Washington—request approval to continue indefinitely its present program of receiving funds for new church development.

\$1,000 per year approved by the Commission on Brotherhood Finance for 3 years, to be subject to annual review.

United Christian Missionary Society—review of approved campaign of \$500,000 per year for Capital for Kingdom Building program, through June 30, 1957.

National City Christian Church—The Commission on Brotherhood Finance recommends approval for the solicitation of funds to apply on building indebtedness in the amount of \$25,000 per year for 2 years.

Atlantic Christian College—has approval to raise \$400,000 for a new building program with promotion to be made to individuals, corporations and foundations. This approval extends through 1955-1956.

The Commission on Brotherhood Finance approved a new campaign for \$100,000 per year for 3 years from individuals and corporations, to be reviewed annually.

Bethany College—requests approval to extend the present campaign for \$872,000. \$400,000 to be promoted among the churches through June, 1957. It is estimated that only \$10,000 will be raised during the year 1954-1955, and that the remaining \$390,000 be spread over a proposed 2-year period.

\$195,000 per year approved by the Commission on Brotherhood Finance, which is an extension of the campaign for 2 years, to June 30, 1957.

The College of the Bible—The Commission on Budgets received the following recommendation from the Commission on Brotherhood Finance:

“Recommendation that a campaign for \$500,000, \$500,000, \$695,000 be approved for the years 1955-1956, 1956-1957, 1957-1958, respectively,

with the understanding that these funds are to be solicited from individuals and not from church budgets, subject to review annually."

Eureka College—has approval to raise \$125,000 for building program, approved through June, 1957. \$62,500 per year reviewed by the Commission on Brotherhood Finance.

Lynchburg—request for \$470,000 campaign to be conducted over a 3-year period, beginning July 1, 1955, ending June 30, 1958, with the breakdown as follows:

\$ 50,000 to apply upon the cost of the new women's dormitory,
270,000 from corporations for a new science hall,
50,000 from foundations to apply on new library.

In addition to this new campaign a request for extension of the previous campaign to collect \$60,000 pledged but unpaid.

\$85,000 per year approved by the Commission on Brotherhood Finance as a new request for 3 years for Lynchburg, subject to review annually.

Approval to collect \$60,000 pledged but unpaid from former campaign.

Transylvania—has approval to raise \$1,500,000 for building program and liquidation of indebtedness.

The Commission on Brotherhood Finance reviewed this campaign and noted the objective of \$451,982 to be solicited from corporations next year.

Illinois Disciples Foundation—requests approval to solicit certain churches in Illinois heretofore unable to contribute to the Illinois Christian Advance, closing June 30, 1955. \$80,000 of the Illinois Christian Advance is not pledged at the present time. The request is for approval to raise 60% of the uncollected balance of the Illinois Christian Advance as of June 30, 1955, but not more than is required to finish and equip the Student Center Building.

\$80,000 approved by the Commission on Brotherhood Finance for the completion of the project within the time limit, December 31, 1955, subject to the approval of the Illinois State Unified Promotion Committee.

Note: This is a total of approved campaigns for the period indicated of \$3,313,315.

Action by the Commission on Budgets and Promotional Relationships

VOTED approval of the total campaign askings of \$3,313,315, recommended by the Commission on Brotherhood Finance as allocated to the institutions and agencies in Unified Promotion, and scheduled in the above report.

VOTED that the Commission on Budgets and Promotional Relationships approve the following recommendation as submitted by the Commission on Brotherhood Finance:

“To approve the budgets of the agencies in Unified Promotion for 1955-1956 in the amount of \$4,317,750 to be prorated to the agencies according to over or under receipts for the 1955-1956 fiscal year.”

Special Actions

VOTED approval of the proposed Unified Promotion operating budget of \$184,550.60.

VOTED to approve the askings of the Week of Compassion Committee for \$525,000 in 1956.

VOTED that the request of the Pension Fund, Disciples of Christ, for the observance of the Week of the Ministry, October 7-14, 1956, be approved.

VOTED that Higher Education Day, as recommended by the Board of Higher Education and observed by the National Council of Churches, be approved as the second Sunday after Easter, as a fixed date in the promotional calendar.

VOTED approval of the plan adopted by Unified Promotion for Student Work as follows:

“(1) That the Student Work Office of the United Christian Missionary Society would be permitted to prepare literature and

COMMISSION ON BUDGETS AND PROMOTIONAL RELATIONSHIPS ANNUAL REPORT

in other ways assist student centers and state student work organizations in promoting and publicizing this plan.

“(2) The state missionary societies and/or their Departments of Campus Christian Life be permitted to make Home Church Plan appeals for funds for the development of a student work program in all student centers where the Disciples of Christ have a responsibility.

“(3) That for a period not to exceed five years state societies and student centers be permitted to approach the churches on an ‘over and above’ budget basis.

“(4) And that distribution of such funds between Student Work in the state and national office be on the basis of the Parent Plan (10%, national; 90% state). This division of funds should be considered an interim procedure until such time the agencies involved can reach a final agreement on that percentage or some other percentage to be determined.”

VOTED that the Council of Agencies be requested to prepare a pamphlet which would offer assistance and guidance to organizations and agencies contemplating capital fund campaigns.

VOTED that the sub-committee composed of W. L. Jones and M. M. Hargrove on Higher Education be continued.

VOTED that the sub-committee on new churches composed of Fred Henderson and J. Clinton Bradshaw be continued.

VOTED that the following policy be recommended with respect to capital fund campaigns:

Such campaigns should be started promptly and, when possible, kept current by attaining the yearly goals approved so as not to create the necessity for an intensified effort in the last year or years of the campaign. Campaigns for capital funds extending over several years keep other agencies from the field and intensified endings are apt to be harmful to other needed causes of the Brotherhood. Annual reviews of extended campaigns are made and campaigns are approved for periods of time not to exceed three years. Requests for approval of a capital fund campaign should be based on the amount of collections to be made in the year for which approved.

A communication was received from C. M. Rodefer of San Diego, California, requesting that a study be made of designated monies for causes of the Brotherhood. The study should include:

- a. The Disciple history of designated gifts.
- b. History of other denominations if known or obtainable on the same subject.
- c. The actual provisions under Unified Promotion by which designated money is at the present time accepted.
- d. The obligation of the recipient agency of designated gifts as to their application.
- e. The importance of clear reporting of all designated giving.

VOTED that the Executive Secretary be authorized to write to Mr. Rodefer advising him that his letter has been read before the Commission and that consideration has been given to it, and that future attention will be given to his request.

VOTED that an expression of appreciation be extended to Miss Gertrude Dimke, Recording Secretary, and Dr. Gaines M. Cook, Executive Secretary, for their assistance to the Budget Commission.

VOTED that an expression of appreciation be extended to Mr. Glenn Lacy, Research Director for the Commission on Brotherhood Finance.

VOTED that an expression of appreciation be extended to Chairman Shirley and Vice-Chairman Carpenter for their services in presiding over the sessions of the Commission on Budgets and Promotional Relationships.

The Nominating Committee reported the recommendation of the following selection as officers and members of the Executive Committee for the ensuing year:

Chairman, Dean J. Clifford Shirley

Vice-Chairman, Dr. Homer W. Carpenter

Member of the Executive Committee, Mr. J. Clinton Bradshaw

Adjournment.

Respectfully submitted,

J. Clifford Shirley, Chairman
Gaines M. Cook, Secretary

National Association of State Secretaries

Ralph E. Valentine, President
414 Eighth St., Huntington, West Virginia

HISTORY AND PURPOSE

The National Association of State Secretaries is a professional fellowship of State Secretaries and the Secretary of the All-Canada Committee. It should be distinguished from a national association of State Missionary Societies inasmuch as it is not involved either financially or organizationally with these Societies.

The purpose is stated thus in the constitution of the Association: "The object of this Association shall be to promote fellowship, to acquaint one another with the methods of work employed in the different states, to promote the efficiency of the work for which its members are responsible. To co-ordinate programs and plans of work for state missions, to assemble reports of work actually done through the State Society, to present the same to the International Convention of Disciples of Christ, in the religious press of the Brotherhood, and in these and other ways to bring upon the Brotherhood life the impact of the total work of State Missions."

The State Secretaries Association meets annually to discuss problems of mutual interest, and to share experiences of the various Secretaries in the administration of their work of state missions. This organization raises no money except for expenses incidental to the work of its officers, such as printing, correspondence, reports to the Annual Program Book and Year Book.

Through this Association representatives are nominated to the various agencies, councils and committees where representation of the State Secretaries is indicated.

One of the outstanding values of this Association is to be found in the opportunity for fellowship and personal acquaintance of the Secretaries themselves. These men have many common problems, and in the administration of their work, share common ideals as servants of the churches. Through the Association they are enabled to speak with a common voice on matters of Brotherhood policy in which they have earned the right to become well informed.

At the annual meeting of the Association, national Secretaries whose programs are related to the State Secretaries' office are invited for consultation.

HISTORY AND PURPOSE

In February, 1886, a group gathered in St. Louis, Missouri, to discuss the problem of the orphaned baby and the aged men and women of the Christian churches. Gradually a plan took shape, and on March 10, 1887, an organization was formed, a charter secured, and the National Benevolent Association of the Christian Church was born. The purpose, as set forth in the Charter, was: "To help the helpless, to give a home to the homeless, to provide care for the sick, and comfort for the distressed."

From that beginning 68 years ago, 15 NBA Homes have grown—7 for children and 8 for aged. As it was never the intention of the NBA to centralize its work, these Homes developed from coast to coast where the need existed and the money was available.

Nearly 1,400 persons are served annually, and about 25,000 have been given Christian care since 1887. Other thousands, whom these NBA Homes are not equipped to serve, have been directed to other agencies. Each year about 900 children live in our 7 NBA Homes because they have lost one or both parents by death, were victims of broken homes, were wards of the juvenile courts, abandoned children, foundlings, or children born out of wedlock. 6 NBA Homes for Aged are totally dependent upon our churches for full support. 2 NBA Homes, dedicated in 1949, require partial church support for aged pensioners, retired full-time Christian workers, and a few able to pay for their care. Faithful members of the Christian Churches, past 70 years of age, in a state of health acceptable to the Admissions Committees of the Homes, and who are without sufficient means to live elsewhere may become residents of the NBA Homes for Aged. They pay an admission fee of \$100 or \$150 for a couple, bring what they have, and the church supplies what they lack. 492 were served last year. The Christmas Offering of the Brotherhood has been designated for these 15 NBA Homes.

Many doctors across the country contribute their valuable services to the various homes. The immediate oversight of each Home is committed to a Board of men and women, members of the churches in the Area where the NBA Home is located. Over 360 pastors, laymen and women serve on our 15 Home Boards. The National Benevolent Association, with headquarters in St. Louis, is the administrative body for the various Homes and members of the NBA Board of Trustees are approved in open assembly of the International Convention.

Sixty-Eighth Annual Report

The National Benevolent Association of the Christian Church is happy to present herewith its Sixty-Eighth Annual Report of service rendered and support received.

Each of the fifteen Homes in operation as of April 30, 1955, has rendered an outstanding service. During this period 1,394 persons found help in a time of need in a Christian Home. Of this number, 868 were children, 492 were older folk and 34 were mothers who found shelter in time of crisis in their lives. There are now in operation seven Homes for children and and eight Homes for those who have reached their fulfillment years. A new Home for the Aged has been incorporated in the State of Oklahoma and a Board of Trustees elected by the 1955 State Convention of our churches. Mr. Elbert Whitwell has been employed to direct the campaign for funds, and it is anticipated the Home will be in operation by January 1, 1957. A beautiful ten-acre tract of land has been purchased at Edmond, Oklahoma, which is about ten miles north of Oklahoma City, in the center of the state. This will be the 16th Home of the NBA and will serve state-aiders and those who have pensions from private sources or Social Security benefits. They will pay for their care as they are able, and our churches in Oklahoma will provide the added support needed from year to year. With eight Homes serving 492 older folk, the largest number ever served in a single year by the Homes of the NBA, there yet remains a waiting list of 124 approved applicants. The average church membership of the 492 residents in these Homes is 44.4 years. What a privilege it is to provide them with security, Christian love and companionship in their sunset years. It has been said that this age is "the age of the aged." With an estimated 13½ million people 65 years of age or older in our country, there is a growing need that careful planning be made for their welfare. Homes such as those of the NBA are a part, and a very important part, of that planning. It is further estimated that by 1965, or ten years hence, the number of older citizens in our country will reach the surprising figure of 20 millions. Here is a growing opportunity for the church to make a significant contribution to an important age group in our population. Perhaps the time has come for our churches to consider employment of a Minister of Senior Citizens as well as Minister of Youth.

Most of the children in our Homes come from broken family circles. Perhaps death has removed father or mother; perhaps divorce has brought its tragic heartbreak and separation for the children; perhaps illness has disrupted the family circle; perhaps unworthy parents have neglected them. Whatever the cause of their need, the Homes of the NBA ministered to them, limited only by their capacity and facilities to meet the need. Thirty-six children lived in foster homes under supervision of the NBA Homes and fifty-three children were placed for adoption. 588 applications for the care of children were received which could not be acted upon favorably but were referred to other agencies. Many had a special claim upon the church but could not be received because of lack of room or facilities to meet the need.

Notable achievements during the year which closed June 30, 1955, include: Dedication of a new addition to the California Christian Home, which increases the capacity to 100 and provides more room to care for those who become chronically ill; the dedication of a new addition at the Cleveland Christian Home, which provides a hospital service for the care of children, an apartment for the Superintendent, and adds to the recreational and storage areas at the Home; the dedication of a second Bedside-Care Unit at the Florida Christian Home in Jacksonville, which increased the capacity to about ninety and provides more adequate facilities to serve those who require nursing care. The Colorado Christian Home celebrated its 50th Anniversary and has completed and dedicated additions and alterations which will add tremendously to the effectiveness of its service to children. Under the strong leadership of Mr. James H. Tilsley, this Home is making a significant contribution to rehabilitating families of the children who live at the Home and has succeeded in returning many children to their own homes. The Emily E. Flinn Home has started construction on the completion of its magnificent building as originally planned by the architect. The Illinois Christian Home's nursing care addition is about completed and will be dedicated on October 30, 1955. This new addition represents an added program of service to the aged who require bedside care. We feel this is one of the most important areas of need among our older citizens. The Juliette Fowler Homes in Dallas, Texas, have completely renovated the building of the Children's Home, added a new unit to Harwood Hall for the aged and is now planning a bedside-care service for the children and aged members of the "family."

Several changes of personnel have occurred during the year. Mrs. Gertrude J. Funk, Superintendent of the Illinois Christian Home, reached retirement age on June 30, 1955. Mr. C. H. Owens, formerly Area Representative, has become Manager of the enlarged Home. Mr. Leslie G. Heuston has been employed to serve as Representative of the NBA in the Central Area. Mrs. Greta Brown, who had served as Superintendent of the California Christian Home for several years, has accepted a call to become Executive Secretary of the Christian Women's Fellowship of Northern California. Mrs. Walter L. Myers will serve temporarily as Assistant Administrator at the Home succeeding Mrs. Brown. Mrs. Madge Tucker resigned as Superintendent of the Juliette Fowler Home for children and Mrs. Herbert G. Dudley has been employed as her successor. Mrs. Bessie R. Saxton, the first Superintendent of the Ramsey Memorial Home in Des Moines, Iowa, reached retirement age during the year and Mrs. Susie Biggerstaff has been employed as her successor.

Maintenance receipts for the year totaled \$890,332.11. The Christmas offering which provides more than one-half of total for maintenance

amounted to \$471,281.78, or 53% of the total. Gifts by annuity contract amounted to \$70,514.53. Gifts by bequest were \$306,741.81. The largest single congregational offering came from the East Dallas Christian Church, Dallas, Texas, and totaled \$22,198.01. 4,273 churches participated in the support of our work during the year. Many churches and groups make significant contributions in food, clothing and personal services during the year. In each of the Homes for older folk a service of worship, including the observance of the Lord's Supper is conducted weekly for those unable to attend the local church. Guests who are able to do so attend services in the local Christian Church.

With the dedication of a new nursing care building at Jacksonville, Illinois, we anticipate the inauguration of a greatly enlarged service to older members of our churches.

We rejoice in the record of service rendered and support received, and we look forward expectantly to a growing service in the field of Christian Benevolence. We are grateful to a great Brotherhood for its growing support.

AUDITOR'S OPINION

To the Board of Trustees of
The National Benevolent Association of
The Christian Church

We have examined the accounts of:

THE NATIONAL BENEVOLENT ASSOCIATION
OF THE CHRISTIAN CHURCH

for the fiscal year ended June 30, 1955, and submit herewith balance sheet at June 30, 1955, and revenues and expenditures statement for the year then ended.

The Association's investment in bonds, stocks, and other securities are carried on the balance sheet at cost without determination of market values at June 30, 1955. Data on file in support of church receipts, bequests, trusts, and other revenue received by the Association were test-checked but we did not communicate directly with individuals and organizations to confirm the amounts recorded as received.

Cash funds in the custody of the Treasurers of the Homes and the receipts and disbursements of same are included in the accompanying statements based on monthly reports received by the Association from the Home Treasurers, but investments made and managed by officers of the Homes and in their custody are not included in the accompanying statements. The scope of our examination of such cash and investments was limited (except for those Homes which we ourselves audit) to an analysis of the Treasurers' reports and a review of the reports of independent auditors received to date from Homes.

Investment in fixed assets, described on the balance sheet as "Investment in Homes' Property" and contra-account "Permanent Funds" are carried at values of appraisals made many years ago plus subsequent additions at cost less estimated depreciation. The total shown is subject to increases and decreases which might be brought about if current appraisals were made, uniform in base and applied to all Homes.

In our opinion, subject to the exceptions stated in the preceding paragraphs, the accompanying balance sheet and statement of revenues and expenditures present fairly the financial position of the Association at June 30, 1955, and the results of its operations for the year then ended.

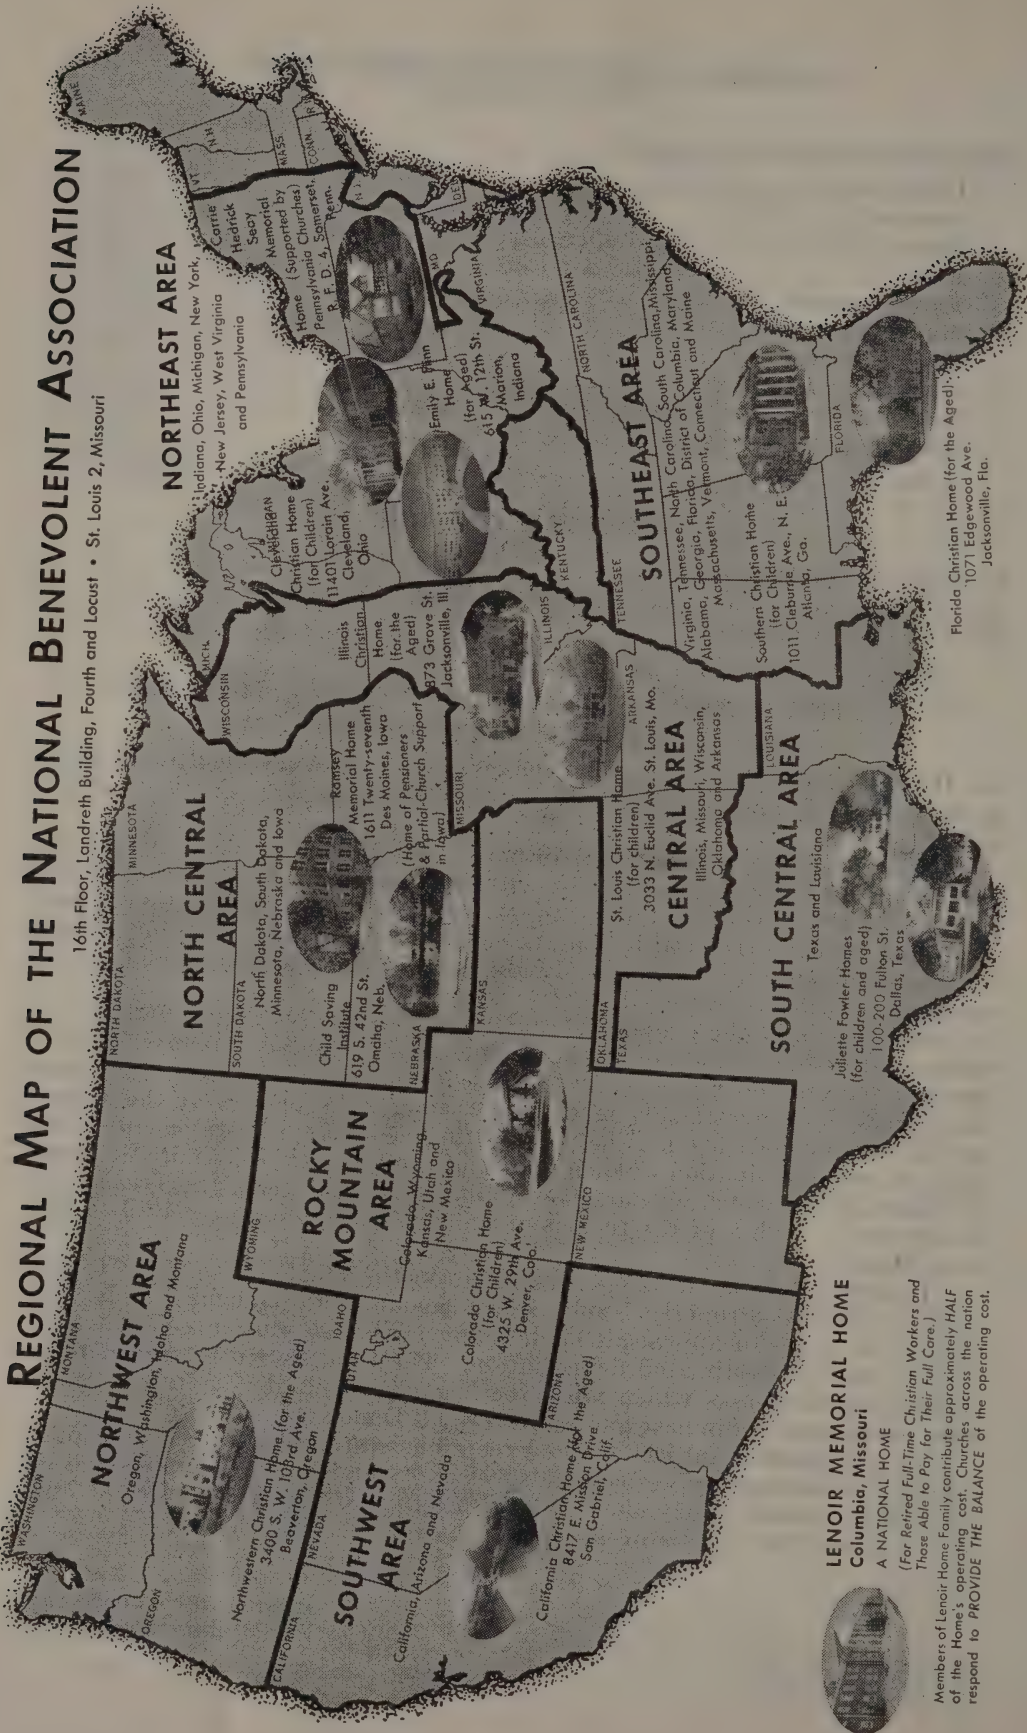

Yours very truly,

MARE AND COMPANY

HISTORY AND PURPOSE

The National Christian Missionary Convention is a fellowship of Disciples of Christ, Christian churches, and Churches of Christ. The Convention was organized in Nashville, Tennessee, August, 1917. Preston Taylor of Nashville, Tennessee, was convener and organizer, and became the first president. Many of the brotherhood boards sent representation to give their support and encouragement to this Convention. The Convention serves more than 500 churches of its own constituency with congregations in 27 states of these United States.

The Convention has made progress during the years and it now has the full cooperation of all the brotherhood agencies and boards.

The Constitution and By-laws of the National Christian Missionary Convention states the following purpose and function:

It shall be the purpose of this organization to cooperate in the preaching of the Gospel of Jesus Christ; to promote the causes of evangelism; to foster and maintain a program of Christian education, missions, and benevolence among the Christian churches of the brotherhood; to perform such general supervisory functions as the best interest and work may require; and to cooperate with the International Convention, The United Christian Missionary Society, Unified Promotion and other brotherhood agencies and boards or movements for the furthering of the world program of the church, and to work with other religious movements chosen by the brotherhood.

To promote a closer spirit of cooperation and fellowship among our own churches.

To provide a large opportunity for the development of leadership and responsibility for building the Kingdom of God.

To provide a cooperative medium of self-expression and development that our best contribution might be made to the work of the church in the world.

To provide a medium through which we can interpret the needs and concerns of our people.

To provide an organization through which our churches can participate officially in brotherhood activities.

To provide a channel for intergrating the members of our churches into the total life of the brotherhood.

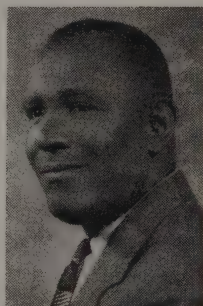

The National Christian Missionary Convention is the program channel by which the planned program of the brotherhood may reach all the churches.

ANNUAL REPORT

The work of the National Christian Missionary Convention moved forward with the Long Range Program. Lasting gains were made during the year of Christian Stewardship and Outreach Service. Minority groups. There were six ministers institutes, eight young peoples' conferences, four Christian Women's Fellowship institutes, two planning conferences on Christian Education, three conferences of Christian Men's Fellowship to beam the program of the year. The active commissions of the convention made good reports for the annual session in Dayton, Ohio. Much thought was given to the problems of an all inclusive membership and a trained preaching ministry for the churches in the new fellowship.

The Annual Session was held in Dayton, Ohio, August 22-28. The following officers were elected:

R. H. Peoples, President
R. L. Jordan, First Vice-President

Mrs. Lenora Rolla, Second Vice-President
A. C. Stone, Third Vice-President
Miss Lois Mothershed, Fourth Vice-President
S. W. Hylton, Sr., Fifth Vice-President

OPINION OF AUDITOR

National Christian Missionary Convention,
Disciples of Christ
Indianapolis, Indiana

We have examined the statement of cash receipts and disbursements of the National Christian Missionary Convention, Disciples of Christ, Indianapolis, Indiana, for the period, August 1, 1954, to August 10, 1955, verified certain invoices and checked other accounting records and vouchers to the extent and by means we deemed necessary. Our examination included tracing cash receipts to deposits in bank (except \$1,960.86 cash spent during 1954 Convention), verifying certain requisitions with checks and checking returned checks for proper endorsements, signature of maker and amount. Cash in bank (\$46.39) as of August 10, 1955, was confirmed by direct correspondence with the depository. Our audit did not include an examination of all the transactions.

It is our opinion that, except for cash disbursements made at the 1954 Convention, this statement presents fairly the cash receipts and disbursements as shown by the books and accounting records of the National Christian Missionary Convention, Disciples of Christ, for the period, August 1, 1954 to August 10, 1955.

HISTORY AND PURPOSE

Recognizing the extreme importance and value of a church representing the Disciples of Christ in the heart of the Nation's Capital, the International Convention of the Disciples of Christ, meeting in Memphis, Tennessee, brought into being as a Brotherhood institution the National City Christian Church. Alexander Campbell himself had expressed his keen desire for such a National Church, and other great leaders who followed him saw the desirability of having the Brotherhood establish this church, which would not only be a symbol of the strength and purpose of the Disciples, but would also be a home for the thousands of Disciple young people who through the years would come to Washington to work for the Government of the United States, and would later return to their home churches.

Following the action of the International Convention, a Corporation with a board of fifteen trustees, was set up to hold the property of the church for the Brotherhood, and lots were purchased on Thomas Circle in Washington for a Sanctuary and an Educational Building. Construction was begun in 1928 and the Sanctuary was completed and dedicated in October, 1930. About 40,000 Disciples of Christ across the country made contributions and pledges for the Brotherhood's church in Washington, and several leading families made substantial gifts. However, because of the depression of the 1930's, many of the pledges were never paid, and in 1933 the debt on the Sanctuary was \$640,000. Getting the debt paid was a tremendous struggle, but through the strenuous efforts of the ministers of the church, the local congregation which gave most sacrificially, the contributions of the Christian Board of Publication, individuals, and the churches of the Brotherhood the mortgage on the Sanctuary was finally burned in April, 1950.

For twenty years, while the Sanctuary building was so heavily mortgaged, the congregation of the National City Church had to use for their educational, social and community programs buildings erected in 1881, and located a block and a half away from the Sanctuary. Immediately upon the burning of the mortgage on the Sanctuary, a campaign was started to complete the original plans for the church to erect an educational building immediately adjoining the Sanctuary building. Ground for the new building was broken in May, 1953, and on November 7, 1954, the Alexander Campbell Educational Building was occupied.

ANNUAL REPORT

When the Sanctuary building of the National City Christian Church was dedicated in October, 1930, in the midst of the First World Convention of the Disciples of Christ, there stood on the left-hand side of the Sanctuary itself a set of double doors which could not be opened, for immediately outside the doors was the concrete wall of the building. For twenty-four years those dummy doors were a symbol of the faith and foresight of those who planned the National City Christian Church, for they were placed there to provide the entrance from the Sanctuary into the Educational Building which some day was to stand adjoining the Sanctuary building. On Sunday, November 7, 1954, with appropriate ceremonies those doors swung open for the first time and the congregation marched through them into the Alexander Campbell Educational Building. On December 5, 1954, the Educational Building was formally dedicated.

The Educational Building opens great new vistas of opportunity for the Brotherhood's National Church. It is the first time that adequate educational facilities have been available, since up to this time the congregation had to use antiquated buildings, located almost two blocks from the Sanctuary for their educational program. The new building has been called by many outside of the local congregation the finest church educational building in Washington, D. C. Oreon E. Scott Hall, furnished by Mr. Scott as a gift to the church, is one of the most beautifully appointed social halls in the churches of the Brotherhood. It has a seating capacity of 700 in rows of chairs and 450 at tables, with a kitchen containing the most modern hotel equipment available. Phillips Chapel of charming colonial design can seat 120 and is ideal for small weddings and worship services. L. N. D. Wells Parlor, the Foster Memorial Library, the Memorial Room, the Ettie F. Andrews Communion Room have all been furnished through memorial gifts. In addition the building contains an assembly room seating 250 people, two small pullman kitchens, a bride's room, a music room, a projection room, workshop, costume room, cloakroom, living quarters for a full-time host and hostess, four offices, three nurseries and sixteen classrooms.

The front of the building is lined with Indiana limestone, matching the Sanctuary building, and the entire architectural design of the building is in harmony with the beautiful Sanctuary which has become one of the landmarks of Washington.

A Director of Christian Education has been added to the staff of the church and the attendance of the church school has increased twenty per cent in less than one year. The community program is being rapidly expanded now that facilities are available; the work of the church with young people is taking on new life; and the adult department of the church school has shown a promising increase. The horizons are unlimited.

The cost of the Educational Building and equipment was \$650,000, of which \$400,000 has been raised. The Trustees of the National City Christian Church Corporation negotiated a loan of \$250,000 to complete the payment. The Disciples of Christ have an investment of over two million dollars in the National City Christian Church. It should be possible, with the support of the churches throughout the country, for the debt of \$250,000 to be paid off without any difficulty. The local congregation has in the past and will continue to shoulder a large part of the responsibility, but this is the Brotherhood's church, owned by the Brotherhood, and administered by the Trustees of the National City Christian Church Corporation for the Brotherhood.

It is our hope at National City Church that all Disciples of Christ who come to Washington will visit their National Church. Our ever constant aim is to serve the Brotherhood and our Christ in Washington, the cross-roads city of the world, that His Name may be proclaimed, not only in this city, but in every nation throughout the earth.

The National Evangelistic Association of The Disciples of Christ

Herbert J. Wilson, President
Cleveland, Ohio

HISTORY AND PURPOSE

The National Evangelistic Association was launched at old Bethany Assembly in Indiana by Charles Reign Scoville and other prominent evangelists, including J. V. Updike, S. M. Martin, J. H. O. Smith, and J. V. Coombs. In the early 20's, Dr. Scoville joined with state secretaries C. W. Cauble and G. I. Hoover of Indiana, H. H. Peters of Illinois and Jesse M. Bader, then a highly successful evangelistic pastor, in sponsoring a series of evangelistic institutes in strategic areas. For many years the Association worked through the United Christian Missionary Society. More recently, it has become a separate agency reporting directly to the International Convention.

The purpose of the National Evangelistic Association is in the field of fellowship and inspiration rather than promotion. By means of a convention, held just prior to the International Convention, stirring addresses on evangelism inspire pastors of local churches to greater accomplishment in winning men to Christ, and those who have been particularly successful as evangelists share their methods and spirit with others. In this way the National Evangelistic Association strives to make the business of evangelism the first business of the church of Christ.

ANNUAL REPORT

The National Evangelistic Association exists for the purpose of becoming a rallying point of fellowship and inspiration for all in the brotherhood who see the overwhelming responsibility of the church in evangelism. It is not an agency to conduct evangelistic meetings. It does not have fa-

ilities to discover evangelists and singers for the local church, neither does it maintain an approved list of such workers. The National Evangelistic Association implements its purposes largely through a convention which meets just prior to the International Convention. In 1954, the convention met at Miami, Florida. At this meeting the leading evangelistic preachers among us were given opportunity to inspire our people to greater zeal in telling the Gospel story, and those who have had outstanding success in all fields of evangelism shared their experiences toward the end of improving and making more effective the evangelistic program of the local church. The National Evangelistic Association sustains a working relationship with the Department of Church Development of the United Christian Missionary Society and reports to the International Convention. Membership in the Association is open to all who pay annual dues of one dollar.

Respectfully submitted,
Herbert J. Wilson, President

Gentlemen:

This is to certify that I have examined the financial records of the National Evangelistic Association for the fiscal year beginning July 1, 1954, and ending June 30, 1955.

It is my opinion that the June 30, 1955, balance of \$357.58 is correct and the financial report accurately reflects the existing records.

Sincerely yours,

Pension Fund of Disciples of Christ

Hollis Lee Turley, Executive Secretary
800 Test Building, Indianapolis 4, Indiana

HISTORY AND PURPOSE

The Pension Fund binds together some 5,000 ministers, educators, evangelists, chaplains, missionaries, state and national executives and approximately 7,900 churches in the support of the ministry in old age, death, and total and permanent disability.

The Pension Fund operates the Pension Plan, the 1919 Pension System and Ministerial Relief. It maintains an Additional Benefits Department for the ministry, enters into annuity agreements, receives bequests from wills, and administers gift money. Further, it invests the funds received, pays benefits, and conducts a Christian business organization for the benefit of the church and the ministry. All work is carried on under the policies laid down by the Trustees, and approved by the International Convention.

The promotion and operation of the Pension Plan is the largest single responsibility of the Pension Fund. Under the Plan, member dues are 3% of the monthly salary; church dues are 9%. Churches, large and small, participate, with the larger churches helping to carry a part of the load for the smaller ones that every minister might be protected. As of December 31, 1954, there are 4,575 members supported by 5,013 church or organization accounts.

Retirement pensions are paid to members who retire after age 65. Disability pensions are paid those who become totally and permanently disabled. Widow and minor child pensions are paid when the member dies in retirement, disability or active service. There are 1,160 pensioners under the Plan as of December 31, 1954.

Many of the pensions paid today are small, due to short periods of membership, the lack of church dues, and the meager salaries of the depression years. Because of the increased cost of living, supplemental checks are issued each quarter to some 760 pensioners. These checks have been made possible by gift money received largely from the offerings of the churches. The Pension Fund shares in the money given to the causes of the brotherhood through Unified Promotion.

TWENTY-SIXTH ANNUAL REPORT**(Fifty-Ninth of Ministerial Relief—Twenty-Fourth of Pension Plan)****JANUARY 1 to DECEMBER 31, 1954**

- I. 59th year of Ministerial Relief—organized 1895.
Ministerial Relief continued in needy and worthy cases with 117 on the roll as of December 31, 1954.
- II. 1919 Pension System—established January, 1919.
The 1919 Pension System was closed to membership June 30, 1928. Of the original 881 accounts there remained 49 active paying members as of December 31, 1954 and 355 receiving pensions.
- III. Pension Plan—began operation January, 1931.

Membership

In 1954 there were 520 new 9% dues accounts started by churches and organizations in behalf of their ministers and employees, and 327 new members who began paying their individual 3% dues. As of December 31, 1954, there were 4,575 active members and 1,160 beneficiaries, a total of 5,735 covered by the Pension Plan. The member accounts were supported by 5,013 church, college and organization accounts.

Claims

During the year 1954 there were 17 deaths among active members, 8 new cases of total and permanent disability and 62 age retirements. Among total disability cases there was 1 death and 5 where health was regained and the member returned to active service. In the age retirement pension group there were 37 deaths and 5 ministers who returned to active service. Deaths among the active members and pensioners left 6 minor children and 34 widows as beneficiaries.

AUDITOR'S CERTIFICATE

Board of Trustees,
Pension Fund of Disciples of Christ
Indianapolis, Indiana

February 15, 1955

Gentlemen:

We have examined the accounts and financial records of the Pension Fund of Disciples of Christ for the year ended December 31, 1954. Our examination was made in conformity with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we consider necessary in the circumstances.

Our examination did not include a review of the actuarial basis of the pension plan, upon which an independent report is made by the Pension Fund's consulting actuaries.

In our opinion, the accompanying statement of financial condition presents fairly the position of the Pension Fund of Disciples of Christ at December 31, 1954, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

We found that the Pension Fund's accounting records were well kept, and were adequate for the preparation of the accounting and statistical information required by the administrative staff of the Fund.

Yours very truly,

GEO. S. OLIVE & Co.

Unified Promotion

C. O. Hawley, Executive Secretary
Box 5636, Indianapolis 19, Indiana

HISTORY AND PURPOSE

Unified Promotion is an agency through which boards reporting to the International Convention (and voting to cooperate) appeal unitedly to the local churches for the support of their work.

The purpose of Unified Promotion is:

- to inspire our people regarding the total Christian enterprise.
- to mobilize the total strength of our brotherhood for the proclamation of the gospel to the whole world.
- to eliminate both the fact and the spirit of competition in the promotional approach of the agencies to the churches.
- to avoid overlapping of effort by the correlation of the facilities and the personnel of the existing agencies.
- to serve the local church through a stewardship program of education, the provision of stewardship plans and the preparation of stewardship materials.
- to assist the local church through making available plans and materials for the enlistment of every member for the support of the current expense and missionary budgets.

The request for this united procedure came from the churches through a resolution passed at the International Convention Assembly at Wichita in 1931. This resolution called for the Commission on Budgets and Promotional Relationships to hold a conference of the representatives of agencies reporting directly or indirectly to the convention for the consideration of improved promotion.

This conference was attended by seventy-five persons. A continuation committee was appointed and in subsequent meetings the plan of Unified Promotion was developed.

The suggestions were approved in principle at the Pittsburgh Convention in October, 1933, and the detailed plan was approved by the Des Moines Convention in October, 1934. It was put into operation July 1, 1935, after fifty-three agencies had voted to participate.

ANNUAL REPORT OF UNIFIED PROMOTION**I. The Christian Issue**

Jesus stated very definitely the great issue of life when he said, "You cannot serve God and mammon. No one can serve two masters."

Jesus knew life and human nature. He knew the forces that contend for men's minds, hearts, and souls. He left no room for split personalities or divided loyalties. God said, "You shall have no other gods before me." The Master knew that a person's conduct and character, his decision and destiny, are guided by a central factor which is God or mammon.

The conflict is as old as society. Though the scenes and the names change, the struggle is still between God and mammon. Whether it is called paganism, materialism, secularism or communism, the basic Christian issue is God or mammon. The outcome rests upon the choice made.

II. The Twentieth Year

On June 30, 1955, Unified Promotion completed its twentieth year of service. It was a year of unprecedented accomplishments. It was an inspiring chapter in the continued story of Christian achievements by the churches. It was an indication of a growing concern for the Kingdom of God in today's world.

A. The Theme

The theme was "Our Year of Christian Stewardship." This emphasis was assigned to Unified Promotion by the Council of Agencies as the local church emphasis for 1954-55 in the Long Range Program. It was launched with the following convictions:

God's stewardship is complete. Man's stewardship is the Christian answer to the world's need.

Discipleship requires stewardship. The highest spiritual life and satisfaction comes in complete partnership with Christ.

Faithfulness in stewardship makes possible an effective church.

The practice of stewardship will redeem the world.

B. The Procedure

1. There was dependence upon the ministers and other leaders of local churches and their organizations to become the interpreters of the theme and program to the total church as basic in its program. Also there was dependence upon the same leaders to promote doubled giving in the decade of the fifties for the support of the causes of Christ.

2. The promotional program of the year was planned, launched, and promoted in the spirit of the theme.

3. The secretary of the State Missionary Society in states cooperating in Unified Promotion has served as the state director of Unified Promotion. The state secretaries of the Christian Women's Fellowship, the area Director of Religious Education, and heads of agencies or institutions in the state or area participating in Unified Promotion have served as representatives of Unified Promotion and have worked in cooperation with the state director of Unified Promotion.

In each state cooperating in Unified Promotion there is a state committee which has rendered effective assistance in the spirit of cooperation. It was elected by the state convention.

The executive secretary of Unified Promotion has worked in very close cooperation with the leaders on the state level.

C. Our Year of Christian Stewardship, 1954-55

1. Disciples of Christ have awakened to a new appreciation of the importance of Christian stewardship.

The "Year of Stewardship" emphasis in the Long Range Program gave unprecedented opportunity to lift up stewardship in the thinking and planning of the brotherhood. Plans and materials produced by Unified Promotion were supplemented by the programs and materials of all the agencies. State staffs and stewardship committees made stewardship a major for the year, with briefing conferences for training leaders in every state. Conventions, International, State, and District, gave stewardship a major place. All national and state publications cooperated splendidly with stewardship articles, editorials, and special features.

2. Local Church Participation

National, state and district leaders sought active local church participation in the program of the Year of Stewardship. Two thousand seven hundred fifty-eight churches were enlisted as participating churches. When the total membership of these churches is considered, this represents a large portion of the membership of the brotherhood. Since churches received the basic materials, there is every reason to believe that several hundred more churches participated in some phases of the program.

3. Aggressive Program of Stewardship Education

Stewardship education, so essential to the training and developing of Christian stewards, made a large impact during the year. The pulpit has presented stewardship as a fundamental philosophy of life, which finds expression in Christian living and giving. Stewardship has been taught in all departments and organizations of the church. Schools of Stewardship have been conducted successfully in many churches. Orders for an unprecedented number of stewardship books and leaflets indicating increased stewardship study and reading. Our stewardship films, "The Hidden Heart" and "The Beginning," had 1923 showings in our churches.

4. Stewardship Commitment and Enrolling of Tithers

The final goal of the Year of Stewardship called for commitment to the practice of stewardship and the enrolling of tithers. Incomplete statistical reports justify the following observations.

- a. A larger understanding of the principles and privileges of stewardship has made Disciples better stewards of their lives and possessions.
- b. Increase of tithers.
Reports indicate that Christian tithing has been presented and considered seriously in a large number of churches. A great host of tithers has been enrolled, and the number will grow through the teaching and example of Christian tithers.
- c. The level of giving will be lifted much as a result of the Year of Stewardship. Many churches already report great increases in giving, both to local work and to missions. The effect of stewardship teaching will be manifest more when Christian stewards make their pledges and gifts.

UNIFIED PROMOTION ANNUAL REPORT

5. Stewardship Reflected by Increased Giving

Year	Per Capita Giving Local Expense	Per Capita Giving Missions and Benevolence	Total Per Capita Giving
1949-50	\$21.18	\$4.55	\$25.73
1950-51	21.70	4.48	26.18
1951-52	23.70	4.61	28.31
1952-53	24.37	4.92	29.29
1953-54	27.51	5.11	32.62
1954-55	29.37	5.39	34.77

D. Every Member Enlistment

1. Every Member Enlistment

Raising an adequate budget for local work and the work of Christ in the state, the nation, and the world is a high service to God. Without it the program of the local church languishes, and the outreach of the gospel is shortened. An adequate budget assures sufficient financial support for the program of the church. It results in growth of the Kingdom of God.

Over the years it has been proved that the most effective procedure is a vigorous effort to acquaint each member with his responsibilities as a Christian for the financial support of the church. It is a fair procedure to give every member a chance to have the joys in giving of his possessions to Christ's work. It increased the percentage of active members becoming givers. It made possible a successful program in the local area of the church. It provided support for the world outreach of the church. It developed the spiritual life of the members.

During the year materials have been furnished to the churches to assist them in a successful Every Member Enlistment.

2. Cooperation

- a. Unified Promotion has cooperated with the movement known as Religion in American Life, whose purpose is:

—to emphasize the importance of religious institutions in our national life.

—to urge all Americans to attend the church of their choice.

—to appeal to the millions of Americans who do not go to church and profess no religious affiliation.

This emphasis came in November and aided the churches which enlisted their members in that month for the financial support of the church.

- b. Unified Promotion cooperated in the United Church Canvass, which is a plan for all churches of a city, town, community, or county to make their appeal for financial support simultaneously.

Where this plan has been used the results have been noteworthy.

E. Special Days

1. Unified Promotion promoted the observance of three Special Days; namely, Thanksgiving, Easter, and Children's Day. The objective was twofold: (a) a deeper understanding of and loyalty

*EDITOR'S NOTE: This differs from the 1955 Year Book's published per capita of \$43.98 for local expense and \$6.88 for Missions and Benevolence. The Year Book figures are determined by using only church statistics where both the membership and the giving are reported. Where one or the other is not available all statistics from that church are eliminated in determining the Brotherhood per capita.

to the total programs of our brotherhood through presentation of factual and inspirational information regarding the services of the participating causes and (b) increased offerings in support of the work of these causes.

2. Report for 1949-50 to 1954-55

	Orders	Increase Over Pre- vious Year	Remit- tances	Increase Over Pre- vious Year	Offering	Increase Over Pre- vious Year
1949-50	6,819		5,705		\$423,296.86	\$
1950-51	7,089	270	5,698	-7	462,050.28	38,753.42
1951-52	7,286	197	5,953	255	527,439.62	65,389.34
1952-53	7,930	644	6,364	411	613,443.16	86,003.54
1953-54	8,520	590	6,706	342	659,822.18	46,379.02
1954-55	9,047	527	7,023	317	702,790.28	42,968.10

3. Observations

- Most of the churches supporting the cooperative work of our brotherhood observed the Special Days and placed standing orders for materials. Every year an increasing number of churches and Sunday schools have placed standing orders for materials and have remitted offerings.
- The difference between the number of orders for materials and the number of remittances received is accounted for in the method used in making remittances. Many churches which observed the Special Days remitted all funds as regular offering, without indicating what portion was Special Day receipts; some remitted the offerings from two or more days as one, and some requested credit be given to organizations or groups within the church.
- During the first half of the decade the total orders for all Special Days increased 2,228. During the same period the total remittances received increased 1,325. The total offering increased during this period \$279,493.42. The average of the offerings remitted in 1949-50 was \$74.19; in 1954-55 the average was \$100.09.

F. Publicity

Unified Promotion has received generous and helpful cooperation from the state and national publications for the regular program, including Special Days, stewardship, and the cooperating causes. Unusual attention in publicity was given to Stewardship Year and the Seventy-fifth Anniversary of Children's Day.

These publications have provided an effective channel for carrying the story of the work to a large percentage of the constituency. In addition, advertisements have been published in the state and national papers concerning the program of the year.

There is a very real sense of appreciation for this cooperation of the publications of the Christian Board of Publication, the World Call, the state papers, and a number of bulletins.

The Minister's Bulletin has been issued each month in behalf of the program.

The secular press has manifested an important interest in the affairs of the church. This has been very helpful.

G. Field Cultivation

1. The contacts of the representatives of the cooperating agencies with the churches have been a vital part of the field program.
2. The state director of Unified Promotion and the representatives have served devotedly during the year in the interest of the local church and its world causes. These workers have been indispensable in the promotion of church program planning, in the making and releasing of financial goals, and in securing goal acceptances, in stewardship, in special days, and in church visitation.
3. Unified Promotion has carried the responsibility for the representation of the cooperating agencies in the state, district, and county conventions. The state conventions have increased in attendance and value each year.
4. The International Convention called upon Unified Promotion to assist in making the preparations for the Area Christian Assemblies. This requested service has been rendered.
5. The number of churches in the Local Church Visitation Project has reached 2,574. In addition, in several states the visitation was continued, but a report is not available as to the number of churches reached in this manner.

H. Central Receiving Agency

The churches have the privilege of remitting their offerings to Unified Promotion or to any of the cooperating agencies. The total remittance to the central office has increased gradually. The churches are to make their own choice as to whom their remittances are sent, free from pressure from Unified Promotion or the cooperating agencies.

The cooperating agencies have been prompt in sending reports of offerings which have been remitted directly to them at the end of each month. On or before the fifteenth of each month the central office has made a report of offerings for the month, and distribution has been made of the funds to the cooperating agencies. Each agency has received its full share at least by the end of each quarter. Comparative reports have been issued for many of the months. A statement showing the offerings in each state by churches and organizations has been issued monthly. Records of the offerings remitted to Unified Promotion or reported by the cooperating agencies have been accurately kept.

I. Commission on Brotherhood Finance

The Commission on Brotherhood Finance is elected by the assembly of the International Convention of Disciples of Christ at the request of Unified Promotion.

It is the purpose of the Commission to study the budgets of askings of each agency in Unified Promotion and to approve a budget of askings for each year on the basis of needs. The total of such approved budgets of askings is the budget of askings for the year for the agencies in Unified Promotion that is submitted to the Commission on Budgets and Promotional Relationships which reports its decision to the International Convention for action.

The budget of askings for 1955-56 is \$4,317,750.00.

Also at the request of the Commission on Budgets and Promotional Relationships it reviews the askings of agencies in Unified Promotion for Capital Funds and submits a recommendation to the Commission on Budgets and Promotional Relationships.

The service of this commission has increased in value each year.

J. Financial Report

1. Great Progress Toward Doubled Giving

During the year closing June 30, 1955, there was the largest increase in offerings during any year of the twenty years of service by Unified Promotion.

The offerings from the churches, Bible schools, Christian Women's Fellowships, youth and children's groups, and individuals comprising the amount reported by the cooperating agencies, as well as the amount received direct by Unified Promotion, subject to division totaled \$3,889,574.28 as of June 30, 1955. This is a gain of \$452,250.78 from comparable sources for the year closing June 30, 1954, which is 13.157%. The comparison with the results as of June 30, 1950, show an increase of \$1,741,606.74 or 81.082%.

In addition there was a gain of \$192,143.49 in gifts not subject to division over June 30, 1954. The amount given in 1954-55 totaled \$1,098,010.16.

2. Distribution to the Cooperating Agencies in Unified Promotion.

4. Certificate of Auditor

March 18, 1955

The Board of Directors
Unified Promotion, Inc.
Disciples of Christ
Indianapolis, Indiana

We have audited the accounts of Unified Promotion, Inc., Disciples of Christ, for the year ended January 31, 1955, and have proved the correctness of all account balances as of that date.

We found that all recorded receipts had been deposited in the bank and distributions have been made according to the principles set forth in the by-laws. We also found that expense items have been properly allocated and the funds correctly handled.

In our opinion, the records have been properly kept for the year under review.

Committee on Week of Compassion

Box 5636, Indianapolis 19, Indiana

HISTORY AND PURPOSE

The Week of Compassion stemmed from the Brotherhood Dinner observance. The first Brotherhood Dinner was held in 1938. For the first three years no offering was promoted, the dinner being only for fellowship. At the Brotherhood Dinner in 1941 the churches were urged to make offerings for the work of the Churches of Christ Missionary Committee of Great Britain to be used for their foreign mission work. Our British brethren, because of war conditions, were finding it difficult to maintain their missionaries. Five thousand dollars was suggested as the goal. The offering totaled \$13,009.66. In 1943 the Committee on Relief Appeals of the International Convention promoted an offering on the occasion of the Brotherhood Dinner to the end that the following causes might be aided: The American Friends Service Committee, the Y.M.C.A. War Prisoners' Aid, the American Bible Society, the Church Committee for China Relief, the Y.W.C.A. World Emergency Fund, the American Committee for Christian Refugees, the Central Bureau for Inter-church Aid and the International Missionary Council Orphaned Missions Fund. The offering totaled \$36,728.47.

Sensing the necessity of continuing and expanding the work of the Committee on War Services, covering the 8% pension dues of Disciple chaplains serving in the Armed Forces and the inadequacy of our Brotherhood's response to the emergency causes cleared through the Committee on Relief Appeals, the Commission on Budgets and Promotional Relationships of the International Convention authorized an effort, to be known as the War-time Service Fund, to raise \$250,000.00 for these causes. As a part of this effort the first Week of Compassion was held in February, 1944, with the Brotherhood Dinner as a part of the week's observance.

The Purpose is to:

- express the deep concern of Disciples of Christ in the projects of ecumenical fellowship and service.
- create an awareness regarding the military and veterans services including encouragement and assistance to chaplains.
- alert Disciples of Christ to a keen appreciation of their responsibility to those in distress in other lands and to enlist their support to the greatest possible extent in order that the material benefits of these projects may be widespread, alleviating homelessness, illness and despair without regard to race, color, or creed.
- develop the Christian values inherent in the work of relief, reconstruction and rehabilitation, not only in the Christian response to acute human need, but also in the inevitable strengthening of Christian witness around the world through this sharing of possessions in the spirit of Christ.
- bring about a greater understanding and realization of the brotherhood of all the children of our Heavenly Father and to generate among the peoples of the nations a mutual trust and an international friendship of people upon which alone can be built a solid structure of world unity and world peace.

ANNUAL REPORT

I. Procedures

The 1955 Week of Compassion was observed February 20-27. The observance was continued because of the continuing responsibility of Disciples of Christ to alleviate the physical and spiritual needs of humanity in a world troubled as an aftermath of war, to meet the needs of military and veterans services, and to share in ecumenical fellowship and services.

The theme was "Caring Means Sharing."

The Week of Compassion was observed on behalf of the Committee on Relief Appeals of the International Convention of Disciples of Christ, the Committee on Military and Veterans Services, and the Pension Fund for Reserve Chaplains' pensions. Each of these groups presented their askings to the Committee on the Week of Compassion. As a result of study of these requests, the minimum financial goal approved was \$484,000.00.

By the request of the Committee on the Week of Compassion and the assembly of the International Convention, the promotional responsibility was carried by Unified Promotion.

One Great Hour of Sharing was jointly promoted by a number of Protestant bodies. Disciples of Christ, as well as some other groups, received their offerings at an earlier date and gave token cooperation. This observance was a united voice for ecumenical fellowship and Christian sharing.

The contributions from the churches totaled \$474,141.27, which was a gain of \$35,662.37 over last year.

II. Distribution of Funds

Committee on Relief Appeals

(From Week of Compassion Receipts)

C. O. Hawley, Chairman

Box 5636, Indianapolis 19, Indiana

HISTORY AND PURPOSE

The first Committee on Relief Appeals of the International Convention of Disciples of Christ was appointed at the assembly held at Richmond, Virginia, in 1939.

The purpose of the committee is to deal with the various appeals coming to Disciples of Christ for assistance in times of distress and destitution in the war-torn areas of Europe and Asia in work of relief, rehabilitation and reconstruction. This purpose is being realized through cooperation with Church World Service, an agency created for such service by several Protestant bodies.

In carrying out this purpose the program has shifted according to the changes of the crucial needs of humanity both physical and spiritual. It has received from the churches generous support through the years. It has received its funds from the Week of Compassion.

II. Material Aid

Appeals to the brotherhood for material aid to devastated areas has been under the direction of the Department of Social Welfare of The United Christian Missionary Society through mutual understanding with the Committee on Relief Appeals. Mrs. Ruth E. Milner, National Director of Church and Community Service, is in charge of this task. From July 1, 1954, to June 30, 1955, approximately 16,606 pounds (2,375 boxes) of our churches' service gifts of material aid were shipped to Belgian Congo, Africa, Philippines, Japan, India, Thailand, Puerto Rico, Germany (Hilfswerk-Protestant Relief Agency at Stuttgart) and to the Disciples' Chaplains in Korea, as well as to the home mission institutions, migrant people, and other worthy causes in the United States. The material gifts included hundreds of layettes, clothing of all kinds, sewing materials, school items, shoes, soap, and simple medical remedies. These were gifts from women's groups, church

school classes, youth and children's groups. These bulk shipments were in addition to material aid given by members of Christian churches in community efforts, sent through Church World Service.

Cooperative relationships have been maintained with CARE, CROP and Heifer Project, Inc., for the promotion of gifts in kind, heifers and goats for devastated areas.

III. Refugee Resettlement

Appeals to the brotherhood for participation in the refugee resettlement program has been under the direction of the Department of Social Welfare of the United Christian Missionary Society and supported by Week of Compassion funds. Miss Ella L. Williams, Field Representative in Refugee Resettlement, is in charge of this program.

From July 1, 1954, to June 30, 1955, more than 391 churches in 34 states have shown an interest; completed assurances covering 140 people have been received from 46 churches. Twelve other churches are taking the final steps to complete assurances covering 36 people. The assurances cover a job and housing for the refugee, and the churches promise the refugee a loan large enough to pay transportation from New York to place of resettlement and to live on until his earnings begin.

Report of Chaplain 9% Dues Fund

(From Week of Compassion Receipts)

Administered by the Pension Fund of Disciples of Christ

HISTORY AND PURPOSE

Since 1942, with the exception of a short period before the Korean War, church dues have been paid in behalf of ministers, who were called into the reserve military Chaplaincy of the Army, Navy and Air Force. The Church dues are paid now for reserve Chaplains who pay their member dues on the salary base of \$200.00 a month. Funds for this cause first came from the Emergency Million, but more recently have been provided by a share of the Week of Compassion Offering.

The purposes of the fund are: 1) To provide continuance of Pension Protection for ministers whose civilian ministries have been interrupted by military service in the Chaplaincy. Thus the Chaplains' Dues Fund is limited to reserve Chaplains, and is not for career Chaplains, whose pension and protection benefits are reasonably assured from the Government. Less than one-fourth of the chaplains who have served are career men.

2) To maintain for the brotherhood an unbroken fellowship with those who thus serve.

3) To continue the protection benefits of the Pension Plan in a time when they are especially needed.

4) To assure these chaplains who have set aside a few years from their civilian lives to minister to our youth in camps, hospitals, aboard ships and overseas, that our brotherhood is concerned in the important work they are doing and desires to share in it.

June 30, 1955

Present program of paying Pension Plan 8% dues for Reserve Chaplains on active duty began July 1, 1950. (Dues increased to 9% July 1, 1954)	
Balance in fund as of June 30, 1954	\$15,644.81
Total receipts from Week of Compassion, for year ending June 30, 1955	22,540.90
Total	\$38,185.71
Total dues paid for eighty-one Chaplains	15,827.75
Balance June 30, 1955	\$22,357.96
Dues held in Reserve for possible later claim by Chaplains*	8,000.00
Balance available for future 9% dues from July 1, 1955	\$30,357.96

*There are 24 Reserve Chaplains on active duty who are not enrolled in the Pension Plan at present. Our experience during World War II was that many, not previously enrolled, later became members and wished to claim dues for their Chaplain service period. We are prepared for such action in the present situation by carrying this amount in reserve.

Report of Committee on Military and Veterans Services

(From Week of Compassion Receipts)

222 S. Downey Avenue, Indianapolis 7, Indiana

HISTORY AND PURPOSE

Upon recommendation of the International Convention of Disciples of Christ the United Christian Missionary Society established the Committee on War Services at the beginning of World War II. In 1947 the name of the committee was changed to Committee on Military and Veterans Services. From the beginning the Board of Trustees of the United Society has given broad freedom of action to the committee. Without cost to the committee it has provided all of the general services made available to the various departments of the United Society. The financing of the program of the committee has been dependent, however, upon receipts from the Week of Compassion.

I. Staff

Throughout the year Willard M. Wickizer served the committee as its executive secretary, his time and travel being contributed by the department of church development and evangelism of The United Christian Missionary Society. Carl M. Boyd continued his service as director of chaplaincy services. W. S. Van Arsdale concluded his service as director of camp and defense community services in August, 1954, and C. Edward Weber, Tucson, Arizona, assumed that responsibility as of December 1, 1955. Miss Margaret Westfall served the committee as camp community field worker throughout the year. Mrs. Marie Crawford continued her service as office secretary for the committee.

II. Finances

During the 1954-55 missionary year the committee operated under the following approved budget:

Staff Salaries	\$ 20,360.00
Pensions	1,500.00
Staff Travel	9,000.00
Contingent and Miscellaneous	7,140.00
Chaplaincy Services	10,000.00
Camp Community Services	25,000.00
Industrial Defense Community Services	15,000.00
National Interdenominational Agencies	12,000.00
Unassigned sum contingent upon receipts	10,000.00
	<u>\$110,000.00</u>

Receipts for the missionary year of 1954-55 were as follows:

2nd Installment 1954 Week of Compassion	\$ 47,271.66
Miscellaneous Receipts	165.84
1st Installment 1955 Week of Compassion	55,000.00
	<u>\$102,437.50</u>

Expenditures for the missionary year of 1954-55 were as follows:

Staff Salaries and Travel -----	\$23,797.86
Contingent and Miscellaneous -----	11,811.09
Chaplaincy Services -----	2,147.93
Camp Community Services -----	25,850.90
Industrial Defense Community Services -----	19,506.15
National Interdenominational Agencies -----	14,823.00
	<u>\$97,936.93</u>

III. Chaplaincy Services

(1) *Procurement of Chaplains.* With the Armed Forces and the Veterans Administration continuing their program of reduction in personnel strength, fewer chaplains have been required. The number of Disciple chaplains on active duty during the year has varied from 127 to 140. Throughout the year we have been over our quota in all branches of the Armed Forces; Army, Navy and Air Force, and have met all demands of the Veterans Administration. Visits have been made to most of our seminaries by the director of chaplaincy services on an annual basis, chiefly to acquaint seminaries with the training programs in the Army and Navy currently available to seminarians who look forward to the Chaplaincy upon graduation, and to acquaint graduating seminarians with the reserve and National Guard needs for chaplains.

(2) *Maintaining Fellowship with Disciple Chaplains.* With chaplains serving with our military forces in some 67 lands, the chaplaincy has become a world parish. Mr. Boyd has visited our chaplains both in Europe and the Pacific areas in the past two years. He seeks to visit each chaplain in stateside assignments each year and classes at the Chaplains Schools in all the Armed Forces when we have members in classes. This year the Committee has sent Dr. Frederick W. Helfer, a member of the committee and chairman of the Commission on Chaplaincy Endorsement, on a field visit to our chaplains in Europe. Dr. Helfer assisted in the Interdenominational Chaplains' Retreats, which were held in two sections, at Berchtesgaden, Germany.

(3) *Disciple Chaplains' Retreats.* Disciple chaplains' retreats have received an increasingly happy response from our chaplains since the beginning of this phase of the program some three years ago. This year Spiritual Retreats for Disciple Chaplains and their families have been held in the following three areas:

East Coast, Silver Springs, Florida, October 23-24, 1954.

West Coast, Santa Cruz, California, November 16-19, 1954.

Central Area, Athens, Texas, May 10-13, 1955.

(4) *The Disciple Chaplain.* The bimonthly mimeographed news bulletin, *The Disciple Chaplain*, continues to be well received by our chaplains, and ranks among the best published by any communion to provide a letter and news fellowship with its chaplains. In addition to copies to all chaplains, both reservists and active duty, the committee has an exchange list with many armed forces headquarters, including the Chiefs of Chaplains, Disciple colleges and the state offices.

(5) *Literature.* Chaplains receive as gifts from the Brotherhood subscriptions to *World Call*, *The Christian-Evangelist*, the *Year Book*, *Pastoral Psychology*, and *Sunshine Magazine*. Upon entrance into active duty the Committee sends also to each new chaplain a large-type, leather-bound,

zipper fastened, RSV New Testament, engraved with his name, and a copy of G. Edwin Osborne's book, *Christian Worship*. From time to time other books are sent. Pamphlets for distribution through the chaplain to service personnel are also produced by the Committee, on a free or at-cost basis.

(6) *Relocation of Chaplains.* When the chaplain returns again to the pastoral ministry the Committee cooperates with the ministerial placement forces of the Brotherhood in his relocation in a civilian pulpit. The program, from beginning to end, is designed to tie the Brotherhood and its chaplains in a strong bond of recognition and Christian service, so that the chaplain may always know that he represents a great Brotherhood, and that the Brotherhood takes honest pride in the character and service of its ministers serving the men and women in uniform.

IV. Camp and Defense Community Services

(1) *General Program and Counseling Service.* The committee served many churches in military and industrial defense areas through the services provided by C. E. Weber, the director of this program. Mr. Weber met with ministers' groups, church boards, and committees and served as guest speaker for special occasions. He administered the programs of financial assistance and field worker services.

Keeping a close bond of fellowship between the church and young men away from home in military service is an important responsibility which Mr. Weber has endeavored to promote among our churches.

(2) *Field and Parish Workers.* Miss Margaret Westfall has been employed most of the past year as field worker for the committee. She has served churches in Havre de Grace, Maryland; Jacksonville, North Carolina; Albany, Georgia; Norfolk, Virginia; Columbus, Georgia; Fayetteville, North Carolina and Albuquerque, New Mexico. She aided these churches by means of personal evangelism and by giving guidance regarding the church's ministry to military personnel. Church members and in some instances parish workers were trained to continue this program.

Mrs. Willard J. Smith, Columbia, South Carolina, served the First Christian Church as part-time parish worker throughout the year.

Mrs. Sue Bigbee, Rantoul, Illinois, served the First Christian Church as full-time parish worker.

Mrs. Charles Williams served the Christian Church of Havre de Grace, Maryland, for several months of the year as part-time parish worker.

(3) *Financial Assistance.* The committee made support appropriations and capital grants to a number of churches in camp and industrial defense communities.

Support Appropriations:

Denver, Colorado, Council of Churches, \$720.00, in support of the Council's servicemen's program.

Mountain Home, Idaho, \$960.00, salary support for a struggling congregation serving an air base in an isolated section of the country.

Rantoul, Illinois, \$1,500.00 for half the salary of a full-time parish worker among service personnel and their families of one of the nation's largest air bases.

Bossier City, Louisiana, \$600.00, salary support for last half of fiscal year for a new congregation near a large air base.

New York City, New York, \$300.00. For the Service Men's program being carried on by the Protestant Council of New York City.

Ohio Council of Churches, \$500.00. Interdenominational worker at Piketon, Ohio, Atomic Energy project.

Piketon, Ohio, \$4,400.00, salary, pension and car allowance for full-time worker among industrial defense people during the construction of the Pike County, Ohio, Atomic Energy Project.

Aiken, South Carolina, \$1,446.00 for salary support and car allowance for a new congregation serving industrial defense personnel at the Savannah River Atomic Energy Plant.

Columbia, South Carolina, \$960.00, for support of part-time parish worker serving a church near a large Army installation.

Mineral Wells, Texas, \$300.00 for the program support of a church ministering to servicemen and their families of a near-by air base.

Norfolk, Virginia, \$600.00, minister's salary support for last half of fiscal year for a new congregation constituted almost entirely of servicemen and civilian personnel of the Navy.

Petersburg, Virginia, \$260.00, to advertise our church near a large Army installation in the camp weekly paper.

Seattle, Washington, Council of Churches, \$750.00 to support the Council's servicemen's program in this large embarkation and debarkation center.

Tacoma, Washington, Council of Churches, \$750.00 to support the Council's servicemen's program located near a large Army installation.

Capital Grants:

Mountain Home, Idaho, \$5,000.00, for first building unit of a new congregation serving an air base in an isolated section of the country.

Fort Des Moines, Iowa, \$500.00 to aid a small church serving a constituency of veterans.

Jacksonville, North Carolina, \$5,000.00, to assist a new congregation near a large Marine Base with the expansion of its building facilities.

Morehead City, North Carolina, \$3,000.00, for aiding a small church near a Naval Air Station to complete its building addition.

Piketon, Ohio, \$7,760.19, cost of providing and erecting a steel building for religious and recreational activities of trailer court families during the construction phase of the Pike County, Ohio, Atomic Energy Project.

Killeen, Texas, \$10,000.00, for the first building unit of a struggling new congregation serving a small community completely dominated by one of the largest Army Forts in America.

V. National Interdenominational Cooperation

(1) *General Commission on Chaplains and Armed Services Personnel.* The committee maintained membership in and cooperated fully with the General Commission on Chaplains and Armed Services Personnel. It gave financial support to the commission to the amount of \$8,890.00. Willard M. Wickizer served throughout the year as chairman of the General Commission and Carl M. Boyd and Frederick W. Helfer performed significant committee assignments.

(2) *Cooperative Committee on Ministry to Service Personnel in the Far East.* In September, 1954, Willard M. Wickizer visited military installations in the Far East in company with Chief of Chaplains, Cecil I. Carpenter of the Air Force and five other ministers. Following this visit a joint com-

mittee entitled "Cooperative Committee on Ministry to Service Personnel in the Far East" was created by the division of foreign missions of the National Council of Churches of Christ in the U.S.A. and the General Commission on Chaplains and Armed Forces Personnel to foster a camp community program in military communities in the Far East. The Committee on Military and Veterans Services appropriated \$5,000.00 to this joint committee to assist in opening up such a program in Japan through the United Church of Christ in Japan. The year end saw five or six centers in operation.

VI. Cooperation With Commission on Chaplaincy Endorsement

The Committee on Military and Veterans Services cooperates closely with the Commission on Chaplaincy Endorsement of the International Convention. The chairman of the commission, Frederick W. Helfer, is also a member of the committee and one of its representatives on the General Commission on Chaplains and Armed Forces Personnel. The services of Carl M. Boyd are contributed by the committee to serve as secretary of the commission.

The United Christian Missionary Society

A. Dale Fiers, President,

222 South Downey Avenue, Indianapolis, Indiana

HISTORY AND PURPOSE

The United Christian Missionary Society was created by the brotherhood of Disciples of Christ which long had sought a plan of cooperation for its missionary and religious education work. The American Christian Missionary Society, Christian Woman's Board of Missions and the Foreign Christian Missionary Society spent two years of intensive study and planning to prepare a proposed constitution. Modifications were made and it was given wide publicity and full discussion for a year.

In October, 1919, in Cincinnati, Ohio, it was approved by each of the boards and the International Convention. On October 20, the day following the Convention, the constitution was perfected and adopted at a meeting called for that purpose. The election that night of its first Board of Managers, officers and Executive Committee (now Board of Trustees) completed the formal organization. The Society was incorporated June 22, 1920, after careful legal study.

The Code of Regulations of the United Society states the following purposes and functions. "That the world may the more fully come to know Christ, the Son of God; that all men everywhere may increasingly appropriate for themselves His way of life; that a world of Christian brotherhood may be realized, and that the unity of God's people may be achieved, this Society is established.

"To this end the Society shall aid in the preaching of the gospel of Christ at home and abroad; shall create and foster a program of Christian education and training to the end that men's minds may be enlightened concerning the Christian way of life; shall lend encouragement and assistance to local congregations with a view of helping them to become as efficient units of the Kingdom as possible; shall interpret to the world the social implications of the teachings of Jesus; shall advance the cause of Christian womanhood; shall establish and maintain such institutions as schools, institutes, orphanages, hospitals and homes in the neglected areas of the world, and shall engage in such other forms of Christian service as will help to bring in the Kingdom of God, in which His will shall be done on earth as in heaven."

Since the Society began to function, the efforts of Disciples of Christ in missions and Christian education at home and abroad have been coordinated and made stronger by this central organization.

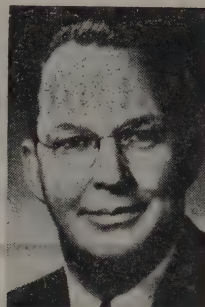

The United Society is a proved instrument. The churches chose it as a way of work. The churches continue to support it. The work continues to move forward.

STUDENT WORK

The Student Workers' Association held its annual meeting at Fulton, Missouri, June 30 to July 1, 1954, and approved an outline for a Manual for Ministers to Students, chapters of which are being written by members of the Association. The Ecclesia (Council) of the Disciples of Christ Student Fellowship met at Lake Geneva, Wisconsin, August 29—September 4, 1954, with 401 students and leaders in attendance representing 82 campuses and groups. The theme of the conference which followed the Evanston Assembly of the World Council of Churches was "The Disciples and the Ecumenical Movement," with Bible study on the text "Christ Has Made Us Free." The Disciple delegates to the World Council were speakers. The Ecclesia voted to print 20,000 copies of the CHRISTIAN STUDENT in an effort to reach a large number of Disciple students, and set a long-range goal of \$10,000 a year for DSF Action.

Send the names of students going to college to the following list of persons who are ministering to Disciples of Christ Students in various educational institutions. Home churches and pastors are encouraged to correspond with each center about their own young people who are coming. The type and inclusiveness of the program vary with each place. Not all of the contacts on each campus have been listed and no doubt some campuses with religious programs for Christian Church students have been overlooked. Information about such will be welcomed by the Student Work

Office. If no name is listed, check elsewhere in the Year Book for the pastor of the nearest church.

This list is published in the interest of making available Christian guidance for increasing numbers of young people in institutions of higher education across the land. The letters in parentheses designate the position of the person listed. (M) Minister of local church. (SW) Person mainly responsible for student work. (P) Administrative and faculty personnel. (I) Interdenominational personnel. *Indicates appropriation.

THIRTY-FIFTH ANNUAL REPORT

Executive Statement, A. Dale Fiers, President

On June 30, 1955, the United Society completed thirty-five years of work. In this period the Society has proven itself to be a trustworthy instrument of Christian missionary and educational outreach.

At the conclusion of this thirty-five year period the net worth of the United Society was \$9,814,827.00. Last year the total funds administered in carrying on the work reached a new high of \$4,561,220.00.

The reports of the fifteen departments and the four divisions of the Society are interesting and informative vignettes of a program that encompasses the globe. These reports reflect the prodigious labors of the servants of the churches employed through the United Society, a company of people numbering 2,759. These include 245 foreign missionaries, 2,030 national Christians, 220 home and institutional mission workers, 68 members of the national staff of officers, secretaries and directors, 103 members of the service staff, 89 members of the field staffs employed full time by the Society or in cooperation with the states and other agencies.

Personnel changes during the year in the executive staff included the retirement of E. K. Higdon after thirty-five years of service as a missionary and executive secretary of the Society. Mrs. Alice Gadd Buckner has taken disability retirement from her work as executive secretary of the department of institutional missions. George Earle Owen, outstanding missionary, has been called from his work in the Philippines to succeed E. K. Higdon.

The reports submitted with this executive statement highlight significant trends in the year's work and in the development of the Society during the past thirty-five years.

Three words seem to me to characterize this development.

The first is *maturity*. The United Society has sought to pioneer in areas of need; to develop local churches; to recruit and train new leadership; to secure new resources with the purpose of establishing self-supporting and self-directing churches and Christian agencies and institutions.

It is significant to note that on the foreign fields there are 193 entirely self-supporting local congregations. Many schools and hospitals are entirely, or in large measure, self-supporting. The United Society and its antecedent boards have been responsible for the development of many state societies which now are entirely autonomous and self-directing. Programs of religious education in states and areas have through the years reached an increasingly higher plane of effectiveness and maturity.

In the homeland a program of church development and church maintenance is carried on which rapidly brings local congregations to full self-support. It will also be noticed that churches on the foreign fields are coming to a new degree of maturity not only as individual congregations but as a fellowship of churches of Christ.

During the year it was my privilege to make a trip to Puerto Rico to attend the convention of our churches at the time the new constitution of the Administrative Board of the Disciples of Christ in Puerto Rico was approved. Greater responsibility will be placed upon the churches themselves.

The same process has taken place in Mexico and is progressing rapidly in India. It will also be noted that for the first time the biennial meeting of the Africa Mission was a conference of the churches. The representatives of congregations outnumbered the missionaries.

The second word is *unity*. The United Society is an embodiment of the spirit of cooperation. The desire for unity and coordination in the life and work of the brotherhood is basic to its existence. It seeks not only to be a faithful expression of the spirit of cooperation, but to develop and implement the spirit of unity in every possible relationship. Every division and department of the Society maintains an active relationship to interdenominational work, particularly the national and world bodies, such as the National Council of the Churches of Christ in the United States of America, and the International Missionary Council. This relationship involves both personnel and financial assistance. For instance, the United Society through its various departments allocated \$57,818.00 to the National Council of Churches for various phases of work related to areas in which it shares a responsibility.

The various departments have also been primary factors in developing unity in the approach to the work of our brotherhood. This is indicated in such developments as the Home and State Missions Planning Council, the Christian Education Assembly, the Committee on Military and Veterans Services and, most recently, the Committee on Fraternal Aid to British Churches.

These are some of the specific means by which the United Society has shared with other state and national agencies in bringing partnership into our common tasks.

The spirit of unity is expressed and implemented on the mission fields. This is one of the most significant aspects of the foreign division report. As a result of many years of planning, study, and investigation, our work has been identified with union movements of the Church of Christ in the Philippines and Japan. On every field where the Society shares responsibility fullest cooperation is given with National Christian Councils and interdenominational missionary, educational, and evangelistic projects.

The third word is *strategy*, by which is meant a planned program projected upon the basis of scripturally sound principles and efficient and economical procedures in accomplishing Christ's work. In this revolutionary age the United Society has endeavored to be a dynamic and developing instrument of Christian service which can be adjusted and expanded in its organization and program to meet the changing needs of a changing world for the eternal and unchanging Christ.

The developing strategy of the United Society is traceable through the reports submitted including the *Strategy of Foreign Missions* which has now been printed for mass distribution and for the study of the churches. It should be stated that this strategy is also subject to change in the light of developing insights and the world situation.

The Long-Range Program of the Disciples of Christ in which the United Society has fully participated has had helpful implications for the organization and work of the Society.

The emphases of the past year on stewardship and the church in its minority groups have made a profound impact upon our work. The ten-year objectives of the program and the necessity of implementation have helped the Society to think in terms of a growing, comprehensive long-range strategy at home as well as abroad.

Also basic to the strategy of the Society is a coordinated program for the local church. One of the steps in this direction is in missionary education. This past year a new committee in the Home and State Missions Planning Council was established with brotherhood-wide responsibility for

planning missionary education. The department of missionary education projects a program for the total local church. The growth of schools of Missions, Institutes on World Christianity, and similar projects, reveals the broadening base of interest in the world task.

The Society has given creative leadership in the area of church development and evangelism. A functionally organized program of the local church is gaining acceptance. Likewise, a program of Christian education has been developed and is coordinated by major state, national, and local agencies and churches that need to share in its planning. This is described in the report of the Christian Education Assembly which was established jointly by the United Society and the Christian Board of Publication.

Another basic element in the strategy of the Society is development of work among women and men of the Disciples of Christ on the total church basis whereby the interests of men and women are fully integrated in the program of local churches, state agencies, and the brotherhood at large.

It is an honor to present this thirty-fifth annual report to the brotherhood whose love and stewardship have made the outreach reported herein possible. A great company of people have helped to administer and direct this work. Those included are the United Society family described above, 2,759 people; the board of managers from the states and areas of the homeland, 120; members serving on the various committees and advisory boards of the Society and its departments and related organizations, 1,502; making a total of 4,261 directly involved in the administration and committee structure of the Society. To these, and to the many thousands whose prayers and gifts undergirded the work of the Society last year and in the thirty-five years of its significant history, I express heartfelt appreciation.

DIVISION OF GENERAL ADMINISTRATION

Audio-Visual Services

The department maintains a library of religious films, filmstrips, slides and recordings which are made available to churches for use in their program of Christian nurture and training. During the past year more than 3,800 bookings have been scheduled. The increase of bookings over the former year is approximately 30%.

The Society, in cooperation with Unified Promotion produced the third in the series of sound films in the interest of Christian stewardship. This production, titled **THE SECRET OF THE GIFT** was shared with the Congregational Christian and the Evangelical & Reformed churches, as was the case with former productions in this series, **THE HIDDEN HEART** and **THE BEGINNING**. **THE SECRET OF THE GIFT** is made available to the churches of our brotherhood through the audio-visual libraries of the Society and the Christian Board of Publication and through the offices of most state societies, for a small service charge.

During the past year new productions prepared and released through the department have been: **PATHWAYS TO HIGH ROADS**, a sound, color filmstrip showing the work of Hazel Green Academy; **THE GOOD WAY**, a sound, color filmstrip on Yakima Indian Christian Mission; **SHIRLEY, AN INDIAN GIRL OF THE FAR WEST**, a silent, color filmstrip also on Yakima; and **VISITING FRIENDS IN INDIA**, a silent, color filmstrip concerning our mission work in India.

Major work was completed on two other sound filmstrips released early in the new year. One of these, **AND SOMETHING HAPPENED**, was pro-

duced for special use in Our Year of Christian Education and the other, "... TO BE MY DISCIPLES" tells the story of the cooperative work of brotherhood agencies. The latter was produced under sponsorship of the Committee on Missionary Policy and Strategy of the Home and State Missions Planning Council.

The department also shared in the production of two sound films for the missionary study, SONG OF THE SHINING MOUNTAINS and IN THE FACE OF JEOPARDY. Both of these were produced by the Broadcasting and Film Commission.

The department of audio-visual services has provided to other departments of the Society and to various publications numerous flat pictures for publication, and has assisted missionaries and other staff personnel in the selection and use of audio-visual equipment. Scholarship aid has been provided for audio-visual training institutes and workshops, and the staff conducted audio-visual institutes on the campuses of three seminaries. The staff also participated in the interdenominational audio-visual workshop at Green Lake, Wisconsin.

Men's Work

Field Work. Three full-time staff workers constantly scheduled, spent more than 50% of their time in the field. Their work is supplemented by 12 Dollar-A-Year Men, each giving a minimum of two weeks of his time annually.

Retreats. These are week-end gatherings for men. Seventy were held during the past year with approximately 6,000 men in attendance, nearly all of them held in June, July, August and September.

Literature. Twenty-five hundred program packets and several hundred loose-leaf manuals on the "Why and How of Men's Work" were distributed as sales literature. Seven issues of GLANCE (newsletter) were mailed to over 8,000 leaders of men. Free literature included a pamphlet on Men's Work in the Dynamic Church, a tract on How Men's Work Can Succeed, a large chart entitled Progress of Men's Work showing step by step the progress of men's work and how it fits into the local church, and numerous reprints of articles on men's work from church magazines.

Laymen's Sunday. More churches are observing Laymen's Sunday year after year. Guidance material for conducting Laymen's Sunday is prepared and mailed to local churches on request.

National Laymen's Advisory Commission is composed of some members at large and the state presidents of 33 men's state organizations. The names of the Central Committee are: W. B. Pearce, Chairman, Shreveport, Louisiana; D. Dean Brown, Vice-Chairman, North Little Rock, Arkansas; Wm. H. McKinney, Secretary, Indianapolis, Indiana; Lewis J. Ackers, Abilene, Texas; Kenneth Hicks, Jefferson City, Missouri; J. J. Martin, Riverside, California; Thomas B. Yates, Dishman, Washington.

Achievements. Large and small churches are increasingly seeing the need of organizing a men's group. Attendance of men at church services is greater than ever before. Offerings are higher, more men are serving on functional committees in the work of the church, more men are on the boards of our agencies and institutions. Men's work has been more closely coordinated with work of the state missionary societies and other agencies within the state. Men are on the march. A fellowship of board chairmen

has been sponsored at the International and state conventions for the purpose of improving the leadership of board chairmen of our local congregations. Attendance of men at all of our conventions is improving. There are now approximately 16 men in full-time state work and 16 part-time. Men's work among the Christian Churches is affiliated with the Department of United Church Men of the National Council of Churches. Unity among men of all churches is growing and is considered by some to be one of the most hopeful signs on the horizon for the advance of the Christian religion.

Resources

Field Service. The assignment of missionary and staff personnel is one of the most far-reaching influences interpreting the work of missions and Christian education. In response to requests some 2,650 speaking assignments were made to local churches, for schools of missions, Woman's Day, link visits, CWF, CMF, CYF, Sunday worship and church night fellowships, and district youth meets, district and state conventions, adult and youth summer conferences.

Interpretation and Publicity. Each week, 150,000 copies of worship and news bulletins were ordered by 790 churches. The bulletins continued to carry information about organized brotherhood work. At the close of the year, printing, shipping and handling of orders for church bulletins were shifted to the Christian Board of Publication, while editorial responsibility remained with resources department.

The United Society bulletin, *Leaven*, was mailed to 68,000 persons monthly, September through June. *Leaven* carried reports on the current work and answered questions from the churches concerning policies of the United Society.

News and feature articles interpreting work of the United Society were released through brotherhood publications.

Link Relationships and Definite Object Support. The new policy of link support has functioned for one year. Each missionary may have four link relationships and there is no difference in these links. The new link cost requires a local church offering of \$1,500.00 to Unified Promotion; and of this, the United Society receives not less than \$1,000.00 which is automatically specified for missionary link support. A church desiring a second link must contribute a total of \$6,000.00 undesignated giving to Unified Promotion. This makes possible budget support for each of the other program divisions of the United Society, namely, home missions and Christian education.

Offerings that count toward the link total are: the regular church offerings to Unified Promotion, the three special day offerings at Easter, Children's Day and Thanksgiving of the Bible School and the CWF giving. Contributions to other causes or designated for other projects do not count toward link support.

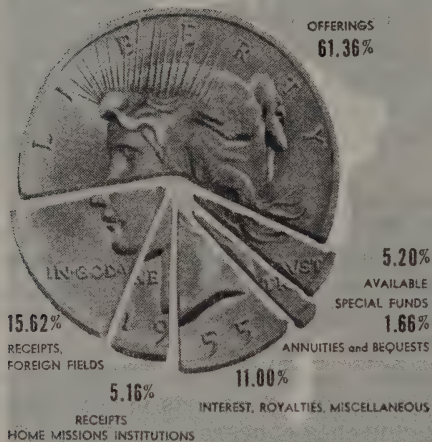

A new folder, "What Your Dollars Can Do" lists definite objects of support such as scholarships, nurses and evangelists. These definite objects of support are in the regular budget of the United Society.

Wills, Annuities and Special Gifts. Through the years the United Society has received additional income for its work from bequests, special gifts and gift annuities. These sources supplement the regular giving of the churches and individuals.

At the outset it must be clearly noted that The United Christian Missionary Society is an agency of the churches charged with responsibility in three major program areas, namely, Home Missions, Christian Education and Foreign Missions. Each division is responsible for a specific area of work. The financial resources of the United Society undergirds the total work at home and abroad. If funds are directed primarily to one area then it is quite possible that major concerns in another area of Christian service are handicapped from effectively prosecuting its work. Last year the churches contributed only 61.36% of the total funds expended through the

United Society on Christian Education, Home Missions, and Foreign Missions.

A fourth division, Administration, is responsible for promotion, interpretation, missionary church visitation, printing and publishing of free literature, etc., the Treasury and Service Departments. The "overhead" cost was only 13.47% for 1954-55. Income from sources other than church contributions far exceeds this administrative cost.

Personnel related to the work at home and abroad totals 2,728. This figure includes Missions Building Staff, Field Staffs, Institutional Missions Staff, Foreign Missionaries, Nationals, Home Mission Pastors and Missionary Candidates. These consecrated people carry the gospel of Christian compassion and saving grace as far as resources permit. The Year Book carries a complete report of all phases of work through the United Society.

Service Department

The service department is responsible for the work in the following six areas:

1. The maintenance and operation of Missions Building and grounds. Missions Building has over 70,000 square feet of floor space which houses the offices and work sections of The United Christian Missionary Society and also the offices of nine other brotherhood agencies.

2. Providing the necessary clerical and office personnel involved in doing the work of the fifteen departments of the United Society. Approximately one hundred people are required to do this work.

3. Supervision of the work in the ten work sections within service department: church records, incoming mail, print shop, central transcribing, file room, remittance mail, addressograph, mimeograph, mail forwarding, and stock room.

4. **Matériel services.** A large amount of the supplies and equipment used by our missionaries and institutions both at home and abroad are purchased by this department as well as office equipment and supplies used at Missions Building.

5. **Missions Building Library.** The library contains more than 26,000 volumes, much of which is valuable resource material on missions and Christian education. Books are loaned upon request by local libraries.

6. **Sales Literature.** Individuals and churches purchased over \$134,000.00 worth of materials during the year. The sales literature section was merged with the Christian Board of Publication, St. Louis, Missouri, effective date, July 1, 1955. The Christian Board of Publication is handling all sales items formerly handled by sales literature section of United Society. Free materials are still being distributed by the United Society from Missions Building.

*Special Funds, and income therefore, benefit the work by supplementing the General Fund. The Special Funds include bequest, annuity, permanent and trust funds, royalties, and gifts for designated purposes, such as mission properties, equipment or special services. Permanent and trust funds cannot be expended but are invested to provide income for the work. Annuity gifts must be invested and are not available for the work until released by request or death of the annuitant. Each special gift is administered separately to fulfill the expressed wish of the donor.

@The excess of expenditures over receipts is from accumulated balances of Special and General Funds received in prior years, not expended in the year received, but spent as called for by the work program.

Certificate of Auditor

Board of Trustees
 The United Christian Missionary Society
 Indianapolis, Indiana

We have audited the accounts of The United Christian Missionary Society for the fiscal year ended June 30, 1955, and have verified the cash, securities and other assets as of that date.

We have also examined the Treasurer's report, a copy of which is attached hereto, showing assets of \$9,238,011.95, total liabilities of \$342,181.66, and total fund balances of \$8,895,830.29, as of June 30, 1955.

We certify that the Balance Sheet shown in the Treasurer's report is in agreement with the records of the Society and with our report of audit as of June 30, 1955; and in our opinion, correctly presents the financial condition of The United Christian Missionary Society at that date.

DIVISION OF FOREIGN MISSIONS

This was a year of extensive field visits on the part of the secretaries of the foreign division. Virgil A. Sly visited Japan and the Philippines to confer with the missionaries and nationals on the problems relating to participation in the United Churches of those countries. Donald F. West visited India, Thailand and the Philippines in a regular administrative visit which resulted in some very significant openings for new work in Thailand and India and helped to set up the procedures for increased participation in the Interboard operation of the United Church of Christ in the Philippines. Mae Yoho Ward, in accord with the policy of the division for exchange visits of executive secretaries in fields other than their own administrative portfolio, had opportunity to visit the Belgian Congo at the time of the biennial conference in November and December of 1954. She was also privileged to go to Europe which aided her own work in Latin America by contacts in Spain and the World Council of Churches in Geneva, Switzerland. On behalf of the Christian Women's Fellowship, she spent two weeks in England and Scotland visiting the missionary societies.

Perhaps the most significant event of the year was the visit to Japan and the Philippines of the commission to study the relationship of the strategy of world missions to the participation of The United Christian Missionary Society in the Interboard organization supporting the United Church in those countries. At the request of the Japan mission, the commission was appointed by the board of trustees consisting of Mrs. Russell Putnam, president of the International CWF, Cleveland, Ohio, Warner Muir, pastor, University Christian Church, Des Moines, Iowa, Dr. Riley B. Montgomery, President, College of the Bible, Lexington, Kentucky, and Virgil A. Sly, chairman of the foreign division as consultant. This commission spent part of September and October in Japan and the Philippines studying the basic problems of our participation in the supporting structure of the United Church effort in these countries. The commission brought its report and findings to the board of managers and the board of trustees meetings in Miami in October, 1954, and recommended that The United Christian Missionary Society completely integrate its budget and missionaries assigned to these fields with the structure, policy and program of the Interboard organization cooperating with these United Churches. In January, 1955, the board of trustees approved this recommendation and there has been mailed to the churches the printed report of the commission's findings.

The division of foreign missions culminated a long period of study of a basic strategy of world missions for the Society. The process for this study began back in 1948. It was first reviewed by the board of managers meeting in Chicago, Illinois, in 1952. It was brought before the board of managers meeting in Portland, Oregon, in 1953, and the Miami, Florida, convention of October, 1954. The strategy involved consideration of major responsibility of the foreign division in such areas as the nature of the missionary outreach of the church, the mission to a world in revolution, the emergence of the younger church on the mission field, the issue of missions and unity, the mobility of the missionary program and the plans and program of the foreign division in the years ahead.

Missionary Selection and Training

Each missionary before he goes to the field passes through three steps of preparation: volunteer, candidate, and finally a commissioned appointee for service abroad. At the June, 1955, meeting of the board of trustees, 16

Foot Notes: It will be noted that no report is provided for China. Since 1950, no facts regarding the work in China have been received. It is the judgment of the Foreign Division that we should eliminate the China report until further information is received.

*Small gain due to revision of Bosohe area.

**The missionary tabulation does not give an accurate picture of staff because of retirements and overlapping periods of service.

***Lower evaluation of property in Mexico due to devaluation of peso.

CT- Candidates in training

C- Couples

NEW MISSIONARIES FOR NEW DAYS

by E. K. Higdon. The Bethany Press 1956

9/15/54

volunteers became missionary candidates after having successfully completed the first stage of preparation. Nine candidates were commissioned for missionary service overseas. As of June 30, 1955, there was a total of 99 candidates. We are in correspondence with 500 volunteers, 35 of which we expect to be ready for candidacy by June, 1956.

The following statistical table shows how the standard for candidates has gradually been raised:

	Volunteers	No. presented	Others probably ready later
1951-52	54	26	10
1952-53	64	22	6
1953-54	98	27	10
1954-55	81	16	3

When all volunteers are considered, which includes a number of high school youth who drop out after a time, only one out of ten volunteers becomes a missionary.

E. K. Higdon in the six years he served as executive secretary lifted the process of missionary selection and training to such a level that it is now the standard for many communions. This careful selection of missionaries has saved both the individuals and the fields involved unnecessary frustration and failure, as well as a great saving of the missionary dollar. Mr. Higdon sets forth this process of selection and training in his book, *The Making of a Missionary*.

Africa Missions

The Belgian Congo. The total number of missionaries on the field in late 1953 and through 1954 is undoubtedly an all-time record. The slow but steady stream of new recruits has been a stimulus to both missionaries and Congolese.

The secondary schools are constantly becoming more firmly established. These include schools for preachers, teachers, and office workers. Plans are proceeding to add classes and years to provide a normal school. The graduates will approximate more closely the rank of graduates of a junior college.

The regional schools in the back country villages are boarding schools for their areas and have been expanding steadily as better qualified teachers have become available. They now offer a better quality of instruction which extends from one to three years. The number of schools available to the back country population is even yet utterly inadequate.

The medical work has been seriously hampered by the lack of enough doctors to staff our hospitals, and this will be true in greater measure through 1955.

Changes in missionary personnel have disrupted the usual operation of evangelistic programs on several stations. Additional workers are needed in most of the field areas, especially Mondombe and Bolenge, and for work in the towns.

The mission employees have responded in a remarkable way to the present stewardship program, and the practice of tithing is becoming more generally accepted on the mission stations. It now needs to be expanded to include the back country members.

The biennial conference in 1954 was something of an experiment. It was planned as a church conference rather than a missionary conference,

in which the native delegates actually outnumbered the missionaries, 66 to 57. The subject was "The Christian Family." One of the greatest needs in the establishment of such families in Congo is the education and development of girls and women—the branch of our work which has been most difficult and underdeveloped. Interestingly enough, this was the first conference with a woman chairman, and a man co-chairman.

Evangelistic workers have been encouraged by additional funds available, the growth and development of the Preachers' School at the Congo Christian Institute, the young men in training and the new evangelistic missionaries now joining our ranks.

The physical equipment of the mission has been steadily improving with funds from The Crusade and now Capital for Kingdom Building. These funds, plus government subsidies, have given us some fine new schools, a church, hospital buildings, residences, equipment, and renovated a number of buildings.

Travel is almost entirely by truck today, with some mechanized water units at Lotumbe and Ifumo, and Bolenge. This is very different from the tedious, tiring travel by foot, bicycle, tepoy or canoe as of yesteryear.

Our Congolese Christian leaders today are more mature and devoted than ever before. More expressions of thanks are offered these days than ever before for the help given by other Christians (missionaries and church members at home), in making possible the advantages of Christian training and living through the medium of the work done by the Mission.

South Africa. The outstanding event of the year was the holding of the first all-southern-Africa convention of the Disciples of Christ at the Linden Christian Church at Johannesburg. Representatives were present from the Belgian Congo, Nyasaland, South Rhodesia and the Union of South Africa. The Hon. R. S. Garfield Todd, Prime Minister of South Rhodesia and former head of the New Zealand Mission at Dodaya, South Rhodesia, was elected president. Mr. Basil Holt, representative of The United Christian Missionary Society, was elected secretary. The convention hopes to meet every four years and plans to have the next meeting in South Rhodesia. It is an inter-racial convention.

Much progress has been made in the general work of the church. The churches of South Africa have asked for more personnel from the United Society in order to develop and expand the program. Bernard Barron, pastor of the Cape Town Church is now studying in the United States.

China Missions

There is no report from China. We do know that the church is continuing to function and for the most part is holding its own. We can only pray for China, for our brethren, for the church.

Prayer

"O most merciful Father, we pray Thee for all members of Thy Church in China. Keep them in Thy love and guard them from every evil way. Sanctify their homes and their daily life, that they may be a blessing to their fellow-countrymen. Uplift them with a vision of Thine eternal Kingdom, and lead them through the fires of present distress to a purer and stronger faith in Thee as their faithful Creator and Redeemer; through Jesus Christ our only Lord and Saviour."

From "Prayer for China: 1954."

Japan Missions

The year 1954 was an historic one for the Japan mission of The United Christian Missionary Society. Although since the termination of the war our mission had been working closely with the organization for cooperative missionary work in Japan, it was not until the situation had been studied carefully by a United Society Commission of Friendly Inquiry in the fall of the year that it was decided to integrate our efforts fully with those of the nine other mission agencies comprising the Interboard Committee for Christian Work in Japan, and with the Council of Cooperation which links these mission agencies to the Christian work going on in Japan. Until the end of 1954 the United Society had supported directly the work of churches, schools, and social service institutions related historically to the Disciples of Christ. In addition, it had done its share in supporting a large amount of Christian work which has resulted from the advanced ecumenical pace of the Christian movement in Japan.

Churches historically related to the Disciples of Christ numbered fourteen this year, an increase of one new congregation over the number reported last year. Our churches showed a net gain in membership, but a slower rate of gain than last year. The Kyodan (The United Church of Christ) as a whole showed this same trend. Big gains were noticed in the stewardship of money, and most of this was due to actual increase in giving rather than to any inflationary trend, or devaluation of the yen.

Our two schools showed steady gains. The fire which burned the Sei Gakuin chapel and junior high school classroom buildings to the ground did not deter the progress of that school. An amazing recovery was made as the school alumni, the PTA, and friends from near and far contributed more than \$13,000 toward the replacement of these buildings. Before the school year was out a new classroom wing was added to the high school building, fire protection apparatus installed throughout this building, and the construction of the chapel was begun.

The social service work, consisting of a hospital, a day nursery, and an orphanage, all operated at peak capacity.

Union work which the United Society supported in 1954 was of such great variety that it is impossible to list every institution or church which received aid through prorated giving by the mission boards. Churches were built, pioneer churches started, church leadership trained, pastors and their families aided, and innumerable other works done through the Kyodan itself.

Latin America Missions

Argentina. In northern Argentina the group at Barranqueras became an organized church. A church building fund was begun with the churches in Buenos Aires and Resistancia participating.

Union Theological Seminary improved its physical plant by the purchase of adjoining property which provided room for an experimental kindergarten. The trustees of Colegio Ward, cooperative school with the Methodists, elected Dr. Ernest Bauman as the first Argentine director.

Mr. and Mrs. S. S. McWilliams completed 25 years of service to Colegio Ward. He was named vice-director emeritus in appreciation. They were replaced by the George Smedleys who had been serving in Paraguay. The Leonard Vaughns, new missionaries, were assigned to the Villa Mitre church. Elvira Cestari, national worker, went to Asuncion to work in Colegio Internacional. Jorgelina Lozada was fraternal delegate to the World Council of Churches Assembly in Evanston.

Jamaica. A dream came true when a union seminary was initiated, sponsored by Presbyterians, Methodists, Moravians, Congregationalists and Disciples. The foundation for a beautiful dormitory and tutors' apartment was laid by a Disciple-sponsored workcamp of eleven youth from the U.S. and ten Jamaicans. Two Disciples are students in the seminary.

Christian Layleaders Fellowship of young men was organized and met weekly for instruction and discussion. The group served effectively in rural churches temporarily without pastors.

There was a noticeable increase in giving to all departments of church work as a result of special emphasis on stewardship.

Gladys Harrison was in Indianapolis for a training experience in religious education. Wenona Wilkenson, formerly of China, gave voluntary service while visiting Lyrel Teagarden. E. J. Robertson was the fraternal delegate to the Miami convention. Following the Miami convention two tours visited the islands and one group helped dedicate Oklahoma Lodge.

Mexico. The Union Seminary moved into a fine new building in Mexico City. Recruitment for the ministry was intensified and four Disciple candidates were accepted.

Pearl Gibbons retired after 12 years of excellent service at Hope Hospital and was replaced by Eva Marie Johnson from Paraguay. John Huegel and Charles Story augmented the missionary staff and were assigned to the church at Los Nogales and the farm at Pabellon, respectively.

At Pabellon a new church was completed. Money from Capital for Kingdom Building made possible an irrigation well at the experimental farm which trains youth in farm techniques.

The public library sponsored by the mission at San Luis Potosi was remodeled and many new books purchased. About 50 people used its facilities daily. Central church rejoiced that 8 of its youth volunteered for church vocations. The pastor, Daniel Lopez de Lara was a fraternal delegate to the World Council of Churches Assembly in Evanston.

The midwifery course at Los Haro graduated one nurse. A course for leaders in religious education was offered.

Paraguay. 1954 will be remembered historically for the first convention of the Churches of Christ in Paraguay. It was a fellowship gathering but is a forerunner of a Paraguay sponsored home mission program.

Emphasis on evangelism was high lighted with the churches taking part in six distinctive evangelistic campaigns. Two new preaching points were opened and property purchased at Nuevo Londres. Barrio Colon, formerly a part of the Peru Avenue Church, became a separate congregation. The Roman Catholic church intensified its opposition and succeeded in barring Protestants from broadcasting.

Colegio Internacional completed 35 years and had its largest enrollment. In its graduation class were 4 Protestants, 8 Jews, 1 Orthodox and 14 Roman Catholics.

About 1,200 people in Coronel Oviedo were served by one or more of the services of Friendship House. In Asuncion, Friendship Mission among many activities gave 2,000 dental treatments and 21,000 free baths.

The missionary staff was augmented by the Dean Rogers and the Lloyd Tatlocks.

Puerto Rico. A constitution, written cooperatively by the Puerto Rican administrative group and a United Society committee, proclaimed new

maturity in working relationships. In accepting major responsibility for the management of their own affairs, the churches also assumed their responsibility in world missions.

New buildings were dedicated at Ciales, Corozal and Barrio Pajaros. These were financed by offerings of the members, loans from the Board of Church Extension and gifts from the United Society.

Two graduates of the Union Seminary, Lucas Torres and Luis del Pilar, were ordained. The Michael Saenzes, new missionaries, were assigned to McLean Conference Grounds. The Grounds served Mennonites, Presbyterians, Methodists, Christian and Missionary Alliance, and Baptists in addition to conferences of the Disciples.

Two tours, before and after the Miami convention, visited the island. Mr. Hollis Turley, Pension Fund, Mr. and Mrs. Frank Wickes, Board of Church Extension, and Mr. and Mrs. Jack Sutton, department of men's work, United Society, rendered services on behalf of their respective agencies.

India Missions

The ups and downs in the India Mission during the past year have made the journey a most interesting one and the plateau on which we now find ourselves is higher than when we began the year. Criticism of missions in general and of our own in particular culminated in the visit of the Committee of Inquiry of the Indian government in the month of July, 1954.

As a policy it was decided that missionaries should stay in the background and give the Indian Christians the opportunity to answer any charges that were brought forward. Since the Mission felt that it had nothing of which to be ashamed in methods and accomplishments, it was fairly confident that the outcome would be good. Any doubts were quickly dissipated on the arrival of the Committee and the response from Christian laymen and women.

The Abundant Life program in Takhatpur and the Five Star project in Damoh both follow fairly closely the type of work being done by government agencies and World Neighbors. They aim to lift the whole life of village India by searching out and following the felt needs of the people themselves.

A variation of village uplift program is found in Fosterpur. For a long time we have had a demonstration and experimental farm in the midst of a slowly expanding Christian village community. Without lessening the original emphasis on our evangelistic work we are adding an adult literacy program, the two bolstering each other.

The year has seen a further development in our kindergartens at Mungeli, Bilaspur, Pendra Road and Damoh. While a fair share of the support comes from the Mission, the churches in each of these places are taking a larger part in the supervision.

In our evangelistic work there has been a slight lessening in the rate of conversions especially from non-Christian sources due to local opposition. We feel that by shifting the supervision of this phase of the work to the church itself we can actually strengthen our approach. We have a strong group of young men in training for the ministry at Leonard Theological College in Jabalpur.

We are encouraged by the growing number of Indian men and women who are capable of carrying on the supervision of mission and church activities. The hospitals at Mungeli, Takhatpur, Bilaspur and Damoh have

Indian doctors in charge, and their work has been commendable. During the year two more doctors returned from special training in U.S.A. Our two large high schools in Bilaspur have carried on through the year with Indian leadership.

Later in the year a representative of the Mission was called to sit with the committee drawing up plans for the United Christian Mission to Nepal. We are able to be counted as one of the founding members.

Our work in cooperation with the Baptist in Orissa has flourished. This past year has seen the proper establishment of the new station, Diptipur (village of light) with our missionary family giving a large part of their time to the construction of a boys' hostel, teachers' quarters, school building and supervisor's residence.

Philippines Missions

At the close of 1954 for the first time in twenty years all five of the stations calling for resident missionaries were occupied at the same time. The year has been good, showing much progress and development in the work of the church. The churches of Northern Luzon, working within the United Church of Christ of the Philippines, were pleased to have their relationship to the United Church regularized by the participation of The United Christian Missionary Society in the Philippines Interboard Committee. The Tagalog churches in the Manila area continued in their present relationship with the Society.

The work of the churches shows continued growth and development. The baptisms for the year were 867. This was a gain over last year. Their stewardship has shown a slow but gratifying growth. New and promising leadership is emerging. One of the most satisfying factors is the greatly improved supply of college and seminary trained leaders.

In Abra the Bangued church entertained the annual convention of Northwest Luzon conference. Also at Bangued was held the first Abra Christmas Conference of the province. Seventy young people were enrolled for this three-day training period. A new kindergarten was opened at Lamao. The Abra Mountain High School enrollment was down somewhat but it continues to put forth a fine program of Christian education. In March, 1954, the Northeastern part of Abra was surveyed for evangelistic opportunities. The results were most promising.

Apayao province became a separate missionary conference within the United Church of Christ, which will help our churches of the Philippines to have a real home mission outreach. The high school at Kabugao continues to meet real need for Christian education.

In Ilocos Norte the most important event for the whole northern area was held at Laoag. It was a ten-day intensive training period for the local church and pastors of the area in more effective and consistent methods of evangelism and stewardship in the church. Northern Christian College has started procedures to turn over the institution to the Northern Convention.

In Vigan, Ilocos Sur, a new chapel was begun in Asilang and a church building has been erected for a small but energetic congregation of Chinese. The Vigan community center made significant progress.

The Tagalog churches in the Manila area have taken seriously their responsibility for the mass of students in the area and have made a good beginning in the Gastambide church which is in a large student area.

The Philippines has tremendous promise and with the enlarged staff and the unusual development of national leadership the promise begins to have reality.

Thailand Missions

The small Thailand work is beginning to grow into a real mission. Our group totals eight missionaries. This has been a year of steady, hard work.

The various church groups have gone ahead, Christian Women's Fellowship and Youth being the most active. The women's groups carried a number of projects for the rural program and local churches. Four of our leaders attended the National Conference of Christian Women of the Church of Christ in Thailand.

The Mission participated in two Thai Youth Conferences, one for older and one for Chi Rho young people. Each had an attendance of around thirty-five. The Sam Yek Work Camp, which was related to the Bangkok International Work Camp, was a big success.

The greatest progress in extension work has been in Sam Yek, where two residences have been erected from Capital for Kingdom Building funds. A six by eight meter unit was erected for the Sam Yek School. Other building during the year included a one school room and lunch room unit by the Boys' School. The Memorial Conference Center building at Nakon Choom was completed. Our Thai schools in Nakon Pathom continue to have large attendance.

The Mission has cooperated with the Presbyterians, Northern Baptists, and Southern Baptists, in the forming of a Union Language School, which opened in Bangkok September 1, 1955.

The Assembly of the Church of Christ in Thailand, which convenes once in four years, met November, 1954. The Disciple Mission became formally recognized as an affiliated unit. Disciple churches were already members.

During the year our hospital received and put into use a modern operating table and light, three new hospital beds and the complete renovation of the operating room, making it up to date and very serviceable.

DIVISION OF HOME MISSIONS

Interdenominational Cooperation. Throughout 1954-55 the division of home missions (departments of church development and evangelism, institutional missions and social welfare) cooperated through staff participation and financial support with the divisions of life and work and of home missions and of the joint department of evangelism of the National Council of Churches of Christ in the U.S.A., the John Milton Society for the Blind, the National Religion and Labor Foundation, the National Conference of Social Work and the National Service Board for Religious Objectors.

Home and State Missions Planning Council. The division has continued its active support of and cooperation with the Home and State Missions Planning Council, doing much of its program planning through this agency. The year witnessed the by-laws of the Planning Council revised to provide for more effective procedures and the addition of a standing committee on

world outreach. The Council now operates through nine standing committees as follows: committee on local church life, committee on evangelism, committee of effective ministry, committee on town and country church, committee on urban work, committee on Christian service, committee on Christian stewardship, committee on world outreach and committee on missionary policy and strategy.

Committee on Military and Veterans Services. See report, page 150.

Church Development and Evangelism

Personnel. David S. McNelly, pastor of Mirror Lake Christian Church, St. Petersburg, Florida, came to the staff of the department on September 1, 1954, as associate secretary with responsibility for evangelism. With the coming of Mr. McNelly all staff positions were filled and remained so for the duration of the year.

Year Book Study and Preparation for "Our Church in a Changing America" Emphasis. The department pursued two major research studies throughout the year. One, under the leadership of Dale W. Medearis, was a comprehensive statistical study of the churches of the brotherhood based on the 1953 Year Book of Disciples of Christ and the 1950 U. S. Census, and the other was the preparation of three manuals to be used in connection with the "Our Church in a Changing America" Long Range Program emphasis during 1955-56.

Evangelism. The 1955 pre-Easter evangelistic project, "Committed Unto God," indicated that more and more churches are using the materials prepared by the committee on evangelism of the Home and State Missions Planning Council and the department of church development and evangelism. Following the pre-Easter period 1,334 churches reported through *The Christian-Evangelist* a total of 51,817 additions between January 1 and Easter. During the winter and early spring the director of evangelism held a series of eighteen one-day informal conferences on evangelism in seventeen cities involving fourteen states. The purpose of these conferences was to make an evaluation of the current program of evangelism with a view to developing a more adequate program in the future. John W. Frye, national evangelist, conducted evangelistic meetings during the year in 22 communities in 12 states, with more than 600 additions to the churches served.

Church Development. Throughout the year the department continued its emphasis on functional organization for local churches. It gave leadership in teaching courses and conducting conferences on church administration, program planning and worship. *Church Loyalty Month* (October) was again promoted. Throughout the year the director contributed a weekly column to *Front Rank* under the title "Toward a Better Church." *Between Time Meditations*, a book of devotional verse written by the director, was published by Bethany Press.

Ministerial Services. The department has continued to place emphasis upon the recruitment of young men for the ministry. Assistance has been rendered to ministerial students in securing summer work and in meeting a number of personal problems. A gift book was presented to 135 graduating seniors of our graduate schools of religion. Assistance was given to 170 ministers (an increase of one-third over the previous year) who desired to move and were seeking new pulpits. Numerous requests from

F—Full Support; PS—Partial Support

203

churches for information concerning ministers were also cared for. An institute for Negro ministers was held at Goldsboro Christian Institute, Goldsboro, North Carolina. The director of ministerial services visited various colleges and seminaries to meet with ministerial students.

Church Maintenance and Mission Churches. (See tabular report, page 202.) During the year 79 ministers were given financial support in 64 white churches, 9 Negro churches and one larger parish in the United States and 5 white churches in Canada. Nine state and area secretaries, including the All-Canada secretary, were given salary support during 1954-55. Three mission fields with programs of pastoral guidance and support, radio, kindergarten, ministerial training, social service and community improvement were provided in Louisiana (French-Acadian), Texas (Mexican), California and Colorado (Japanese). Much attention was given throughout the year to the establishment of new churches. During the year eight assisted congregations achieved self-support. Maintenance aided churches showed a better than average gain in church membership, stewardship and program expansion. Important steps were taken during the year to aid the Puerto Rican churches in New York City.

Town and Country Church. Recruitment for the town and country church ministry was pushed aggressively during the year, with contacts being made with all graduating seniors of Disciples of Christ seminaries appealing to them to seriously consider this field of service. Training opportunities were provided those already working with town and country churches through in-service training institutes and short courses. Churchmanship institutes for lay leaders of town and country churches were developed further with gratifying results and fine prospects for future years. *Rural Life Sunday* was observed in many of our churches, both rural and urban. An increasing demand for program material on the part of our town and country churches is being manifest.

Urban Work. During the year the department aided both individual congregations and city associations of churches through surveys for new church establishment and the relocation of existing congregations. In cooperation with the School of Religion, Butler University, an *Urban Church Institute* is held for three weeks each summer, attendance being on an invitational basis. Materials for guiding urban churches and city associations were prepared in conjunction with the committee on urban work of the Home and State Missions Planning Council.

Rochester Hospital Chaplaincy. The department continued to cooperate with the Minnesota Christian Missionary Society and the Iowa Christian Missionary Society in the support of Vernon H. Carter as Disciples of Christ Chaplain at the Mayo Clinic, Rochester, Minnesota. Mr. Carter made 3,188 calls upon patients during the year.

Negro Work. During the year the department cooperated with the staff of the National Christian Missionary Convention in service to our Negro churches. It gave church maintenance aid to nine Negro churches and assisted in the support of two regional evangelists. It gave financial and leadership support to Goldsboro Christian Institute, Goldsboro, North Carolina. It assisted in scholarship grants to a number of Negro students and cooperated in the support of Taylor Memorial House, a residence hall for Negro students at Butler University.

Institutional Missions

All Peoples Christian Church and Community Center, Los Angeles, California. A new aspect of the community service program was made possible by Capital for Kingdom Building funds which purchased a parsonage across the street from the church, thus making the former parsonage available for an after-school play program and expanded crafts activities. Three hundred twenty-three persons participated in various phases of the community center program, with 1,000 attending the bazaar. There were 102 campers from 7½ to 12½ years of age in attendance at the summer camp which had 22 adult leaders. All Peoples church added 40 members during this Year of Stewardship, making a total of 337, and the church budget was increased appreciably. Stewardship of Prayer was stressed and four retreats were held; one attended by 19 leaders at the home of Kirby Page. Mrs. Fred Vickland, who has served the United Society as a home missionary for 24 years, first in the Japanese Institute and in later years as director of All Peoples nursery-kindergarten, retired June 30, 1955. Yoshisuke Yamamoto retired June 30, 1955 after a service of 7 years as custodian.

Hazel Green Academy, Hazel Green, Kentucky. Sixteen young people were graduated in May, 1955, at the close of the Academy's seventy-fifth year. This anniversary year marked the beginning of the area-wide program recommended by the Survey Committee. The Bookmobile, operated jointly by the county and Academy, visited 34 rural schools every two weeks. More than 20,000 books were read. Community singing brought to the campus monthly many from several adjoining neighborhoods. Mr. and Mrs. George E. Breece, from Pasadena, California, joined the staff to give two years' service without financial compensation. Their coming made possible student counseling and more extensive home and rural school visitation in the area. Extra-curricular activities included the 4-H Club, Conservation Club, Y-Teens for girls, Christian Youth Fellowship, Chi Rho, and a Glee Club. An advisory board was set up to counsel with the director and to serve as a liaison to the Society.

Jarvis Christian College, Hawkins, Texas. Fine growth was evidenced in the student body of 200 from which 25 were graduated May 30, 1955. Fifteen students were enrolled in preparation for full-time Christian service. Ground was broken May 30 for the new dining hall to replace the building that burned last year. Work was started in June on expansion of the Fundamental Education program.

Mexican Christian Institute (M.C.I.), San Antonio, Texas. This year marked the peak in contacts made through 41 activities carried on by M.C.I. Through the kindergarten, seven clinics, 19 clubs for children, 12 classes for future American citizens, two mothers' clubs and the library, 4,557 different individuals were in some way benefited by the program. A plot of ground adjoining the institute was purchased from the San Antonio Housing Authority with Capital for Kingdom Building funds. This acquisition makes possible the greatly needed new clinic building which is included in Capital for Kingdom Building askings. This year M.C.I. gave in-service training in social work to a student from Uruguay.

Mt. Beulah Christian Center, Edwards, Mississippi. This new home missionary program in an old setting began in July, 1954. Nine conferences and camps were held on the campus with a total attendance of 607. These were sponsored by the Mississippi Disciple churches, denominational

groups and the Y.M.C.A. In July, 1954, the used clothing store was re-activated under the name "Next-T-New Store." Some 3,000 individual services were made. In January, 1955, a Health Center was opened. Prenatal and postnatal classes were held, school children examined, sick calls were made. A total of 675 individuals were served.

Tougaloo Southern Christian College, Tougaloo, Mississippi. 1954-55 marked the first year of the college formed by the merger of Southern Christian Institute with the Congregational-Christian school, Tougaloo College, on the campus of the latter seven miles north of Jackson, Mississippi. There were 291 students enrolled and 51 were graduated. The Tougaloo Southern Christian College board gave approval to the curriculum to be offered in the new department of religion and philosophy to be set in the fall of 1955. Dr. Harold C. Warren, president for eight years, retired effective June 1, 1955, and by action of the board was named president emeritus. Dr. Samuel C. Kincheloe, professor of Sociology of Religion at Chicago Theological Seminary, was elected to succeed Dr. Warren and will take up residence on the campus in January, 1956.

Yakima Indian Christian Mission, White Swan, Washington. The outstanding achievement of the year was the completion of the unique log church on the mission property. It was dedicated February 6, 1955, with some 700 in attendance at the two services. Attendance has averaged 110, with 175 attending on Easter. There were nine baptisms during the year making the total membership 49. Thirty-six children lived in the Mission Home which is the maximum capacity for the dormitory facilities. An advisory board was set up for the purpose of counseling with the director and to serve as liaison to the United Society. The medical clinic gave 3,084 patient treatments during the year. There were 212 Indian children in attendance at the three Vacation Bible Schools.

Social Welfare

State Commissions on Christian Action and Community Service. Assisting state groups with guidance and small financial appropriations the department has encouraged the growth and development of state commissions. Three more were activated making a total of 23 state commissions now at work.

Local Church Committees. The department is now in correspondence with 388 local church committees on Christian Action and Community Service and is constantly engaged in helping to establish new ones.

Special Social Education Sundays. Increasingly, churches are looking to the department for materials to aid them in celebrating certain special Sundays: 607 churches ordered materials for Freedom and Democracy Sunday; 393 churches asked for the free packet of material for World Order Sunday and 21 churches ordered the cost packet of resource for setting up "Round Table Discussions on World Order and Peace"; of the churches observing Race Relations Sunday, 160 reported to the department their special programs and 54 CWF groups reported special activities; 74 churches sent in report sheets regarding their use of Labor Sunday material.

Institutes, Clinics and Seminars. Two, two-day church and community clinics on "The Older Person and Today's Community" were held at Springfield, Illinois, and Seattle, Washington, with an attendance of 225 persons, having been jointly planned and executed with the state and local

leaders of Illinois and Washington. Two, one-day institutes with a total attendance of 175 persons were held as follows: a local church institute on "Church and Labor" was held at Ottumwa, Iowa; a metropolitan area institute on "The Church and Social Education and Action" was held in Kansas City, Missouri. The department's Seminar on World Order, held at United Nations, attracted 64 ministers, laymen and students. Twenty-five Disciples delegates were enrolled under the department's sponsorship in the Churchmen's Washington Seminar.

Social Education Through Curriculum Processes. The department arranged for the rewriting of two young people's summer conference syllabi: "Helping Face the Liquor Issue" and "Working for Christian Human Relations."

Material Aid. From July 1, 1954, to June 30, 1955, 16,606 pounds (2,375 boxes) of material aid were shipped to Belgian Congo, Africa, Philippines, Japan, India, Thailand, Puerto Rico, Germany (Hilfswerk-Protestant Relief Agency at Stuttgart) and to the Disciples' Chaplains in Korea, as well as to the home mission institutions, migrant peoples and other worthy causes in the United States.

Refugee Resettlement. The Disciples refugee resettlement field worker is in correspondence with more than 391 churches within 34 states and assurances from 46 churches, covering 140 people, have been completed.

Fraternal Workers, Migrant Workers, Exchange Students, Work Campers and Internees: Parker Rowe, a graduate in agricultural extension work continues to do rural reconstruction work in Greece as a fraternal worker under the World Council of Churches. The department placed 8 German high school students in Disciples of Christ church homes in cooperation with the Teen-age Exchange Student program sponsored by the Department of State. During the summer of 1954, ten young people served among migratory peoples.

Race Relations. In following through on the Survey of Racial Practices (initially proposed by International Convention Resolution No. 44, approved at the Cincinnati Assembly in 1949) the department is compiling the findings provided by the more than 2,000 questionnaires returned by churches, colleges, state secretaries and state directors of religious education. Sixty-five persons were registered for the First Disciples of Christ Conference on Desegregation held at Cleveland, Ohio, June 21-23, 1955.

The department has cooperated in numerous program schedules on "The Church and Minority Groups" (1954-55 outreach emphasis of the Long Range Program). These have included workshops, study and discussion groups, and/or presentations of the filmstrip, "Live and Help Live" in 17 State Conventions, some 75 District Conventions and meetings, and 7 National Conferences and Conventions.

DIVISION OF CHRISTIAN EDUCATION

Christian Education Assembly. The first meeting of the Christian Education Assembly was held in January, 1955, at Spring Mill Inn, Mitchell, Indiana. A total of 86 persons attended. They came from 16 states and Canada and represented many different interests in Christian education, including professors, ministers, student workers, local church directors, national and field staff, lay workers, parents, editors and writers.

These areas of concern occupied the attention of the Assembly for most of the five-day period: the theological aspects of Christian education objectives and curriculum, missionary education, leadership education, family life education, alcohol education, grouping and grading and other aspects of church organization related to Christian education, Christian education in the small church, education in relation to ecumenicity and communication to and from the local church to program planning bodies. Recommendations and judgments were recorded and referred to the Curriculum and Program Council (CPC). Under this new setup the CPC is obligated to report at the next biennial meeting of the Assembly the disposition made of the proposals of the Assembly.

Curriculum and Program Council. The primary task of the May, 1955, meeting of the Curriculum and Program Council was the consideration of the nearly 40 recommendations of the Christian Education Assembly. For example, one recommendation was that more specific guidance be provided for leaders in small churches. Materials were examined with this in mind. There were several recommendations concerning Christian education objectives and their theological implications. One recommendation led the children's work committee to examine curriculum materials to see what we are teaching our children about the Holy Spirit. The many recommendations concerning family life were referred to a consultative conference to be conducted by the religious education department. In addition, the Council conducted its regular task of clearing program plans and curriculum descriptions. Some of the items decided upon are: Reading program for church school workers, manual on church's ministry to the homebound; observation schools of missions; and elective courses on stewardship and the family, evangelism, social education.

Mrs. Herald Demaree Received Citation. On February 8, 1955, during the annual meeting in Cincinnati of the National Council of Churches Division of Christian Education, Mrs. Herald Demaree of Franklin, Indiana, received the national citation for the Russell Colgate Distinguished Service Award in recognition of her outstanding service as a lay worker in Christian education. Mrs. Demaree was the first of Disciples of Christ and the second woman to receive this national award.

Christian Women's Fellowship

Christian Women's Fellowship. Christian Women's Fellowship includes all reporting women's organizations including Fellowships, Councils, Missionary Societies and Fellowship Guilds (business women's groups). The only exceptions are business women's organizations which have not yet become a group in the Christian Women's Fellowship. On June 30, 1955, there were 3,813 Christian Women's Fellowships and 259 business women's organizations, making a total of 4,072 organizations, which is a gain of 114 over the previous year.

The International Christian Women's Fellowship has functioned in many advisory capacities, through its officers, commission, and advisory council. The commission met during the Miami convention. The advisory council met with state presidents and state secretaries at their annual staff meeting in March. The council reviews proposed themes for general topics and advises the department on program plans, authors, and emphases.

Love Gift. The first project to go to the women under the sponsorship of the International Christian Women's Fellowship is the Love Gift.

Women as individuals were asked to contribute to this project something in love and gratitude for all that they receive. The Love Gift fund was specified for the training of missionaries and nationals. Because it is not a special fund it is a part of the states' regular offerings, but did not count on a local Fellowship's goal. Although some states launched the project earlier, the official launching of the program was at the International Convention, Miami, Florida, October, 1954. In spite of this late launching the Love Gift totaled \$108,801.49.

Long Range Program. Christian Women's Fellowship is vitally concerned with the Long Range Program. Projects and study have taken into account the year's emphases, and the Fellowship programs have presented the various themes. The women are also working on their special Christian Women's Fellowship goals: (1) Deepened Spiritual Life. The women are engaging in Bible study, organizing prayer groups, and reading devotional books; (2) Doubled Membership. The increase for the year is 15,398 which brings the total membership to 237,529; (3) Doubled Giving. Regular offerings for 1954-1955 were \$1,277,558.52 which is a gain of \$93,037.44 or 7.85%, but the Love Gift (\$108,801.49) being also regular offerings, the total amounts to \$1,386,329.40 and the gain is \$201,808.32 or 17.03%. The gain in regular missionary offerings is 82% over the base year of 1949-1950; (4) An Annual School of Missions in Every Church. Though Schools of Missions are the responsibility of the total church, Christian Women's Fellowship reports because it is one of their Long Range goals. We believe that many more churches have schools than the records show, but the increase is steady. There were 591 held in 1954-1955, compared to 182 in 1949-1950.

Staff Meeting. The annual meeting of national and field staff personnel was held in Indianapolis, March 5-9, 1955. State presidents and the advisory council met with the staff for study, program planning, review of work, inspiration, and fellowship.

Mission Tours. Miss Katherine Schutze conducted four tours. One was exclusively for business women. Westward Ho! visited All Peoples Church, Yakima Indian Christian Mission, and places in Canada; two tours to Puerto Rico and Jamaica were general; one World Missions tour was the first Society-sponsored world tour. The consensus is that the best mission study is on-the-spot observation, and the tour members take every opportunity to bear witness to their new-found interest and concern.

Personnel. Mrs. J. D. Conwell succeeded Mrs. Paul Stuart in Alabama as state secretary. Mrs. Lucile Shaffer succeeded Miss Allena Grafton (retired) in Southern California, and Mrs. Greta Brown was elected state secretary in Northern California. Miss Martha Whitehead succeeded Alice Rist Langford as national program coordinator.

Missionary Education Department

Program. The area of most encouraging expansion in missionary education the past year has been that of church-wide program. The department has given added service to the local church through its world outreach chairmen and others responsible for program planning on a church-wide scale.

A new relationship with the Home and State Missions Planning Council, and the setting up in the council of a committee on world outreach, have made possible a broader base of planning program and opened the way for better program promotion and service. Visitation to college campuses where students are in training for the ministry and other church vocations has been fruitful in service to both students and faculties.

The study themes for the year, "The City" and "India, Pakistan, and Ceylon," found good response among all age groups. A study of Disciple use of materials on the annual study themes produced interdenominationally through Friendship Press indicates genuine progress in our mission study. Over a period of ten years the following increases were shown: adult materials, 79.2 per cent; youth, 100.8 per cent; children's, 108.7 per cent; total, including maps, plays, pictures, etc., 109.8 per cent.

Many leadership education projects in the field of missionary education have claimed the services of staff members.

Materials. Production during the year of general literature related to current mission studies has included: *India Portfolio*, by Donald F. West; *These, Too, the Valiant*, by Marilynne Hill, a booklet of interpretive sketches of Indian nationals; *Food from India*, a recipe book by Mildred P. Reynolds; *Disciples of Christ and Indian Americans*, by Muriel Watkins; *Clear Voices Above the Clamor*, by Marilynne Hill. *New Directions in World Missions*, a study course interpreting the world mission strategy of the Society, has been issued for use in schools of missions and as a general elective for adults and older youth. A Disciple edition of a new World Missions wall map provided through Friendship Press is an outstanding addition to our missionary education materials. There has been the usual cooperation in the planning and publishing of the annual study and supplementary materials through the Joint Commission on Missionary Education of the National Council of Churches; and the cooperation with *World Call* on features and articles related to the current studies. Other general publications have been: the annual missionary reading list, *Toward World Christianity*; the semi-annual bulletin *Memo for Ministers*; and various types of guidance materials for leaders.

Materials for age groups have included: *Children*: Units on current themes in *Junior Programs*; the weekly two-page section "Friends Around the World" in *Junior World*; missionary informational articles in Uniform Lesson quarterlies; an in-service training guide on missionary education of children; and, in collaboration with the department of audio-visual services, a filmstrip, "Visiting Friends in India." *Youth*: Units on current themes for *Fellowship* (seniors) and *PM Pack* (junior highs); World Fellowship Youth Meet and Conference materials; annual resource booklets for leaders on the year's studies; monthly program guidance in *World Call*. *Adults*: On the two study themes, program packets for Christian Women's Fellowship, two programs for Christian Men's Fellowship, discussion packets for general adult use; materials for Woman's Day which included a dramatic

piece, "Through All the Years Between," by Lois Anna Ely, helps for leaders, and a resource booklet for speakers on the theme "Partners of the Way"; Easter Week of Prayer services, *We Gather Together*, and a booklet of intercessory prayer guidance, *Thy Will Be done*, both prepared by Lois Anna Ely; monthly program guidance and missionary worship services in *World Call*.

Staff. Muriel Watkins (Mrs. Robert H.) Leach resigned as director of adult work in missionary education as of June 30, and Miss Marilynne Hill, for the past two years research associate in the department, was elected to this position. At the year's end, Miss Hill's successor had not been chosen.

Religious Education

Children's Work

Carefully chosen, skilled workers totaling 196 serve as state and district chairmen of children's work in 35 states and Canada; 142 have served more than one year, 54 are newly appointed. There are 12 employed state directors of children's work. There are 227 persons who are accredited instructors for laboratory training schools. Children's missionary giving through the Definite Object of Giving for 1955 is \$10,848.68. This is an increase of \$2,089.48 over the previous year. Children's groups participating increased from 369 to 424.

Church camping for juniors is taking its place as an accepted means of helping boys and girls grow as Christians through living together. In 1954, 44 resident camps were reported in 13 states. An increasing number of churches are holding day camps.

Youth Work

Third National Training School for Adults Working With Youth. The observation-practice procedure has proved most effective in leadership training. It was used with the 110 adult leaders of youth from 29 states and Canada who came together at Indianapolis, Indiana, to work with 115 youth from churches of that city in a ten-day laboratory school, January 18-27, 1955. Seven class groups met simultaneously throughout the day. Intermediate and senior young people came for an hour and fifteen minutes each day.

International CYF Commission and the Local CYF. The Commission was held August 22-27, 1954, at Bethany Hills Conference Grounds near Nashville, Tennessee. The 211 youth and adult leaders, representing 34 convention areas and Canada, made plans for the 1955-56 CYF program. Many of the suggested plans are incorporated into program and curriculum materials. Other emphases for local CYF groups appear in "Plans and Materials for Seniors and Older Young People" which is available free from Christian Board of Publication. The youth theme for 1954-55 was "Lift Up My Eyes."

Special CYF Worker. Mr. Paul Crow, 1955 president of the International CYF Commission, served as a special CYF worker from September 1 to December 31, 1954. He helped with planning, leadership training, and inspirational meetings on state, district, and local church levels.

Youth Missionary Activities. Youth giving for regular work of all agencies in Unified Promotion (Christian World Friendship Fund giving) totaled \$116,190.72 for 1954-55, an increase of \$21,665.26 or 23% over 1953-54 and an increase of 141% over the base year, 1949-50. During 1954-55,

2,942 groups gave to CWFF, an increase of 397 groups over the previous year.

Caribbean Youth Tour. Seven youths visited Disciple and other mission work in Cuba, Jamaica, Haiti, the Dominican Republic and Puerto Rico, June 23-July 13, 1955. Tour members and Jamaican youth redecorated the CYF room of Duke Street Church, Kingston; Puerto Rican youth joined tour members in landscaping the drive of McLean Conference Grounds.

Adult Work

During 1954 emphasis was placed on the training of leaders in adult education. Adult Observation Schools, started in 1950, had grown in number and efficiency. An enlarged, state pilot Observation School was held at Peoria, Illinois, November 14-17, 1954, with 116 in attendance including forty teachers of adult church school classes. Disciple delegates shared in the interdenominational conference at Lake Geneva, Wisconsin, in July of 1954 on Christian education and vocations.

Christian Family Life. At the close of 1954 five Family Guidance leaflets were published: *When Families Worship*, *Family Fellowship*, *The Family Learns Together*, *The Family Shares With Others*, and *Teaching About Sex in the Home*. Also, the pamphlet, *Church and Home Together*, by Florence M. Sly, was revised giving resources for Christian family life education.

In 1954 three interdenominational Community Family Life Clinics were sponsored by the Joint Department of Family Life of the National Council. In these Clinics, more than 1,000 local church family life leaders were recruited and trained.

Educational Administration. The ninth annual three-day meeting of the National Fellowship of Disciples Directors was held at Cincinnati, Ohio, in February, 1955, with 75 in attendance. Of the 132 persons attending the interdenominational workshop for directors at William's Bay, Wisconsin, in July, 1954, 33 were Disciples. The office of the national director of educational administration serves as an exchange of information concerning persons available for employment as directors of religious education for local churches. The demand greatly exceeds the supply.

The Workers' Conference Packet for 1954-55 was issued on the theme, "The Tools of Christian Education."

World Call

George Walker Buckner, Jr., Editor
222 South Downey Avenue, Indianapolis, Indiana

HISTORY AND PURPOSE

World Call was established in 1919 as an "International Magazine of Disciples of Christ." It was formed by the merging of five magazines directly related to various national boards and subsidized by them.

Seven years of preparation made possible the uniting of these five magazines and also gave a voice to four other national organizations without a regular publication. This venture in cooperation occurred a year before the forming of The United Christian Missionary Society. The organizing agency was the Men and Millions Movement.

The first editorial sentence in the first number of *World Call*, January, 1919, was:

"This magazine is meant to be a channel through which the call of the world's supreme needs and the challenge of Christ's supreme leadership may reach the people of God." In further defining its purpose it went on to say: "The world that is the church's field is not merely the geographical world. We must Christianize the whole range and content of every nation's life, especially our own. . . . *This magazine we believe to be here by God's appointment with the simple duty of making known in word and photograph the reality, scope and urgency of the world call and the progress of Christian forces in answering the call.*"

World Call is managed by the World Call Publication Committee on which there are six representatives from the various phases of work of The United Christian Missionary Society, and one each from the Council on Christian Unity, the Board of Church Extension, the Board of Higher Education, and the National Benevolent Association. The Pension Fund cooperates but has not taken membership on the Publication Committee.

Other national agencies may be admitted to membership by vote of the Publication Committee. The agencies agree to share in any deficit on a basis to be determined mutually. It has never been necessary to apply this provision.

The Editor and Chief of Staff is elected by the Publication Committee. He is in charge of editorial and circulation policies and reports to the Committee.

World Call carries no local church news. Its concern is with the total world outreach of the church in the broad sense of the term. While it deals chiefly with the work of Disciples, much space is given to the larger aspects of the Christian world. While practically all Disciple ministers subscribe to *World Call*, its typical reader is the interested and active member and lay leader of the local church.

ANNUAL REPORT

Representation: *World Call* is operated through the World Call Publication Committee on which the following boards are represented—The United Christian Missionary Society, the Board of Church Extension, the National Benevolent Association, the Board of Higher Education, the Council on Christian Unity. Virgil A. Sly is chairman and William T. Pearcey is vice-chairman of the Publication Committee.

Circulation: The average monthly circulation for the year ending June, 1955, was 68,328, a gain of 1,116 over the year before.

Finances: Receipts from advertising and subscriptions for the year ending June 30, 1955, were \$119,649.13, a loss of \$1,449.44 over the year before. For the twenty-first consecutive year *World Call* came to the end of a twelve-month period with a cash balance. On June 30, this balance amounted to \$13,983.70.

Ten Per Cent Legion: Churches which sent in subscriptions (with a minimum of ten) equal to ten per cent of their resident church membership totaled 731. There were 148 churches whose subscriptions equaled twenty per cent or more. An increase of one hundred per cent in subscriptions was made by seventy-four churches, while sixteen tripled and fourteen quadrupled subscriptions.

First Ten Churches: The following ten churches led the brotherhood in *World Call* subscriptions:

Commission on the Promotion of Christian Literature

Box 179, St. Louis 3, Mo.
"You Are What You Read"

HISTORY

The Commission on the Promotion of Christian Literature was officially established through action of the International Convention of the Disciples of Christ in 1944 when this body unanimously adopted resolution setting aside the last week in October or the first week in November to be known and observed as Christian Literature Week.

Resolution in 1950 reaffirmed its endorsement and urged that all churches of the Disciples of Christ set aside this week in the calendar of the churches for the all-important task of encouraging the reading of Christian literature in order to cultivate a more intelligent Discipleship.

The first complete report of the Commission on the Promotion of Christian Literature was made to the International Convention meeting in Miami, Florida, in 1954. This report was carried in the 1954 Year Book of the Disciples of Christ.

PURPOSE AND FUNCTION

It is the purpose and function of the Commission on the Promotion of Christian Literature, not only to promote the observance of Christian Literature Week, but to urge churches of Disciples of Christ and their membership throughout the year to follow a plan of daily Bible reading; to read more and better books and magazines, especially in the field of religion; to encourage the launching of new church libraries; to encourage subscription to religious journals, and to urge the exhibition and use of church school literature of the highest quality and Christian educational value. By such promotion it is hoped to exalt the place of Christian literature in the life of the church until it shall be considered one of the prime requisites of the church and church school.

REPORT FOR 1955

Reports received by the Commission on the Promotion of Christian Literature indicate that each year more churches observe Christian Literature Week. In 1955 almost 1,000 churches reported that they sponsored a local literature and book exhibit during this week. The Commission again provided all churches with a packet of material containing the following:

Large display poster.

Manual containing suggestions for the planning of the observance of Christian Literature Week.

A reading plan suggesting daily Bible readings and Christian books and magazines.

Three-minute talks, stressing the importance of Christian literature.

The Commission has also sponsored a book-of-the-month program, in which one well-read Disciple chooses and reviews a book each month. Our state and national journals have carried these reviews and this program is meeting with wide acceptance.

THE PROJECT OF THE YEAR

The Commission on the Promotion of Christian Literature in cooperation with the Christian Board of Publication launched a library program in 1955. By adopting this program a church secures a minimum bookshelf of books having a value of \$50.00 for \$39.50. They can also secure a basic library having an approximate value of \$200.00 for \$159.50. This is the initial step. Each year the Commission on the Promotion of Christian Literature in cooperation with the Christian Board of Publication will make

recommendations for additions to these libraries so that our churches may maintain an up-to-date ongoing library. The general objectives of this library project are, as follows:

1. Establish a library in every church.
2. Provide a training program for the librarian.
3. Maintain a continuous program after the initial library has been established, advising the library as to suitable additions as well as deletions.
4. A reading program for the church in connection with the established library.

Clerical and Mailing Expense -----	500.00
Traveling Expense -----	350.00
Contingent Expense -----	250.00
	<hr/>
	\$4,600.00

The above budget is underwritten by the Christian Board of Publication and is included among Grants in Aid of that agency to the Brotherhood.

Costs of the exhibits referred to previously in this report are also borne by the Christian Board of Publication. The value of the books included in the exhibits referred to above amounted to approximately \$71,634.00.

Books purchased through these local exhibits amounted to approximately \$24,563.00. The Christian Board of Publication advises the Commission on the Promotion of Christian Literature that they paid local churches \$2,456.30 for handling these exhibits. This amount represents a ten per cent commission on the books sold. The Christian Board further advises that the cost of providing this service over and above the profit on the books sold amounted to more than \$5,000.00 which cost was borne by the Christian Board of Publication.

**DISCIPLES OF CHRIST REPRESENTATIVES SERVING
THE NATIONAL COUNCIL OF THE CHURCHES OF CHRIST
IN THE U. S. A.**

297 Fourth Avenue, New York, New York

HISTORY AND PURPOSE

**WHAT IS THE NATIONAL COUNCIL OF THE CHURCHES OF CHRIST
IN THE U. S. A.?**

The National Council of the Churches of Christ in the U.S.A. is an interdenominational body created by 30 Protestant, Orthodox and Anglican bodies in the U.S.A., organized at Cleveland, Ohio, in December, 1950. This is the merger of 13 interdenominational organizations whose scope of work includes the total historical expression of interdenominational work in the United States.

Through staff and officers it serves its constituent bodies through missions, Christian education, social welfare, Christian society, Christian youth, men and women's work. Its headquarters are in New York City and its governing body is composed of elected representatives from the constituent denominations or brotherhoods.

It does not presume to speak for the churches, nor to be a "superchurch" to regulate any of their programs. It does, however, make pronouncements and suggests programs which may be submitted to the constituent bodies for any action or cooperation which they desire in line with the merits of such pronouncements or programs.

The National Council provides a channel by which cooperative Christianity in the United States may speak as a Christian voice to the nation on appropriate subjects. It has wide influence in counseling with government, by providing an expression of Christian conviction on many problems relating to our national life.

DISCIPLES OF CHRIST REPRESENTATIVES SERVING THE WORLD COUNCIL OF CHURCHES

**156 Fifth Avenue
New York 10, New York**

HISTORY AND PURPOSE

WHAT IS THE WORLD COUNCIL OF CHURCHES?

The World Council of Churches, whose central office is located in Geneva, Switzerland, is now represented in 47 countries and is the organizational expression of the spiritual unity of 126 Christian communions. It was officially founded in 1948 at Amsterdam.

Its fellowship includes Protestant, Anglican and Orthodox churches. Christ prayed four times for one thing; that all who believed in Him, might be ONE. The World Council was founded in obedience to that command. It is not a "superchurch" and has no jurisdiction over the church bodies associated with it. This unity recognizes differences but provides a fellowship with which diversity and unity can be recognized.

The World Council provides a means by which assistance can be given to victims of war, catastrophe or world disturbance. It also provides an institute for the training of new Christian leaders. Its departments include youth, women and laymen. Its Assemblies are held every six years.

MINISTERS' DIRECTORY

MINISTERS' DIRECTORY

The following list is unofficial and does not necessarily designate official standing in the Disciples of Christ. Ministers who did not indicate their desire to be included and whose names were not submitted by the State Secretaries are not listed.

This list was compiled from all available sources. Each name was checked for proper classification with the State Secretaries or individuals themselves. Every effort has been made to compile a complete and accurate list of all known ministers who are either (1) preaching or (2) ordained. Names without known addresses have been omitted. This list was up to date as of November 16, 1955.

NOTE: Committee on Military and Veterans Services will forward only first-class mail addressed to Chaplains at the addresses below.

Statistical Tables

PERIOD COVERING: July 1, 1954, to June 30, 1955, except as otherwise noted.

CHURCHES LISTED: those congregations which according to the best knowledge of the Year Book Office are affiliated with the religious body designated in government statistics as "Disciples of Christ." The minister designated as serving each Church is the minister of such Church at the time the Year Book went to press. Such minister may not necessarily have been serving the Church during the previous year which ended June 30, 1955.

CHURCHES are listed without regard as to white or Negro membership.

OFFERINGS which are not classified under a column are listed at the end of each State report.

EXPLANATORY NOTES:

DESIGNATED OFFERINGS: includes offerings given through Unified Promotion to any of its cooperating agencies (sometimes given direct to agency) which are not subject to division according to their percentage share of Unified Promotion funds. They are monies "over and above" the regular percentage. The National City Christian Church participates in Unified Promotion only through designated money.

TOTAL OFFERINGS: includes all monies given to all causes except local expense.

PER CAPITA GIVING: based on the total missionary giving of each church (excluding local expense).

The Church's Mission

The mission is given to the whole church. No part of its life can escape the missionary obligation and no part of the church can undertake this universal mission in isolation from the rest of the church.

The mission is to the whole world. All men are part of God's creation and all are included in the great purpose effected on Calvary.

Every Christian is a missionary. When a person is called to become a Christian he is at the same time called to a particular service in the mission of the church.

from The Strategy of World Missions.

A church should never

“beg” for funds . . . never!

This is the frank and considered opinion of the world's leading specialists in church fund-raising

THE spiritual advance that followers of Christ all over the world hope and pray for cannot come in fullest measure until it gets a *new kind of support* by the laity. It cannot come without a *revolution in our very attitude toward Christian giving.*

The concept is not “new.” It is as old as Christianity itself. It was given to the world in the Sermon on the Mount.

It is the concept of “the need of the giver to give” . . . that Christian giving is not based on “how much the church needs” but, rather, on “how much a member needs to give.”

Time and again in our work we have seen this great Christian concept almost miraculously revitalize the spiritual and financial life of a church. Time after time we have seen the “unexpected” come to pass—a church, heavily in debt, made free; a congregation, somnolent and dying, awakened to new life; an “impossible” building-fund requirement met and surpassed; “fringe” members brought back to active participation.

But we cannot be astonished that these things happen. The words of Our Lord Himself guarantee that they will. Does He not tell us, if the text may be paraphrased, that our interests will follow our dollars?

“For where your treasure is, there will your heart be also.”—MATTHEW 6:21.

Our organization is the largest of its kind in the world. We help churches solve their financial problems by creative fund-raising, not by begging. This

year we will advise over 6,000 churches regarding their financial programs and fund-raising problems, entirely without obligation. We will also take active, on-the-ground direction of more than 1,500 fund-raising canvasses—many for annual budgets only, others for capital needs. In every one of them, Christ's own concept of giving will be the Way.

You are invited to telephone at our expense any one of the offices listed below, or to mail the coupon.

Why 65,000 Churches use The Upper Room in their regular ministry

The Upper Room is a practical demonstration of World Christian Fellowship—international, interracial, interdenominational.

It is family centered, helps build family altars, strengthens family ties.

It upholds the church and its programs, supports and undergirds the minister.

It makes its way into the lives of those who have no active interest in religion.

It develops regular habits of Bible reading, prayer and meditation; comforts and strengthens, encourages and inspires.

Published bi-monthly, with devotions for each day. Price, in lots of ten or more to one address, 5 cents per copy. Yearly subscriptions, 50 cents, two years, \$1.00. Sample copy on request.

MIDWAY JUNIOR COLLEGE

Midway, Kentucky

The drawing above is the conception of Architect John F. Wilson, Lexington, Kentucky. The new dormitory is shown as it will appear on the campus.

GREATER SERVICE TO THE BROTHERHOOD

The construction of Belle Wisdom Hall will provide opportunities for 104 additional girls.

A larger enrollment will allow more efficient operation and the offering of a more varied course of study.

UNIQUE SERVICE TO THE BROTHERHOOD

Midway is operated for the benefit of capable, worthy girls from disrupted homes.

Midway is especially able to accept eligible girls who cannot afford to go to a college where cash payment of full tuition, board and room is required.

WORLD-WIDE SERVICE TO THE BROTHERHOOD

Students come from five foreign countries and eight states other than Kentucky.

AXTELL CHRISTIAN HOSPITAL

Newton, Kansas

STILL STANDS ALONE

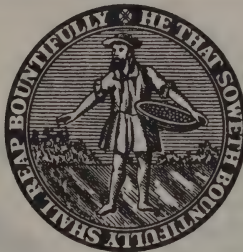

As the only general hospital in the United States owned and operated by a group of

CHRISTIAN CHURCHES

Acquired in 1925 from the estate of the late Dr. John T. Axtell, this fully equipped and expertly staffed hospital has prospered through the years under able administration, supervised by a Board of Managers composed of leading businessmen and clergymen in the Newton, Kansas area.

*Jack Freeburne, President
Board of Managers*

*Corinne Hamilton, R. N.
Administrator*

239 Years of Service

Priceless Praise

"Because it confines its operations exclusively to a select clientele, the Presbyterian Ministers' Fund enjoys a remarkably low mortality and lapse ratios. Low administrative costs, coupled with the fact that the Fund has no sales force expenses, permits extremely low net cost—in fact, the lowest of all companies, according to Best's Life Insurance Reports."

—From the Broadcast Philadelphia Insurance Underwriter's Official Magazine.

INTERNATIONAL CONVENTION COMMUNION OFFERING

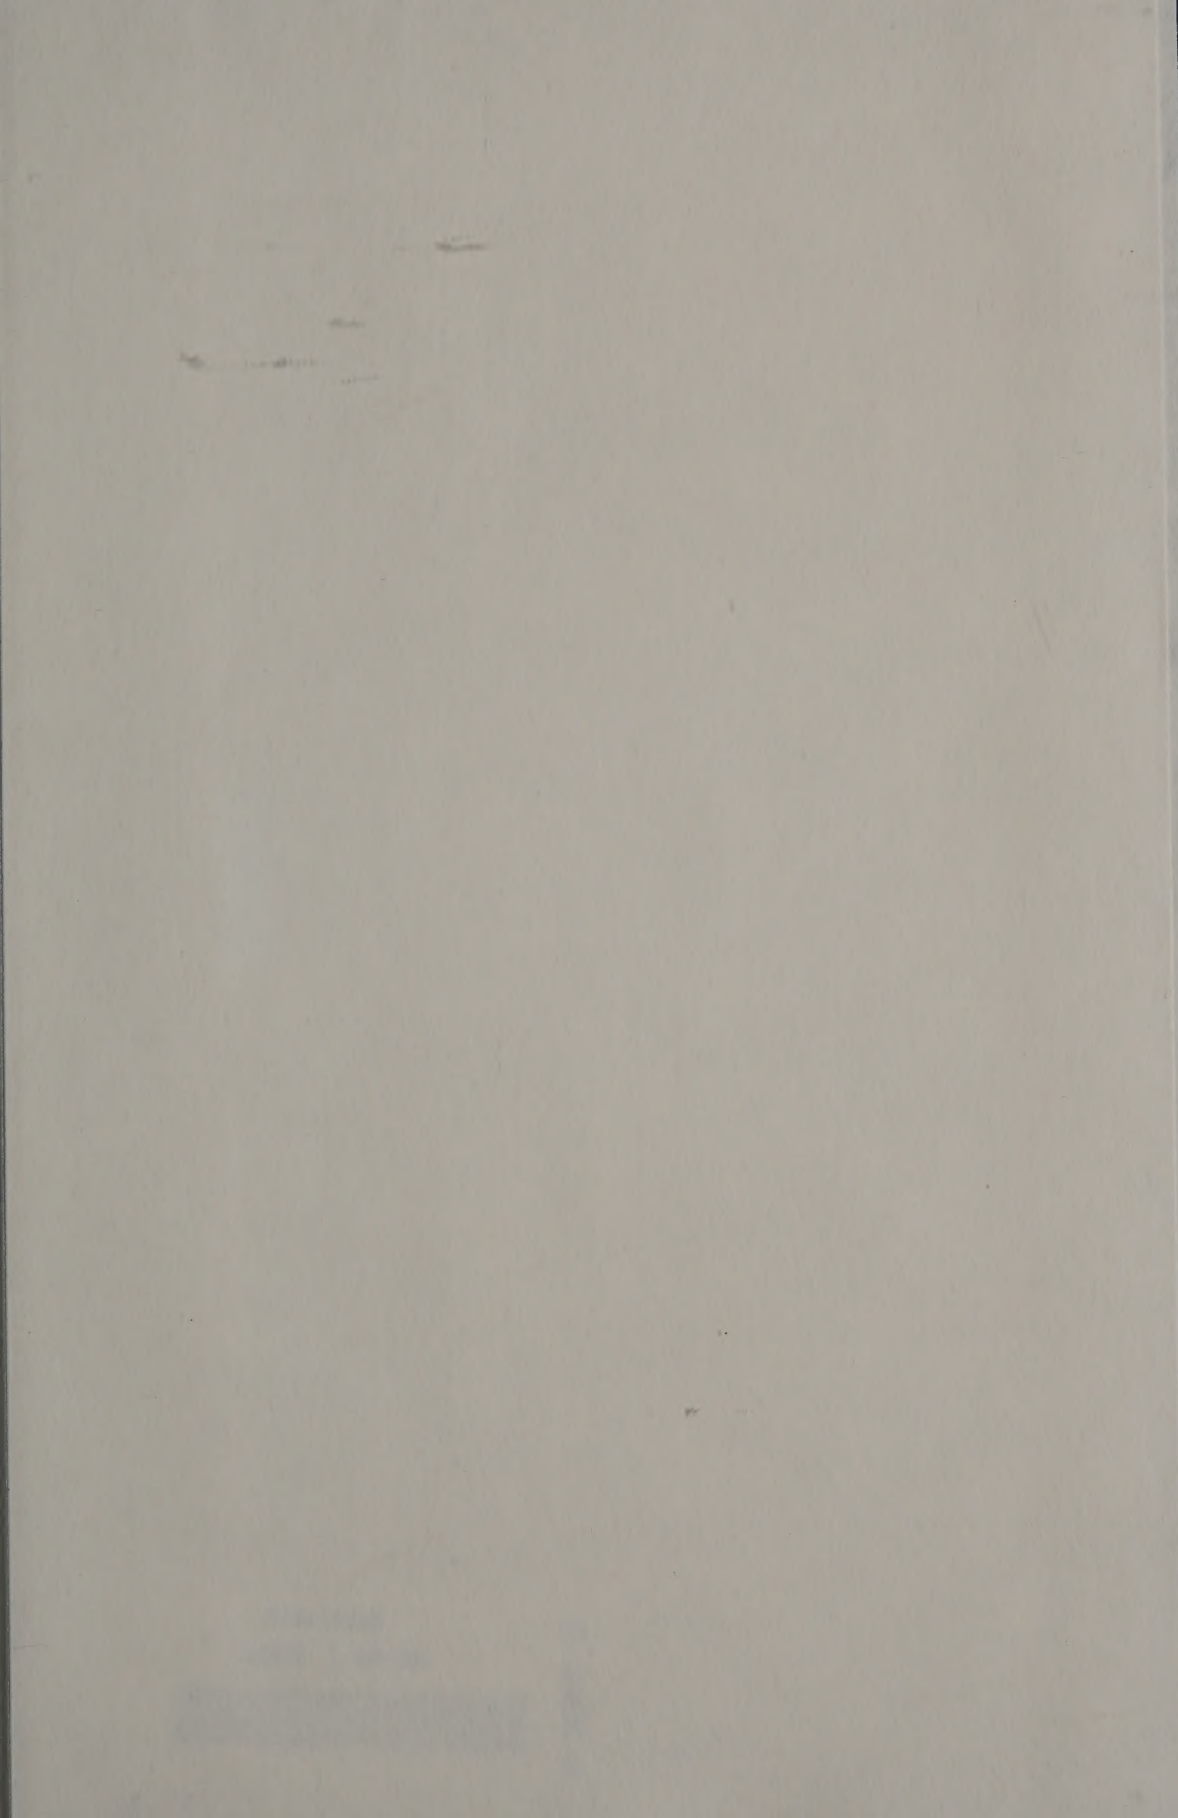

A special gift to those veteran ministers, missionaries, their wives and widows, who are on the ministerial relief roll! There are now 125 of these faithful servants of the Gospel who in yester-years did not have the opportunities of the Pension Plan. Their livelihood depends on regular monthly checks from the Pension Fund, made possible by gifts from churches and individuals. These checks are gifts—not contractual pensions.

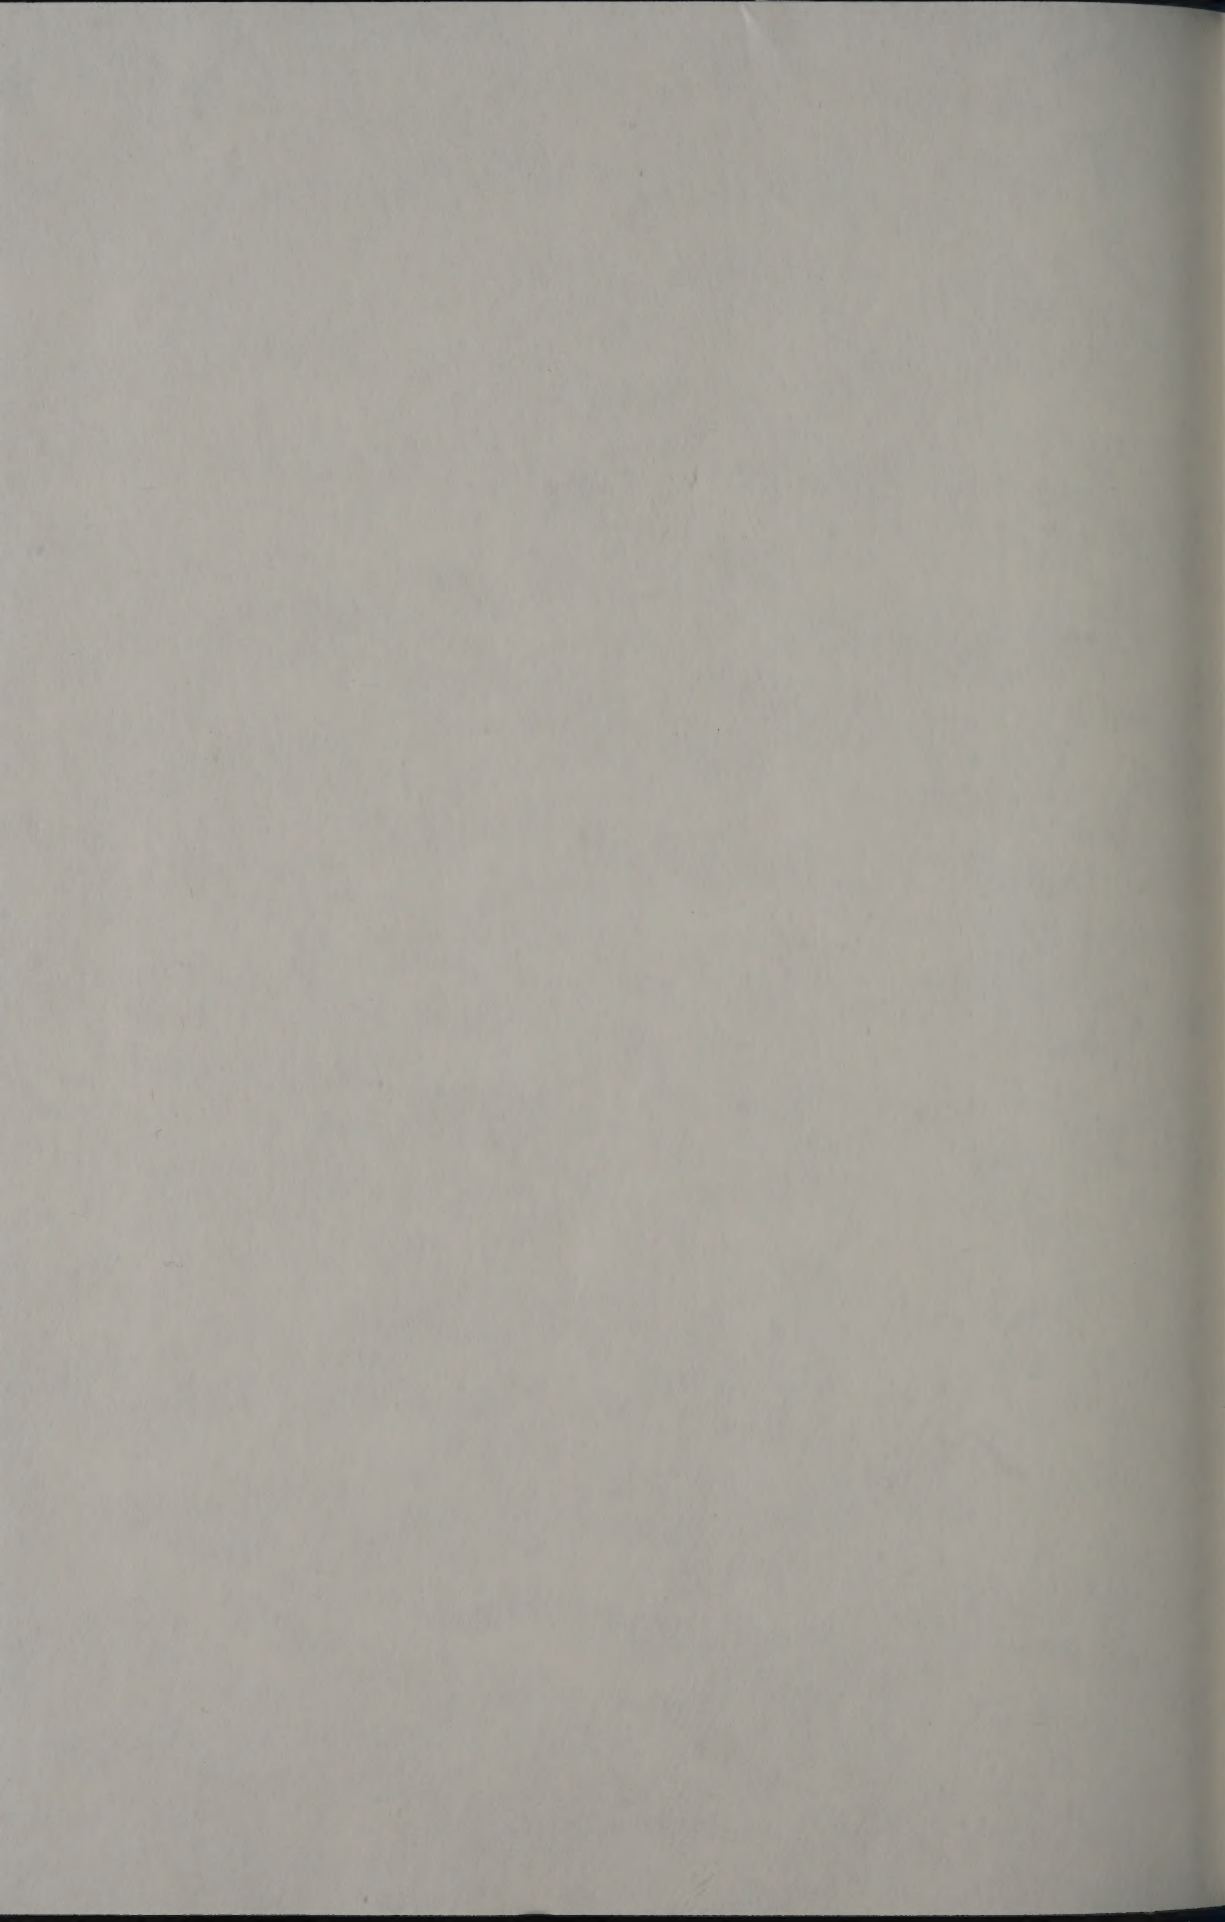

The Communion Offering, equally divided among these aged recipients, is sent “over and above” the regular gift. None of the cost of the communion service or the administration of the offering is withheld by the Convention or the Pension Fund. It is a “thank offering” from those who appreciate both the need and the service of these beloved ministers of Christ.

Gift money is also needed to supplement low pensions, grant regular ministerial relief, and provide student memberships in the Pension Plan. Your gifts, Wills and Gift Annuities reveal your concern and appreciation for these servants of the church.
